Sacred Books of the East ,1884 Peace Be with You David Carlson,2011-08-02 If revenge and retaliation are the best responses that our nation could muster after 9 11 then Jesus did not have to come live among us and preach a radical understanding of neighbor that includes the enemy David Carlson In the wake of the ten year anniversary of 9 11 as tension between Christians and Muslims rises author David Carlson seeks guidance in the modern day deserts of monastic communities across America Are Christianity and Islam destined to confront one other as clashing civilizations Peace Be with You Monastic Wisdom for a Terror Filled World clearly answers No Peace Be with You is the result of more than thirty interviews conducted with abbots nuns monks and even a Mennonite pastor who works at a Franciscan retreat center Hear the wisdom of these men and women in their own words as they speak with hope to a suffering world Follow Carlson s moving and at times difficult journey to discover a new yet ancient basis for genuine peace between Christianity and other religions especially Islam Sadly he says Jesus has been drafted into this war But Jesus as the banner carrier of Christendom

or Christian culture has from the beginning been unacceptable to me Also unacceptable is the belief that Jesus gives the Coalition Forces some advantage Jesus would neither be dressed in military khaki nor would He carry a weapon This image to others as well as me is that of a false Christ **Swimming to Freedom** Kent Wong,2021-04-27 When Kent Wong was a young boy his father a patriotic Chinese official in the customs office in Hong Kong joined an insurrection at work and returned with the family to the newly established People s Republic of China Hailed as heroes they settled in the southern city of Canton But Mao s China was dangerous and unstable with landlords executed en masse and millions dying of starvation during the Great Leap Forward **The Wanderer in Arabia** George T. Lowth,1855 **Behold the Antichrist** Delos Banning McKown,2010-12 During his long productive life the great English philosopher and exponent of utilitarianism Jeremy Bentham 1748 1832 wrote not just on political philosophy but also clandestinely on religion Under the pseudonym of Philip Beauchamp he published an attack on natural religion called Analysis of the Influence of Natural Religion on the Temporal Happiness of Mankind and under the pseudonym of Gamaliel Smith he published a book of New Testament criticism called Not Paul But Jesus In addition Bentham bravely released under his own name Church of Englandism and Its Catechism Examined a thorough biting critique of Anglican doctrine These little known works are discussed at length by philosopher Delos B McKown in this informative contribution to Bentham scholarship McKown introduces these major works on religion and then presents an extensive synopsis of each He defends Bentham against the criticisms of opponents where necessary but does not hesitate to criticize Bentham when he feels he goes astray McKown also shows how Bentham s attacks on the Christianity of his time which denigrated human life in the here and now for some imagined future postmortem state of glory fully complemented his utilitarian philosophy of the greatest happiness to the greatest number of people This thorough analysis of three little known works by one of philosophy s great minds makes an outstanding contribution to Bentham scholarship and will be of interest to humanists and philosophers of religion *Contesting Childhood* Kate Douglas,2010-01-21 The late 1990s and early 2000s witnessed a surge in the publication and popularity of autobiographical writings about childhood Linking literary and cultural studies *Contesting Childhood* draws on a varied selection of works from a diverse range of authors from first time to experienced writers Kate Douglas explores Australian accounts of the Stolen Generation contemporary American and British narratives of abuse the bestselling memoirs of Andrea Ashworth Augusten Burroughs Robert Drewe Mary Karr Frank McCourt Dave Pelzer and Lorna Sage among many others Drawing on trauma and memory studies and theories of authorship and readership *Contesting Childhood* offers commentary on the triumphs trials and tribulations that have shaped this genre Douglas examines the content of the narratives and the limits of their representations as well as some of the ways in which autobiographies of youth have become politically important and influential This study enables readers to discover how stories configure childhood within cultural memory and the public sphere **The Time of New Weather** Sean Murphy,2008-04-29 Murphy presents a vision of an America gone off
