Jews and the Wine Trade in Medieval Europe Haym Soloveitchik, 2024-05-03 Although Jews were at the centre of commercial activity in medieval Europe a talmudic ban on any wine touched by a Gentile prevented them from engaging in the lucrative wine trade Wine was consumed in vast quantities in the Middle Ages and the banks of the Rhineland hosted some of the finest vineyards in northern Europe German Jews were until the thirteenth century a merchant class How could they abstain from trading in one of the region s major commodities In time they ruled that it was permissible

to accept wine in payment of debt but forbade trading in it and they maintained that ban throughout the Middle Ages Further study in the twelfth century however led Talmudists to discover that Jews were only forbidden to profit from trading in Gentile wine if they dealt with idolaters but that trade with Christians and Muslims was permitted Nevertheless the German community refused to take advantage of this clear licence Using Jewish and Gentile sources this study probes the sources of this powerful taboo In describing the complex ways in which deeply held cultural values affect Jews engagement in the economy of the surrounding society this book also illustrates the law of unintended consequences how the ban on Gentile wine led both to a major Jewish contribution to German viticulture and to the involvement of Jews in moneylending with all its tragic consequences

Cup Overflowing Gisela H. Kreglinger, 2024-10-22 Wine is the most talked about food in the Bible and yet western Christianity has largely neglected this important biblical theme and fragrant gift of God Have you ever wondered what Jesus would drink Was his family perhaps involved in growing vines and making wine What would their family celebrations have been like And what might this tell us about God and how he wants us to live today Food and wine have become such hot topics in our culture and yet there is so much confusion and ambivalence around it as well We are so far removed from the world of the Bible and the agrarian life that it represents It is hard to envision the farms and fruit orchards the village wells and sheep herds the olive groves and vineyards that Jesus would have walked by every day Drawing on her upbringing in a long standing family tradition of winemakers and her degrees in biblical studies and spiritual theology Gisela Kreglinger introduces readers in a light hearted way to the theme of wine in the Bible throughout the history of the church and in the church s feasting and fellowship today She also addresses how many Christians are fearful or concerned about wine because of the challenges of alcohol abuse how to nurture a culture of healing from such disorders and how we are called to celebrate God s gift of wine to grow into a fuller understanding of the gospel as we await the return of the Bridegroom Jesus Christ In this book Gisela shows Christians that wine is a gift from God that we are to receive with gratitude and enjoy in wholesome communal and redemptive ways Features include Instructions for holding a wine tasting as a spiritual practice A biblical and theological reflection on the True Vine of John 15 A discussion guide for developing a healthy drinking culture

The Eminent Monk John Kieschnick, 1997-07-01 In an attempt to reconstruct an elusive aspect of the medieval Chinese imagination The Eminent Monk examines biographies of Chinese Buddhist monks from the uncompromising ascetic to the unfathomable wonder worker While analyzing images of the monk in medieval China the author addresses some questions encountered along the way What are we to make of accounts in eminent monk collections of deviant monks who violate monastic precepts Who wrote biographies of monks and who read them How did different segments of Chinese society contend for the image of the monk and which image prevailed By placing biographies of monks in the context of Chinese political and religious rhetoric The Eminent Monk explores both the role of Buddhist literature in Chinese history and the monastic imagination that inspired this literature

Taplin,2021-06-15 This book examines how Napa became a pre eminent site for the production of great and sometimes iconic wines in a short space of time Unlike its Old World counterparts whose development took place over centuries Napa s inception didn t start until the beginning of the 19th century and even then struggled to identify appropriate grape varieties and find a market for such wine only to be frustrated when Prohibition occurred in the early 20th century and practically shut down the industry It was in the 1960s that winegrowing would re emerge on a scale and quality that began to be noticed by informed critics and neophyte consumers In the following decades critical information sharing networks of owners and winemakers emerged facilitating a collective organization learning that fostered a commitment to quality and consistency that would cement Napa s reputation During these decades technical skills were embraced institutional support harnessed and demand for premium wine in America grew This book is a story about this evolving wine market about how key individuals were able to shape its organization and build a brand that would increasingly be identified as amongst the best in the world It starts with an early discussion of what constitutes quality and how wine has been evaluated over the centuries and ends by exploring Napa s apotheosis and the current critical issues facing the industry in that area Monks and Their Decline George Zurcher,1898 Flans and Wine David Snowden,2015-07-18 A collection of 70 fourteenth century recipes from the Cellarer s accounts of Evesham Abbey ready to cook today **The Letters of Abelard and Heloise** Peter Abelard,1925 **The prophet of Nazareth; or, A critical inquiry into the prophetic, intellectual and moral character of Jesus Christ, essay** Evan Powell Meredith,1861 Inventing Wine Paul Lukacs,2012-12-03 Lukacs chronicles wine s transformation from a source of sustenance to a consciously pursued pleasure in the process offering a new way to view the present as well as the past **Larousse Wine** David Cobbold,Sebastian Durand-Viel,2018-08-02 An expert guide to wine from the publishers of Larousse Gastronomique This completely new and updated edition offers wide ranging coverage of the key wine producing regions of the world with particular reference to French vineyards A short history and analysis of each region is followed by a survey of the types of wines produced the specific properties that make the region unique and the appellations of the area New to this edition are more than 60 features on key wine producers around the world affording a fascinating insight into what is involved in high quality wine making Boxes and features throughout also cover a vast range of subjects such as how to read a wine label and whether to decant wine through to organic wine growing and bio dynamics
