Ed,2004 *California Historical Quarterly* ,1968 *Hierophantic Landscapes* Richard Leviton,2011-09-26 The Earth is
poised to make a great disclosure Its a hierophant But whats a hierophant A person who reveals the holy light But it can also
be a landscape or a planet And whats the holy light It is the structure of reality and consciousness a map of the heavenly
realms the engineering blueprint of Creation Some people call this imminent disclosure the Apocalypse and run for cover But
that is mistaken Apocalypse means the revelation of the divine revelation It means the end of our picture of the world as we
know it The world itself will be fine even better than fine Splendid Illumined The Architect of reality lays down His cards face
up and you see the whole deck Here is the truth of yourself and the Earth How will this disclosure work What we call sacred
sites and holy landscapes will start revealing themselves in full to us in all their geomantic and visionary richness Thats the
inner patterning of their design their arrays of Light temples and subtle palaces primed for our visionary adventures and
edification The Earth needs us to have these adventures and visions because thats how we keep the planet healthy
Hierophantic Landscapes visits five landscapes from Norway and England to California and Mexico providing firsthand
reports on the visions and adventures of a small band of geomancers as they seek to unravel the mysteries of the Earth
Maybe not such a small band because along the way we encounter angels landscape devas Nature Spirits and otherworldly
mentors and revel in vistas of the ancient past of the Earth when that revelation was as fresh as a sunrise as it will soon be
again
