The Ultimate Scene and Monologue Sourcebook, Updated and Expanded Edition Ed Hooks, 2007-10-16 All actors and acting teachers need *The Ultimate Scene and Monologue Sourcebook*, the invaluable guide to finding just the right piece for every audition. This remarkable book describes the characters' action and mood for more than 1,000 scenes in over 300 plays. This unique format is ideal for acting teachers who want their students to understand each monologue in context. Newly revised and expanded, the book also includes the author's own assessment of each monologue.

Historical Dictionary of Lesbian Literature Meredith Miller, 2006 This *Historical Dictionary of Lesbian Literature* serves two primary functions: to provide further information to those already familiar with the field and to explain it to those discovering it for the first time. A chronology provides a historical perspective, an introduction gives a general yet detailed overview, and the dictionary contains several hundred cross-referenced entries on important writers such as Sappho, Colette, and Mary Wollstonecraft, styles, themes, literary movement, publishers, and outstanding works of the genre. Completed by an extensive bibliography, this book examines the factors influencing the development of the lesbian identity as an interaction between readers and writers of all kinds of literature.
