Monroe Doctrine 18231826

Brandon Mills

Monroe Doctrine 1823-1826:

The Monroe Doctrine, 1823-1826 Dexter Perkins, 1927 *The Monroe Doctrine, 1823-1826* Dexter Perkins, 1927 *A Bibliography of the Monroe Doctrine 1919-1929* Phillips Bradley, 1929 **The American Union and the Problem of Neighborhood** James E. Lewis Jr., 2000-11-09 In this book James Lewis demonstrates the centrality of American ideas about and concern for the union of the states in the policymaking of the early republic For four decades after the nation's founding in the 1780s he says this focus on securing a union operated to blur the line between foreign policies and domestic concerns Such leading policymakers as Thomas Jefferson James Madison James Monroe John Quincy Adams and Henry Clay worried about the challenges to the goals of the Revolution that would arise from a hostile neighborhood whether composed of new nations outside the union or the existing states following a division of the union At the center of Lewis's story is the American response to the dissolution of Spain's empire in the New World from the transfer of Louisiana to France in 1800 to the independence of Spain's mainland colonies in the 1820s The breakup of the Spanish empire he argues presented a series of crises for the unionist logic of American policymakers leading them finally to abandon a crucial element of the distinctly American approach to international relations embodied in their own federal union **Neighboring Adversaries** Michael J. LaRosa, Frank O. Mora, 2007 Providing a balanced and interdisciplinary interpretation this comprehensive reader traces the troubled U.S. Latin American relationship from the beginning of the nineteenth century to the post 9/11 period Thoroughly revised and updated the second edition includes original essays on critical issues such as immigration and the environment In addition a new section helps students understand the most important themes and topics that unify and divide the United States and Latin American nations today The readings are framed by the editors' opening chapter on the history of the relationship part introductions and abstracts for each selection Methodologically interdisciplinary yet comparative and historical in organization and structure this collection will benefit students and specialists of Latin America's complex historical social and political relationship with its northern neighbor *A Companion to Latin American History* Thomas H. Holloway, 2011-03-21 The Companion to Latin American History collects the work of leading experts in the field to create a single source overview of the diverse history and current trends in the study of Latin America Presents a state of the art overview of the history of Latin America Written by the top international experts in the field 28 chapters come together as a superlative single source of information for scholars and students Recognizes the breadth and diversity of Latin American history by providing systematic chronological and geographical coverage Covers both historical trends and new areas of interest **The Constitutional Roles of Congress and the President in Declaring and Waging War** United States. Congress. Senate. Committee on the Judiciary, 1991 **Nightmare Envy and Other Stories** George Blaustein, 2018 What has it meant to be an Americanist What did it mean to be an Americanist through fascism war and occupation *Nightmare Envy and Other Stories* is a study of Americanist writing and institutions in the 20th century Four chapters trace four routes

through the mid twentieth century The first chapter is the hidden history of American Studies in the United States Europe and Japan The second is the strange career of national character in anthropology The third is a contest between military occupation and cultural diplomacy in Europe The fourth is the emergence and fate of the American Renaissance as the scholar and literary critic F O Matthiessen carried a canon of radical literature across the Iron Curtain Each chapter culminates in the postwar period when the ruin of postwar Europe led writers and intellectuals on both sides of the Atlantic to understand America in new ways Many of our modern myths of the United States and Europe were formed in this moment Some saw the United States assume the mantle of cultural redeemer Others saw a stereotypical America rich in civilization but poor in culture overtake a stereotypical Europe rich in culture and equally rich in disaster Drawing on American and European archives the book weaves cultural intellectual and diplomatic history with portraits of Matthiessen Margaret Mead Ruth Benedict David Riesman Alfred Kazin and Ralph Ellison It excavates the history of the Salzburg Seminar in American Civilization where displaced persons former Nazis budding Communists and glad handing Americans met on the common ground of American culture Others found keys to their own contexts in American books reading Moby Dick in the ruins Nightmare Envy and Other Stories chronicles American encounters with European disaster European encounters with American fiction and the chasms over which culture had to reach [List of References on the History of the United States](#)

Thomas Powderly Martin,1924 **The World Colonization Made** Brandon Mills,2020-10-23 According to accepted historical wisdom the goal of the African Colonization Society ACS founded in 1816 to return freed slaves to Africa was borne of desperation and illustrated just how intractable the problems of race and slavery had become in the nineteenth century United States But for Brandon Mills the ACS was part of a much wider pattern of national and international expansion Similar efforts on the part of the young nation to create in Thomas Jefferson s words an empire of liberty spanned Native removal the annexation of Texas and California filibustering campaigns in Latin America and American missionary efforts in Hawaii as well as the founding of Liberia in 1821 Mills contends that these diverse currents of U S expansionism were ideologically linked and together comprised a capacious colonization movement that both reflected and shaped a wide range of debates over race settlement citizenship and empire in the early republic The World Colonization Made chronicles the rise and fall of the colonization movement as a political force within the United States from its roots in the crises of the Revolutionary era to its peak with the creation of the ACS to its ultimate decline with emancipation and the Civil War The book interrogates broader issues of U S expansion including the progression of federal Indian policy the foundations and effects of the Monroe Doctrine and Manifest Destiny and the growth of U S commercial and military power throughout the Western hemisphere By contextualizing the colonization movement in this way Mills shows how it enabled Americans to envision a world of self governing republics that harmonized with racial politics at home **Master American History in 1 Minute A Day** Dan Roberts,2019-05-01 Become a US trivia whiz with this crash course through four centuries of change

rebellion conflict and triumph in the United States Where was America's lost colony What tipped the balance in the Civil War
 Were there second thoughts about dropping the atomic bomb Acclaimed historian Dan Roberts host of radio's *A Moment in
 Time* takes readers on a bite-sized romp through five hundred years of American history With just one minute a day you can
 master all the essential facts of America's founding Civil War world conflicts domestic transformations and more Packed with
 full-color photographs paintings and lively mini-essays *Master American History in 1 Minute a Day* is the perfect armchair
 companion for history lovers and history learners alike **Review of the War Powers Resolution** United States. Congress.
 House. Committee on Armed Services. Subcommittee on Investigations, 1991 *We May Dominate the World* Sean A
 Mirski, 2023-06-27 Kirkus 100 Best Non-Fiction Books of 2023 Finalist for the Council on Foreign Relations Arthur Ross Book
 Award What did it take for the United States to become a global superpower The answer lies in a missing chapter of
 American foreign policy with stark lessons for today The cutthroat world of international politics has always been dominated
 by great powers Yet no great power in the modern era has ever managed to achieve the kind of invulnerability that comes
 from being completely supreme in its own neighborhood No great power that is except one the United States In *We May
 Dominate the World* Sean A Mirski tells the riveting story of how the United States became a regional hegemon in the
 century following the Civil War By turns reluctant and ruthless Americans squeezed their European rivals out of the
 hemisphere while landing forces on their neighbors' soil with dizzying frequency Mirski reveals the surprising reasons behind
 this muscular foreign policy in a narrative full of twists colorful characters and original accounts of the palace coups and
 bloody interventions that turned the fledgling republic into a global superpower Today as China makes its own run at
 regional hegemony and nations like Russia and Iran grow more menacing Mirski's fresh look at the rise of the American
 colossus offers indispensable lessons for how to meet the challenges of our own century *The Routledge Handbook of
 American Military and Diplomatic History* Christos G. Frentzos, Antonio S. Thompson, 2014-09-15 The Routledge Handbook of
 American Military and Diplomatic History provides a comprehensive analysis of the major events conflicts and personalities
 that have defined and shaped the military history of the United States This volume The Colonial Period to 1877 illuminates
 the early period of American history from the colonial warfare of the 17th century through the tribulations of Reconstruction
 The chronologically organized sections each begin with an introductory chapter that provides a concise narrative of the
 period and highlights the scholarly debates and interpretive schools of thought in the historiography followed by topical
 chapters on issues in the period Topics covered include colonial encounters and warfare the French and Indian War the
 American Revolution diplomacy in the early American republic the War of 1812 westward expansion and conquest the
 Mexican American War the Civil War and Reconstruction With authoritative and vividly written chapters by both leading
 scholars and new talent this state-of-the-field handbook will be a go-to reference for every American history scholar's
 bookshelf *International Law; a Treatise* Lassa Francis Lawrecne Oppenheim, 1928 **International Law: Peace** Lassa

Oppenheim,1928 **American Statesmen** Edward Mihalkanin,2004-08-30 The Secretary of State is in charge of defining and implementing U S foreign policy While that role has weakened some over the past 50 years a mere roll call of illustrious past Secretaries of State invokes the position s importance Thomas Jefferson Henry Kissinger John Quincy Adams William Jennings Bryan Henry Clay James Madison George C Marshall George Schultz and Daniel Webster are just a few of the Secretaries profiled within these 65 entries Arranged A to Z each essay is multifaceted offering information personal professional and political The majority of each piece deals with foreign policy ideas before he or she became the Secretary what American foreign policy was like while in office and the major foreign policy issues during tenure Each piece concludes with a concise and useful bibliography A unique look at U S foreign policy making and diplomacy through the experience of the person whose job is to craft and implement it Each secretary s early life and background are included as is his or her education and influences Careers before becoming Secretary of State are detailed as are expressions of ideas relating to U S foreign policy prior to appointment Then the piece examines his tenure in office itself from appointment as secretary to relations with the President Cabinet and Congress Most importantly the major foreign policy issues of the day are given a thorough going over Finally the circumstances of leaving office a post career summary and then a general assessment of his or accomplishments and shortcomings as secretary **The American Historical Review** John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1925 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research [A Companion to John Adams and John Quincy Adams](#) David Waldstreicher, 2013-05-06 A Companion to John Adams and John Quincy Adams presents a collection of original historiographic essays contributed by leading historians that cover diverse aspects of the lives and politics of John and John Quincy Adams and their spouses Abigail and Louisa Catherine Features contributions from top historians and Adams scholars Considers sub topics of interest such as John Adams role in the late 18th century demise of the Federalists both Adams presidencies and efforts as diplomats religion and slavery Includes two chapters on Abigail Adams and one on Louisa Adams *The Cambridge History of American Foreign Relations: Volume 1, The Creation of a Republican Empire, 1776-1865* Bradford Perkins, Walter LaFeber, Akira Iriye, Warren I. Cohen, 1995-03-31 Tracing American foreign relations from the colonial era to the end of the Civil war this volume describes and explains in the diplomatic context the process by which the United States was born transformed into a republican nation and extended into a continental empire
