**Taiwan: A New History** Murray A. Rubinstein, 2024-11-01 This book explores Taiwan's development from its formal beginnings as a political entity to a home for a Ming loyalist regime to a Ching prefecture and province to its half century as a Japanese possession and to fifty years as the home of the Kuomintang controlled Republic of China , *Banaras* Bela Bhatia, 2024-05-30 There is a time when we are growing but we merely grow and a time when we start understanding how things around us function Some things make sense and some don't and we begin to ask why Suddenly life takes on a meaning and we start searching for more meanings Over the course of more than three decades Bela Bhatia's work and concerns have brought her face to face with the harsh nature of people's lives in India's forgotten country the hamlets villages and slums and the oppressive forces that rule and ruin the lives of Dalits Adivasis bonded labourers women and other downtrodden groups She has also witnessed how their everyday lives are pockmarked with violence and the brutality often organized they face when they resist India's Forgotten Country captures Bela's early years as an activist in rural Gujarat her research on the Naxalite movement her investigations of violations of democratic rights in different regions and her recent years dealing with the ongoing conflict between the state and Maoists in Bastar The essays build on first hand investigations conducted in states ranging from Bihar and Telangana to Rajasthan and Nagaland besides Kashmir People such as Deepa Musahar Kaliben Muchaki Sukadi Zarifa Begum Tareptuba and others have ample space in this book to speak for themselves These essays are stories of life death and despair but also serve as inspiring accounts of resistance resilience courage and hope Taiwan Murray A. Rubinstein, 2007 This is a comprehensive portrait of Taiwan It covers the major periods in the development of this small but powerful island province nation The work is designed in the style of the multi volume Cambridge History of China

**The Caravan** Delhi Press Magazines, 2019-01-10 As India enters an election year the ruling Bharatiya Janata Party looks as invincible as the Congress once looked in the first few decades after Independence Many believe that the only way a regime change can be effected is if political parties in the opposition come together to form a mahagathbandhan or a grand coalition As the opposition faces the arduous task of uniting disparate interests and ideologies there is much they can learn from the story of Ram Manohar Lohia the first architect of coalition politics in India Also in this issue Bela Bhatia on what really happened in the Nulkatong encounter Hartosh Singh Bal on how caste trumped class in the state elections Himanshu on why the Modi government is obscuring data on unemployment Yogendra Yadav on what the Modi government has done to farmers Gabriele Cecconi on the environmental crisis unfolding in the world's largest refugee camp Sara Rai on her journey out of and into language *A Continent Erupts: Decolonization, Civil War, and Massacre in Postwar Asia, 1945-1955* Ronald H. Spector, 2022-08-23 A Foreign Affairs Best Book of 2022 Marvelous Spector's gripping book helps us to understand why the legacy of these conflicts is still with us today Sheila Miyoshi Jager New York Times Book Review The end of World War II led to the United States emergence as a global superpower For war ravaged Western Europe it marked the beginning of

decades of unprecedented cooperation and prosperity that one historian has labeled the long peace Yet half a world away in China Indonesia Vietnam Korea and Malaya the fighting never really stopped as these regions sought to completely sever the yoke of imperialism and colonialism with all too violent consequences East and Southeast Asia quickly became the most turbulent regions of the globe Within weeks of the famous surrender ceremony aboard the U S S Missouri civil war communal clashes and insurgency engulfed the continent from Southeast Asia to the Soviet border By early 1947 full scale wars were raging in China Indonesia and Vietnam with growing guerrilla conflicts in Korea and Malaya Within a decade after the Japanese surrender almost all of the countries of South East and Southeast Asia that had formerly been conquests of the Japanese or colonies of the European powers experienced wars and upheavals that resulted in the deaths of at least 25 million combatants and millions of civilians With A Continent Erupts acclaimed military historian Ronald H Spector draws on letters diaries and international archives to provide for the first time a comprehensive military history and analysis of these little known but decisive events Far from being simply offshoots of the Cold War as they have often been portrayed these shockingly violent conflicts forever changed the shape of Asia and the world as we know it today [A Checklist of Vietnam War Literature](#) ,1994

**Great Lost Albums** Mark Billingham,David Quantick,Martyn Waites,Stav Sherez,2014-09-25 We can all name the classic rock and pop albums of the last fifty years But what about the great lost albums The albums that fell behind the back of the musical sofa The albums that in a very real sense have been completely made up by the authors of this book It took a bestselling crime writer or three to hunt down these fifty lost classics and an award winning TV comedy scriptwriter to buy them a pint and make them write it From the 60s to the 00s with track listings and full histories Great Lost Albums reveals the recordings that just perhaps never existed but really should have done Albums include Bob Dylan s legendary collaboration with Liberace Joy Division s musical theatre period Coldplay s IKEA Sessions including Conscious Uncoupling See Leaflet for Details and In my Place There s a Lovely HEMNES Shelving System The Who s magisterial abandoned rock opera Bingo Wizard Kraftwerk s hastily deleted Christmas album featuring the melancholic classic I Wish to Return this Item and many many more [The New Babel](#) Leonard Schwartz,2016-07-01 The New Babel Toward a Poetics of the Mid East Crises evokes and investigates from a Jewish American perspective and in the forms of poetry essays and interviews the Israeli Palestinian conflict America s involvement as both perpetrator and victim of events in the Middle East and Afghanistan and the multiple ways that poetics can respond to political imperatives The poems range from the immediately lyrical to the experimental forms of the Apple Anyone Sonnets series which relies heavily on the Arabic but has Shakespeare as its scaffolding In the essays Schwartz calls on the power of poetry and of some of the great poets in the Arabic Jewish and American traditions to help rethink the battle lines of the contemporary Mid East with the Jewish philosopher Martin Buber looming large The interviews provide Schwartz s discussions with Israeli poet and activist Aharon Shabtai political philosopher Michael Hardt and the late great American poet Amiri Baraka In these creative analytical and

conversational moments Leonard Schwartz rethinks the battle lines of the contemporary Middle East and calls on the power of language as the essence of our humanity endlessly fluid but also the source of an intentional confusion there is a necessity to counter

**Massacre at Amritsar** Rupert Furneaux, 2022-09-01 First published in 1963 Massacre at Amritsar recreates the terrible scene of the Jallianwala Bagh from the stories of eyewitnesses and survivors General Dyer's action at Amritsar on April 13 1919 flared up into one of the most heated political and moral controversies of 20th century Was he right in firing without warning on the group which had gathered in defiance of his orders And in continuing to fire after they had started to disperse Did he thereby save Punjab from worse bloodshed and all India perhaps from a second Mutiny Or did he commit a cold blooded purposeless massacre for which no excuse was possible The Army which had condoned his act on his first explanation could not stomach his arrogant replies at the enquiry The Government of India described Dyer's act as monstrous And perhaps more than any other single factor the massacre consolidated Indian opinion behind the campaign for independence Yet a large section of the British public backed Dyer a huge subscription was raised for him and the House of Lords exonerated him This book examines the circumstances that led up to the massacre and the deplorable actions that followed it and offers a new solution to the enigma of Dyer's mind making it an important read for students of history South Asian studies area studies and for the people of any erstwhile colonized nation

**Monsoon Massacre** Jack Hawkins, 1988 After a resupply mission to a hot firing zone Sgt Brody's chopper is forced down in a monsoon When the men of the Air Cav take refuge in a peaceful Vietnamese village it soon comes under siege by VC and NVA soldiers Brody and his men vow never to be taken alive as they face their last stand

*Riverine Slaughter* Jack Hawkins, 1989 This exciting Vietnam series features the first air cavalry high tech chopper warriors that changed the face of the jungle war and brought America's awesome firepower to the heart of Charlie's steaming hell

*The My Lai Massacre in American History and Memory* Kendrick Oliver, 2006 This book examines the response of American society to the My Lai massacre and its ambiguous place in American national memory The author argues that the massacre revelations left many Americans untroubled It was only when the soldiers most immediately responsible came to be tried that opposition to the conflict grew for these prosecutions were regarded by supporters of the war as evidence that the national leaders no longer had the will to do what was necessary to win
