Monster Butler:

The Monster Butler Allan Nicol, 2011-03-31 Archibald Hall was one of Scotland's most enigmatic criminals. A man of multiple personae, Hall was more widely known as Roy Fontaine, the Monster Butler, who murdered five people, including his own brother. After his convictions for murder in both Scotland and England in 1978 and with talk of a film of his life story, Hall took the opportunity to glamourise his past in books and magazines. What can be unravelled from his web of lies, though, is that he began the sinister transformation into Roy Fontaine, the gentleman butler, ready to seduce, steal, and deceive after effecting a more refined accent and studying etiquette and the aristocracy whilst serving his many jail terms. But how does a man go from thief to killer? Was he always destined to be an unfeeling, cold-blooded murderer? Or was he simply a desperate man obsessed with making a fortune by any means? And what could have influenced his bizarre outlook on life? These are the questions Allan Nicol examines in this illuminating new account of **The Monster Butler**.

The Monster Butler Norman Lucas, Philip Davies, 1979 **CELT** Wayne Marinovich, 2014-01-20 Lord Francis Butler ruthlessly leads a group of billionaire businessmen in their quest to control the last of the planet's resources. Driven on by the discovery of a methane release that could alter the world's sea level with catastrophic consequences, they will stop at nothing to secure their wealth and fortunes. Will their actions help the world to preserve the remaining resources, or are their motives more sinister? Sergeant Kyle Gibbs is a disgruntled Scotsman who, after serving as an SAS team leader for a now disintegrating British Government, jumps at the opportunity to become a mercenary for this secret Billionaires Club. After a failed incursion into an oil-rich country, Gibbs and his team are left at the mercy of the African Continent as they scramble to get back to England and find out which one of their paymasters set them up to fail. With the initial signs of climate change affecting London, they race through the poverty-stricken city streets trying to expose the traitor.

Bubbleball Ben Golliver, 2021-05-04 A captivating account of the NBA's strangest season ever, from shutdown to championship, from a prominent national basketball writer living inside the bubble. When NBA player Rudy Gobert tested positive for COVID-19 in March 2020, the league shut down immediately, bringing a shocking sudden pause to the season. As the pandemic raged, it looked as if it might be the first year in league history with no champion. But four months later, after meticulous planning, twenty-two teams resumed play in a bubble at Disney World, a restricted single-site locale cut off from the outside world. Due to health concerns, the league invited only a handful of reporters who were required to sacrifice medical privacy, live in a hotel room for more than three months, and submit to daily coronavirus testing in hopes of keeping the bubble from bursting. In exchange for the constant monitoring and restricted movement, they were allowed into a basketball fan's dream with a courtside seat at dozens of games in nearly empty arenas. Ben Golliver, the national NBA writer for *The Washington Post*, was one of those allowed access. **Bubbleball** is his account of the season and life inside, telling the story of how basketball bounced back from its shutdown, how players staged headline-grabbing social justice protests, and how Lakers star LeBron James chased his fourth ring in unconventional and

unforgettable circumstances Based on months of reporting in the exclusive confined environment this is an entertaining record of an extraordinary season
