Earliest Accounts to the Latter Half of the Nineteenth Century S. Austin Allibone, 1891 **Roll to Hit Harry Slater**, 2025-08-30 It might be unauthorized but this book sure is comprehensive This isn't just a book about a game The author focuses on the people who created it and expanded it over the decades as well as the people whose contributions have been hidden in the shadows A richly detailed exciting and frequently surprising history Booklist Roll to Hit An Unofficial History of Dungeons and Dragons is a deep dive into the story behind the world's most popular tabletop roleplaying game From its humble beginnings in a basement in a house in a small town in Wisconsin through the Satanic Panic and the boom and bust of the 90s all the way to a modern resurgence that has seen the game become a true pop culture phenomenon the book tells the tale of the people who have shaped D D through every step of its development But more than that it's a story of leaps of imagination of shocking circumstances and tragedies of conflicts and comings together both on the table and off From HG Wells playing with toy soldiers to multi million dollar movie deals from early war simulations to crazy homebrew campaigns the book explores the history of D D and asks why even after all this time its name remains a shorthand for the tabletop roleplaying experience As Dungeons Dragons reaches its fiftieth birthday and with the game is as popular as it's ever been regular players old school gamers and newcomers are going to find something here to excite and entice After all without them without the players there'd be no Dungeons Dragons at all Theology, Religion, and Dungeons & Dragons

Scott Donahue-Martens, Brandon Simonson, 2024-12-15 On its 50th anniversary the tabletop role playing game Dungeons Dragons D D has found renewed popularity and a generally positive representation in popular culture Reflecting on these fifty years of development and history and looking forward to D D s bright future Theology Religion and Dungeons Dragons Explorations of the Sacred through Fantasy Worlds explores the intersection of D D with the academic disciplines of Theology and Religious Studies From Tolkien s notion of sub creation to pedagogical ponderings on hell readers will uncover deeply theological and religious aspects of Dungeons Dragons in this volume Unlike some during the so called Satanic Panic the authors of this volume embrace D D as spiritually and theologically formative Discussions on alignment and campaign settings like Dark Sun and Ravenloft foreground notions of interrelating and wellbeing and reflections on communal conceptions of canon and spiritual formation chart paths forward by understanding historical realities This volume responds to growing interest in the academic study of tabletop role playing games in general and D D in specific and it addresses pressing issues in the academic disciplines of Theology and Religious Studies

Radicalism and Dissent in the World of Protestant Reform

VolkswagenStiftung,,German Historical Institute, Library,Bridget Heal,Anorthe Wetzel,2017-04-03 This volume of essays explores the themes of radicalism and dissent within Protestantism The comparisons highlight the contingent nature of particular settlements and narratives and reveal the extent to which the definition of religious radicalism was dependent upon immediate context and show that radicalism and dissent were truly transnational phenomena The historiography of the so called radical reformation has been unduly shaped by the hostile categories imposed by mainstream or magisterial reformers during the sixteenth and seventeenth centuries This volume argues that scholars should adopt an open ended understanding of evangelical reform and recognize that the boundaries between radicalism and its opposite were not always firmly drawn The distinction between the two is an inheritance of the Lutheran Reformation of the 1520s which shaped not only the later course of the Reformation in the Holy Roman Empire but also attitudes towards and writings on religious dissent in the Netherlands and England Radical critique is immanent within mainstream Protestantism in a faith that emphasizes the power of the gospel with its unrelenting demands
