, 2023-09-24 This edition of Double Edge Magazine is our Entertainment edition which features an exclusive inside look at the cinematography story plot and the box office closing of the movie The Monster Squad **Horror Films for Children** Catherine Lester, 2021-10-21 Children and horror are often thought to be an incompatible meeting of audience and genre beset by concerns that children will be corrupted or harmed through exposure to horror media Nowhere is this tension more clear than in horror films for adults where the demonic child villain is one of the genre's most enduring tropes However horror for children is a unique category of contemporary Hollywood cinema in which children are addressed as an audience with specific needs fears and desires and where child characters are represented as sympathetic protagonists whose encounters with the horrific lead to cathartic subversive and productive outcomes Horror Films for Children examines the history aesthetics and generic characteristics of children's horror films and identifies the horrific child as one of the defining features of the genre where it is as much a staple as it is in adult horror but with vastly different representational interpretative and affective possibilities Through analysis of case studies including blockbuster hits Gremlins cult favourites The Monster Squad and indie darlings Coraline Catherine Lester asks what happens to the horror genre and the horrific children it represents when children are the target audience **Monster Squad 1** Heath Stallcup, 2019-11-29 Humanity has spent its time enjoying a peace that can only be had through blissful ignorance For centuries stories of monsters have been handed down through the generations When creatures of the night proved to be real the best of America's military came together to form an elite band of rapid response teams Their mission to keep the civilian populace safe from the creatures that go bump in the night and hide all evidence of their existence During a routine mission things go horribly wrong and the Monster Squad finds themselves having to rebuild from the ashes of what they once were This time they face not only the monsters but their own government as a dark storm brews on the horizon A storm that will threaten not just the squads and their existence but the lives of every human on earth Jazz Michael Bean, 2023-06-07 All Mitchell wants to do is survive

middle school Heck that's all any kid wants when they're in middle school especially for the students of King's Hollow which may be the roughest school in town When King's Hollow gets a new band director in the form of Mr Undergrove things start to turn around for Mitchell and his bandmates as they prepare for their 1st band competition and begin to experience an emotion they've never felt at school before hope Told through two intersecting yet different timelines Jazz tells the story of teenager Mitchell Williams as a middle schooler as he deals with getting jumped in the locker room preparing for a band competition and meeting a girl with a possessive ex boyfriend and then as a high schooler where Mitchell is faced with bickering bandmates a school trip to New York City and learning how to deal with a relationship gone wrong Jazz is a coming of age novel about a school jazz band but it's also a novel about getting your heart broken trying to fit in teachers that don't understand teenagers bullies music love rejection movies and the wonder and awe of friendship even when you're a band geek

Monster Squad 5: Homecoming Heath Stallcup, The Monster Squad returns home to find that not all is as it seems Nothing could prepare them for what is about to come as they are taught a very harsh lesson Nothing spurs the desire for revenge more than betrayal except perhaps a threat to family Follow along as the hunters face yet another series of challenges Some large some small but all focused on the same goal the final destruction of the Monster Squad Just another day at the office for this clandestine group

Children Beware! Filipa Antunes, 2020-01-17 How does a culture respond when the limits of childhood become uncertain The emergence of pre adolescence in the 1980s which is signified by the new PG 13 rating for film disrupted the established boundaries between childhood and adulthood The concept of pre adolescence affected not only America's pillar ideals of family and childhood innocence but also the very foundation of the horror genre's identity its association with maturity and exclusivity Cultural disputes over the limits of childhood and horror were explicitly articulated in the children's horror trend 1980 1997 a cluster of child oriented horror titles in film and other media which included Gremlins The Gate the Goosebumps series and others As the first serious analysis of the children's horror trend with a focus on the significance of ratings this book provides a complete chart of its development while presenting it as a document of American culture's adaptation to pre adolescence Each important children's horror title corresponds to a key moment of ideological negotiation cultural power struggles and industrial compromise

Monster Squad 2: Full Moon Rising Heath Stallcup, The Monster Squad Their mission to keep the civilian populace safe from things that go bump in the night and hide all evidence of their existence As the squad begins to rebuild their ranks from a crippling blow they not only face the creatures of the dark but now some begin to question the loyalty of members within their elite group Will they fight as one cohesive unit or be torn apart by internal strife As the squad deals with their own turmoil a dark storm brews that threatens not just the hunters but the lives of every human on Earth

The Beast with 1000 Eyes #3 Laura Dower, 2009-12-01 Funny and totally gross Stella Min never gets scared In fact she's pretty certain that she is the bravest one in the Monster Squad But lately she can't shake the feeling that she's being watched all the time Soon she's seeing
