Daikaiju!3 Giant Monsters Vs. the World Robert Hood, Robin Pen, 2007-01-01 The second exciting sequel to the award winning anthology Daikaiju Giant Monster Tales Stories of impossible dimension startling invention and big budget spectacle by an international line up of authors      **Cheap Tricks and Class Acts** John Johnson, 1996 Reveals the behind the scenes production secrets of the Hollywood films of the 1950s      **The Golden Age of Science Fiction** John Wade, 2020-11-12 A detailed look at the British world of science fiction in the 1950s John Wade grew up in the 1950s a decade that has since been dubbed the golden age of science fiction It was a wonderful decade for the genre but not so great for young fans With early television broadcasts being advertised for the first time as unsuitable for children and the inescapable barrier of the X certificate in the cinema barring anyone under the age of sixteen the author had only the radio to fall back on and that turned out to be more fertile for the budding SF fan than might otherwise have been thought Which is probably why as he grew older rediscovering those old TV broadcasts and films that had been out of bounds when he was a kid took on a lure that soon became an obsession For him the super accuracy and amazing technical quality of today s science fiction films pale into insignificance beside the radio early TV and B picture films about people who built rockets in their back gardens and flew them to lost planets or tales of aliens who wanted to take over if not our entire world then at least our bodies This book is a personal account of John Wade s fascination with the genre across all the entertainment media in which it appeared the sort of stuff he reveled in as a young boy and still enjoys today Not only a well researched book grounded in hundreds of sources but also an unmistakable labor of love New York Journal of Books      Stupid Movie Lines Kathryn Petras, Ross Petras, 2011-07-06 The creme de la crud of screen history War War That s all you think of Dick Plantagenet You burner You pillager Virginia Mayo as Lady Edith to George Sanders in King Richard and the Crusaders 1954 Visits That would indicate visitors Army captain learning of alien visits in Plan 9 from Outer Space 1959 When I m sitting here with you I don t even think about the slime people Hero to heroine in The Slime People 1962 Suck the coffin mushroom now The Ultimate Vampire 1991 This is bad Leonardo DiCaprio as the you know what hits the you know what in Titanic 1997      *"Twice the Thrills! literature Not illustrated No index Paper edition unseen 13 95 Annotation copyright by Book News Inc Portland OR **Louis and Bebe Barron's Forbidden Planet** James Wierzbicki, 2005-06-30 Forbidden Planet is a product of the MGM studio which at the time of the production of this film was hardly in the business of making science fiction films Originally planned as a B picture the 1956 Forbidden Planet was praised for its spectacular special effects and brilliant color cinematography The plot practically tingles with sexual innuendo and the dialogue is rich in references to Freudian psychology However in spite of all this the film was marketed to a juvenile audience Notwithstanding its uncommon look and feel perhaps the most unusual aspect of the film is the way it sounds Never before had a major Hollywood effort utilized a score generated entirely by electronic means yet seldom does one find commentary on how Louis and Bebe Barron's score again and again challenges Hollywood norms In addition to placing the composers and film in historical context James Wierzbicki's study offers a deep and thorough analysis of not only the music as used in the film but also of the decontextualized music as presented by the Barrons on the 1977 original soundtrack album The text is generously illustrated with transcriptions and graphs and can serve as a model for the examination of other extended works of electronic music for which no written score has ever existed
