Montanism Gender Authority And The New Prophecy:

Montanism Christine Trevett,1996 This study of Montanism is the first in English since 1878 It takes account of a great deal of scholarship of the nineteenth and twentieth centuries and refers to the epigraphical evidence Dr Trevett questions some of the most cherished assumptions about Montanism She covers the origins development and slow demise using sources from Asia Minor Rome North Africa and elsewhere and pays particular attention to women within the movement The rise of Montanism was important in the history of the early church This prophetic movement survived for centuries after its beginnings in the second half of the second century and was a challenge to the developing catholic tradition Christine Trevett looks at its teachings and the response of other Christians to it To an unusual degree Montanism allowed public religious activity and church office to women *Patristic Perspectives on Luke's Transfiguration* Peter Anthony,2022-03-24 Peter Anthony explores how visionary elements in Luke's Gospel had a particular influence on early interpretation of the Transfiguration by examining the rich hermeneutical traditions that emerged particularly in the Latin West as the Transfiguration was first depicted visually in art Anthony begins by comparing the visual and visionary culture of antiquity with that of the present and their differing interpretations of the Transfiguration He then examines the Transfiguration texts in the synoptic gospels and their interpretation in modern scholarship and the reception of the Transfiguration in 2 Peter the Apocalypse of Peter and the Acts of Peter Tertullian and Origen Proceeding to look at interpretations found in the Greek East and the Latin West Anthony finally discusses the earliest visual depictions of the Transfiguration from the sixth century onward drawn from a wealth of different art forms Anthony concludes that early commentators and artists understanding of how we see and visualise and therefore how the Transfiguration was apprehended is closer to that of the writers of the New Testament than many modern interpreters is *Female Authority and Holiness in Early and Medieval Christianity* Maria Dell'Isola,2025-05-06 This collective volume investigates the connection between women's holiness and the notion of time from a diachronic perspective By looking at temporality as intertwined with the construction of social and gendered roles the volume analyses narratives related to the varying articulation of female authority considered against the wider background of Christian ideals of holiness between early Christianity and Byzantium Authority and Gender in Medieval and Renaissance Chronicles Juliana Dresvina,Nicholas Sparks,2012-12-18 This volume is an attempt to discuss the ways in which themes of authority and gender can be traced in the writing of chronicles and chronicle like writings from the early Middle Ages to the Renaissance With major contributions by fourteen authors each of them specialists in the field this study spans full across the compass of medieval and early modern Europe from England and Scandinavia to Byzantium and the Crusader Kingdoms embraces a variety of media and methods and touches evidence from diverse branches of learning such as language and literature history and art to name just a few This is an important collection which will be of the highest utility for students and scholars of language literature and history for many years to come *Mapping Gender in Ancient Religious Discourses*

A Sociological History of Christian Worship Martin D. Stringer, 2005-07-14 In this book the 2000 year history of Christian worship is viewed from a sociological perspective Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts Beginning with the Biblical material the author provides a broad survey of changes over 2000 years of the Christian church together with a series of case studies that highlight particular elements of the worship or specific theoretical applications Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser known traditions in Armenia India Ethiopia and elsewhere Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship this book provides a greater understanding of the place of worship in its social and cultural context

The Discernment of Spirits Wendy Love Anderson, 2011 Anderson succeeds in neatly fitting together selected pieces of the history of discernment of spirits to provide a valuable readable description of the contours of its evolution in the late Middle Ages Debra L Stoudt Virginia Polytechnic Institute and State University *The Medieval Review* Late medieval Christians lived in a world of visions but they knew that not all visions came from God angels demons illness nature or passion could also inspire an apparent divine visitation During the thirteenth and fourteenth centuries the involvement of visionaries in everything from reform movements to military campaigns to papal schisms raised the political and spiritual stakes of determining whether or not a vision was truly from God In response a diverse group of

medieval thinkers including men and women clergy and laity visionaries and theologians gradually began to transform the loose patristic readings of Pauline *discretio spirituum* into a system with the potential to distinguish between true and false visions and between genuine and delusional visionaries Wendy Love Anderson chronicles the historical political and spiritual struggles behind the flowering of late medieval mysticism and what came to be seen as the Christian doctrine of discernment of spirits

Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel's replacement the early Church's promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ's reign in the Church was viewed as provisional to his historical reign on earth Israel's role in salvation history was and is not yet complete Aguzzi's research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel's acceptance be but life from the dead Romans 11:15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God's future and the coming Parousia of Christ Formation and struggles : the church A.D. 33-450 Veselin Kesich, 2007 This study of the formation of the Church begins with the earliest Christian community in Jerusalem led by Jesus disciples and ends with the expansion of Christianity into various regions of the Roman Empire Tracing the growing pains of the Church from its birth through its separation from Judaism to its struggle against Gnostic and pagan influences the author demonstrates how early Christians deepened their loyalty to the apostolic tradition by wrestling with internal and external challenges The author appeals to the general reader as well as the scholar by answering perennially popular questions Did Jesus marry Who was responsible for the crucifixion What is the relationship between philosophy and theology and How were the Scriptures compiled The volume concludes with teachings of the church father Irenaeus of Lyons who presents an image of a Church shaped by ministry canon creed and openness to the world a Church that by method and model offers a solid base for growth in the following centuries **Lived Religion in the Ancient Mediterranean World** Valentino Gasparini, Maik Patzelt, Rubina Raja, Anna-Katharina Rieger, Jörg Rüpke, Emiliano Urciuoli, 2020-04-06 The Lived Ancient Religion project has radically changed perspectives on ancient religions and their supposedly personal or public character This volume applies and further develops these methodological tools new perspectives and new questions The religious transformations of the Roman Imperial period appear in new light and more nuances by comparative confrontation and the integration of many disciplines The contributions are written by specialists from a variety of disciplinary contexts Jewish Studies Theology Classics Early Christian Studies dealing with the history of religion of the Mediterranean West Asian and European area from the late Hellenistic period to the early Middle Ages and shaped by their intensive exchange From the

point of view of their respective fields of research the contributors engage with discourses on agency embodiment appropriation and experience They present innovative research in four fields also of theoretical debate which are Experiencing the Religious Switching the Code A Thing Called Body and Commemorating the Moment **Ablution, Initiation, and Baptism: Methodological considerations** ,2011 The present volumes is the result of an international collaboration of researchers who are excellent within their respective fields interpretation of texts studies of rites archaeology architecture history of art and cultural anthropology They met for two conferences to discuss the significance of rites of ablution initiation and baptism and their interpretation in Late Antiquity Early Judaism and Early Christianity The volume establishes a new international standard of research within these fields of scholarship
