Point Of Christology:

The Point of Christology Schubert Miles Ogden,1982 **The Point of It All** J.C. O'Neill,2019-05-21 The atheism of modern thought is based on irrational assumptions First century Jews expected a suffering Messiah Jesus knew it was he Jesus birth and resurrection in history The point of the parables The point of Christology The historical grounds for scepticism about Christian claims concerning Jesus Christ rely on misreadings of the Bible In a series of original essays the author issues a formidable challenge to many of the presuppositions of modern theology **Engaging the New Testament (paper edition)** Russell Pregeant,1997-06-01 In addition to lucid introductions to each of the New Testament writings this book offers a comprehensive survey of approaches to biblical studies historical and cultural backgrounds the historical Jesus the rise of the resurrection faith and attention to extracanonical materials 63 illustrations 3 charts 6 maps **Liberalism Versus Postliberalism** John Allan Knight,2013 The book provides an original analysis of the central philosophical differences between liberal and postliberal theology Knight argues that important developments in philosophy of language reveal serious problems with the central methodological commitments of liberalism and postliberalism and suggest ways in which the divide can be bridged The Point of Christology Schubert M. Ogden,1992-01-01 *The Theology of Cardinal Walter Kasper* Kristin Colberg,Robert A. Krieg,2014 Leading theologians from across the United States and Canada explore the full scope of Kasper's thought on topics such as the character of ecumenical and interreligious dialogue Christology theological method and the nature of the church world relationship Kasper himself presents four previously unpublished texts on the interpretation of Vatican II on forgiveness on Christian hope and on the approach to theology today from the publisher *Encyclopedia of Theology* Karl Rahner,1975-01-01 An essential and reliable reference work and manual of the Christian faith this book provides both students and interested readers with a basic text presenting the findings of modern scholarly thought and research Ecumenical in spirit and approach no responsible and inquiring Christian can afford to be without it **The Making of American Liberal Theology** Gary J. Dorrien,2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom **In Defense of Conciliar Christology** Timothy Pawl,2016-03-10 This work presents a historically informed systematic

exposition of the Christology of the first seven Ecumenical Councils of undivided Christendom from the First Council of Nicaea in 325 AD to the Second Council of Nicaea in 787 AD Assuming the truth of Conciliar Christology for the sake of argument Timothy Pawl considers whether there are good philosophical arguments that show a contradiction or incoherence in that doctrine He presents the definitions of important terms in the debate and a helpful metaphysics for understanding the incarnation In *Defense of Conciliar Christology* discusses three types of philosophical objections to Conciliar Christology Firstly it highlights the fundamental philosophical problem facing Christology how can one thing be both God and man when anything deserving to be called God must have certain attributes and yet it seems that nothing that can aptly be called man can have those same attributes It then considers the argument that if the Second Person of the Holy Trinity were immutable or atemporal as Conciliar Christology requires then that Person could not become anything and thus could not become man Finally Pawl addresses the objection that if there is a single Christ then there is a single nature or will in Christ However if that conditional is true then Conciliar Christology is false since it affirms the antecedent of the conditional to be true but denies the truth of the consequent Pawl defends Conciliar Christology against these charges arguing that all three philosophical objections fail to show Conciliar Christology inconsistent or incoherent Fidelity with Plausibility Wesley J. Wildman, 1998-01-15 Interprets the history of Christology as being defined by a central distinction between those who assign to Christ an absolute role and those who do not Wildman theology Boston U argues for the latter what he calls modest view He claims that modest Christologies are more faithful to the actual history of Christological development than are absolutist ones and that the absolutist view can be shown to be incongruous with much that we have come to know about human history and the cosmos Annotation copyrighted by Book News Inc Portland OR Kenosis Paul T. Nimmo, Keith L. Johnson, 2022-07-19 Seventeen distinguished scholars from the fields of biblical studies historical theology and systematic theology engage with the past and present significance of the doctrine of kenosis Paul's extraordinary claim in Philippians 2 that Jesus Christ emptied and humbled himself in obedience on his way to death upon the cross In the Christ hymn of Philippians 2 the apostle Paul makes a startling claim that Jesus emptied himself in order to fulfill God's will by dying on the cross The self-emptying of Christ theologically explored in the doctrine of kenosis is a locus within Christology and factors significantly into understandings of the Trinity anthropology creation providence the church and even ethics As such it has been debated and reflected upon for centuries The present volume draws together some of the finest contemporary scholars from across the ecumenical spectrum to expound the doctrine of kenosis its biblical roots its historical elaborations and its contemporary implications With original essays from John Barclay Beverly Roberts Gaventa David Fergusson Katherine Sonderegger Thomas Joseph White and more this indispensable resource offers an extensive overview of this essential affirmation of Christian faith Contributors John M G Barclay Matthew J Aragon Bruce David Fergusson Beverly Roberts Gaventa Kevin W Hector Keith L Johnson Cambria Kaltwasser Han luen Kantzer Komline Grant Macaskill John A McGuckin

Paul T Nimmo Georg Pflleiderer Rinse H Reeling Brouwer Hanna Reichel Christoph Schw bel Katherine Sonderegger and Thomas Joseph White **The Character and Purpose of Luke's Christology** Douglas Buckwalter, 1996-08-28 Luke's christology is carefully designed Luke portrays the exalted Jesus as God's co-equal by the kinds of things he does and says from heaven Through the Holy Spirit the divine name and personal manifestations Jesus behaves toward people in Luke Acts as does Yahweh in the Old Testament His power and knowledge are supreme Jesus sovereignly reigns over Israel the church the powers of darkness and the world Luke deepens this portrait by depicting Jesus as deity who by nature behaves as servant the earthly Jesus acted among his people as one who serves the exalted Jesus continues serving his people by strengthening and encouraging them in their witness of him to the world That the believers in Acts resemble the way Jesus behaved in the Gospel means that they too are now imaging some of his servant-like character in their witness of him

Jesus - God and Man, 1982-12-01 One of the most influential twentieth century studies on the doctrine of Christ this highly acclaimed work demonstrates Pannenberg's belief that at the heart of every Christian theology lies its teaching about Jesus Christ The second edition available for the first time in paperback contains an Afterword in which the author reviews other theologians' responses to his thesis and methodology and shows the progression of his own interpretation **The Christology of Theodoret of Cyrus** Paul B. Clayton Jr., 2007-08-09 Theodoret of Cyrus c 393 c 466 was the most able Antiochene theologian in the defence of Nestorius from the Council of Ephesus in 431 to the Council of Chalcedon in 451 While the works of Theodore of Mopsuestia and Nestorius are extant today only in translations or in fragments Theodoret's voluminous works are largely available in their original Greek This study of his writings throws considerable light on the theology of those councils and the final evolution and content of Antiochene Christology Clayton demonstrates that Antiochene Christology was rooted in the concern to maintain the impassibility of God the Word and is consequently a two-subject Christology Its fundamental philosophical assumptions about the natures of God and humanity compelled the Antiochenes to assert that there are two subjects in the Incarnation the Word himself and a distinct human personality This Christology is not the hypostatic union of the Councils of Ephesus and Chalcedon **Re-imagining African Christologies** Victor I. Ezigbo, 2010-02-08 Who do you say that I am Mark 8:29 is the question of Christology By asking this question Jesus invites his followers to interpret him from within their own contexts history experience and social location Therefore all responses to Jesus's invitation are contextual But for too long many theologians particularly in the West have continued to see Christology as a universal endeavor that is devoid of any contextual influences This understanding of Christology undermines Jesus's expectations from us to imagine and appropriate him from within our own contexts In Re-imagining African Christologies Victor I Ezigbo presents a constructive exposition of the unique ways that many African theologians and lay Christians from various church denominations have interpreted and appropriated Jesus Christ in their own contexts He also articulates the constructive contributions that these African Christologies can make to the development of Christological

discourse in non African Christian communities **Criticism of Heaven** Roland Boer, 2007-07-30 This volume consists of a critical commentary on the interactions between Marxism and theology in the work of the major figures of Western Marxism. It deals with the theological writings of Ernst Bloch, Walter Benjamin, Louis Althusser, Henri Lefebvre, Antonio Gramsci, Terry Eagleton, Slavoj Žižek and Theodor Adorno. In many cases their theological writings are dealt with for the first time in this book. It is surprising how much theological material there is and how little commentators have dealt with it. Apart from the critical engagement with the way they use theology, the book also explores how their theological writings infiltrate and enrich their Marxist work. The book has three parts: Biblical Marxists (Bloch and Benjamin), Catholic Marxists (Althusser, Lefebvre, Gramsci and Eagleton) and the Protestant Turn (Žižek and Adorno).

The Letter to the Romans Douglas J. Moo, 2018-11-26 For more than twenty years Douglas Moo's NICNT volume on Romans has been providing pastors, students, and scholars with profound insight into Paul's most famous letter. In this thorough revision of his commentary, Moo deals with issues that have come into prominence since the first edition (1996), incorporating the latest research and rewriting the text throughout for better comprehension. Exegetically astute and theologically minded, Moo interacts critically with the new perspective on Paul, highlights the emphasis in Romans on practical divinity, and traces the theme of the gospel throughout the letter. His *Letter to the Romans* in this second edition will inform and enlighten a new generation of serious Bible readers.

Theological Turning Points Donald K. McKim, 1988-01-01 In this volume, Donald McKim traces the historical and systematic development of eight major Christian doctrines from early centuries to the present. Clearly written and amply documented, this introductory handbook features primary sources and extensive endnotes. It covers the Trinity, Christology, Ecclesiology, Anthropology, Soteriology, Authority, the Sacraments, and Eschatology, concentrating on the decisive points in the development of the Church's theology. This book is well structured for use as a basic text.

Systematic Theology Francis Schussler Fiorenza, John P. Galvin, 2011-05-01 Unique among contemporary resources, the landmark *Systematic Theology* and its distinguished contributors present the major areas or loci of Roman Catholic theology in light of contemporary developments, especially the changes since Vatican II. Thoughtful new historical studies of traditional doctrines and Scripture, and the diverse creative impulses that come from recent philosophy and hermeneutics, culture and praxis, and ecumenical contacts. This new volume combines and updates both previous volumes.

incorporates into the framework nearly twenty years of fresh thought and bibliography in each area and adds revisions to key articles to take account of a diverse fluid and postmodern situation
