Reading of Jacques Ellul Jacob Marques Rollison,2020-09-10 This book presents an original and dynamic reading of the
twentieth century French sociologist and theological ethicist Jacques Ellul Adopting Ellul s use of presence as a
hermeneutical key to understanding his work it examines the origins of Ellul s approach to presence in his readings of
Kierkegaard and the biblical book of Ecclesiastes highlights the central structural role of presence in Ellul s theological
ethics and elucidates a crucial turning point in Ellul s theology following a personal crisis in Ellul s faith and life Drawing
from numerous unpublished and untranslated texts Jacob Marques Rollison argues that this crisis involves confrontation with
a critique of presence manifest in Ellul s reading of and engagement with Michel Foucault Marques Rollison distills Ellul s
sociological critiques and theological responses to this crisis presenting Ellul s evolving theology against the background of
major shifts in French intellectual life In doing so the author simultaneously calls for renewed engagement with Ellul s
prophetic thought critically appraises Ellul s dialectical theology and Marxist inheritances and develops a robustly Protestant
approach to theological communication ethics for our time Law Notes Albert Gibson,Robert McLean,1913 **ABA**
Journal ,1983-08 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law
