Pol Pot Anatomy Of A Nightmare:

Pol Pot Philip Short, 2007-04-01 A gripping and definitive portrait of the man who headed one of the most enigmatic and terrifying regimes of modern times In the three and a half years of Pol Pot's rule more than a million Cambodians a fifth of the country's population were executed or died from hunger An idealistic and reclusive figure Pol Pot sought to instill in his people values of moral purity and self abnegation through a revolution of radical egalitarianism In the process his country descended into madness becoming a concentration camp of the mind a slave state in which obedience was enforced on the killing fields How did a utopian dream of shared prosperity mutate into one of the worst nightmares humanity has ever known To understand this almost inconceivable mystery Philip Short explores Pol Pot's life from his early years to his death Short spent four years traveling throughout Cambodia interviewing the surviving leaders of the Khmer Rouge movement many of whom have never spoken before including Pol Pot's brother in law and the former Khmer Rouge head of state He also sifted through the previously closed archives of China Russia Vietnam and Cambodia itself to trace the fate of one man and the nation that he led into ruin This powerful biography reveals that Pol Pot and the Khmer Rouge were not a one off aberration but instead grew out of a darkness of the soul common to all peoples Cambodian history and culture combined with intervention from the United States and other nations to set the stage for a disaster whose horrors echo loudly in the troubling events of our world today *The Killing of Cambodia: Geography, Genocide and the Unmaking of Space* James A. Tyner, 2017-05-15 Between 1975 and 1978 the Khmer Rouge carried out genocide in Cambodia unparalleled in modern history Approximately 2 million died almost one quarter of the population Taking an explicitly geographical approach this book argues whether the Khmer Rouge's activities not only led to genocide but also terraced the erasure of space In the Cambodia of 1975 the landscape would reveal vestiges of an indigenous pre colonial Khmer society a French colonialism and American intervention The Khmer Rouge however were not content with retaining the past inscriptions of previous modes of production and spatial practices Instead they attempted to erase time and space to create their own utopian vision of a communal society The Khmer Rouge's erasing and reshaping of space was thus part of a consistent sacrifice of Cambodia and its people a brutal justification for the killing of a country and the birth of a new place Democratic Kampuchea While focusing on Cambodia the book provides a clearer geographic understanding to genocide in general and insights into the importance of spatial factors in geopolitical conflict **The Barter Economy of the Khmer Rouge Labor Camps** Scott Pribble, 2023-07-21 Pribble investigates the barter economies that developed in many of the labor camps established under the Khmer Rouge in Cambodia When the Khmer Rouge abolished currency and markets in 1975 starving Cambodians created underground exchanges in labor camps throughout the country bartering luxury items for food and other necessities while simultaneously undermining the regime's ideological goals of eliminating any traces of capitalism in Democratic Kampuchea Pribble asserts three key points about the barter economy in the Khmer Rouge labor camps First the underground exchanges

in Democratic Kampuchea provided food and medicine for desperate people subsisting under a totalitarian regime saving the lives of countless Cambodians Second bartering was the riskiest way to obtain food because it was dependent upon the discretion of two or more individuals from different social classes under the threat of violent punishment thereby altering the social dynamics of the camps Finally despite the regime's extreme efforts to eliminate foreign influence from the country and impose communist ideology on millions of citizens basic forms of market capitalism and a demand for superfluous luxury goods persisted in labor camps throughout the country A fascinating study of the human consequences of imposing rigid ideology that will be of particular interest to scholars and students of political history and Southeast Asian history The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Pol Pot Philip Short, 2004 Pol Pot was an idealistic reclusive figure with great charisma and personal charm He initiated a revolution whose radical egalitarianism exceeded any other in history But in the process his country descended into madness and his name became a byword for oppression In the three and a half years of his rule in Cambodia more than a million people a fifth of Cambodia's population were executed or died from hunger and disease A supposedly gentle carefree land of slumbering temples and smiling peasants became a concentration camp of the mind a slave state in which absolute obedience was enforced on the killing fields Philip Short has spent four years travelling the length and breadth of Cambodia interviewing surviving leaders of Pol Pot's Khmer Rouge movement and sifting through previously closed archives from China Russia and Vietnam as well as Cambodia itself Here the former Khmer Rouge Head of State Pol's brother in law and scores of lesser figures speak for the first time at length about their beliefs and motives as Philip Short traces Pol Pot's life from altruistic youth to become one of the twentieth century's most egregious political monsters

Thugs Micah D. Halpern, 2007-08-19 An incisive look into the lives politics and horrible deeds of fifty six of history's most notorious world leaders and how they shaped our world for the worst For the most notorious leaders in the history of the world evil is more than just a moment of weakness it's a way of life For every noble king righteous emperor and peace loving president history seems to serve up a double portion of murderous pharaohs deranged dictators or corrupt czars Thugs probes this dark and twisted side of raw human power from France's King Louis XIV to China's Mao Tse Tung and everywhere in between It's a fascinating peek into the lives of the rich and infamous the sour cr me de la cr me Some like Herod the Great earned villainous reputations for slaughtering their own family members and countrymen Others like Egypt's King Farouk were almost laughable in their misdeeds amassing the world's largest collection of pornography Then there are those leaders such as Hitler who committed acts of such unspeakable evil that their names are uttered as curses From Filipino first lady Imelda Marcos's bullet proof bras to African strongman Idi Amin's bizarre fixation with all things Scottish Micah D Halpern turns the yellowed pages of history and contemporary news accounts to profile the bewildering outrageous horrific gut wrenching zany and tragicomic behavior of the world's worst

Genocide in Contemporary Children's and Young Adult Literature Jane Gangi, 2014-03-14 This book studies children's and young adult literature of genocide since 1945 considering issues of representation and using postcolonial theory to provide both literary analysis and implications for educating the young Many of the authors visited accurately and authentically portray the genocide about which they write others perpetuate stereotypes or otherwise distort demean or oversimplify In this focus on young people's literature of specific genocides Gangi profiles and critiques works on the Cambodian genocide 1975 1979 the Iraqi Kurds 1988 the Maya of Guatemala 1981 1983 Bosnia Kosovo and Srebrenica 1990s Rwanda 1994 and Darfur 2003 present In addition to critical analysis each chapter also provides historical background based on the work of prominent genocide scholars To conduct research for the book Gangi traveled to Bosnia engaged in conversation with young people from Rwanda and spoke with scholars who had traveled to or lived in Guatemala and Cambodia This book analyses the ways contemporary children typically ages ten and up are engaged in the study of genocide and addresses the ways in which child survivors who have witnessed genocide are helped by literature that mirrors their experiences

Landscape, Memory, and Post-Violence in Cambodia James A. Tyner, 2016-11-16 Between 1975 and 1979 the Khmer Rouge regime in Cambodia enacted a program of organized mass violence that resulted in the deaths of approximately one quarter of the country's

population Over two million people died from torture execution disease and famine From the commodification of the killing fields of Choeung Ek to the hundreds of unmarked mass graves scattered across the country violence continues to shape the Cambodian landscape Landscape Memory and Post Violence in Cambodia explores the on going memorialization of violence As part of a broader engagement with war violence and critical heritage studies it explores how a legacy of organized mass violence becomes part of a cultural heritage and in the process how this heritage is produced Existing literature has addressed explicitly the impact of war and armed conflict on cultural heritage through the destruction of heritage sites This book inverts this concern by exploring what happens when sites of heritage violence are under threat It argues that the selective memorialization of Cambodia s violent heritage negates the everyday lived experiences of millions of Cambodians and diminishes the efforts to bring about social justice and reconciliation In doing so it develops a grounded conceptual understanding of post violence in conflict zones internationally

United States Law and Policy on Transitional Justice Zachary Daniel Kaufman, 2016 In *United States Law and Policy on Transitional Justice Principles Politics and Pragmatics* Zachary D Kaufman explores the U S government s support for or opposition to certain transitional justice institutions By first presenting an overview of possible responses to atrocities such as war crimes tribunals and then analyzing six historical case studies

Kaufman evaluates why and how the United States has pursued particular transitional justice options since World War II. This book challenges the legalist paradigm which postulates that liberal states pursue war crimes tribunals because their decision makers hold a principled commitment to the rule of law. Kaufman develops an alternative theory, prudentialism, which contends that any state, liberal or illiberal, may support bona fide war crimes tribunals. More generally, prudentialism proposes that states pursue transitional justice options not out of strict adherence to certain principles but as a result of a case-specific balancing of politics, pragmatics, and normative beliefs. Kaufman tests these two competing theories through the U.S. experience in six contexts: Germany and Japan after World War II, the 1988 bombing of Pan Am flight 103, the 1990-1991 Iraqi offenses against Kuwaitis, the atrocities in the former Yugoslavia in the 1990s, and the 1994 Rwandan genocide. Kaufman demonstrates that political and pragmatic factors featured as or more prominently in U.S. transitional justice policy than did U.S. government officials' normative beliefs. Kaufman thus concludes that at least for the United States, prudentialism is superior to legalism as an explanatory theory in transitional justice policymaking.

Holocaust Intersections Axel Bangert, 2017-07-05. Recent representations of the Holocaust have increasingly required us to think beyond rigid demarcations of nation and history, medium and genre. *Holocaust Intersections* sets out to investigate the many points of conjunction between these categories in recent images of genocide. The book examines transnational constellations in Holocaust cinema and television in Europe, disclosing instances of border crossing and boundary troubling at levels of production, distribution, and reception. It highlights intersections between film genres through intertextuality and pastiche and the deployment of audiovisual Holocaust memory and testimony. Finally, the volume addresses connections between the Holocaust and other histories of genocide in the visual culture of the new millennium, engaging with the questions of transhistoricity and intercultural perspective. Drawing on a wide variety of different media, from cinema and television to installation art and the internet, and on the most recent scholarship on responses to the Holocaust, the volume aims to update our understanding of how visual culture looks at the Holocaust and genocide today. With the contributions of Robert S. C. Gordon, Axel Bangert, Libby Saxton, Introduction, Emiliano Perra, *Between National and Cosmopolitan: 21st Century Holocaust Television in Britain, France, and Italy*, Judith Keilbach, *Title to be announced*, Laura Rascaroli, *Transits: Thinking at the Junctures of Images in Harun Farocki's Respite and Arnaud des Pallières's Drancy*, Avenir Maxim Silverman, *Haneke and the Camps*, Barry Langford, *Globalising the Holocaust: Fantasies of Annihilation in Contemporary Media Culture*, Ferzina Banaji, *The Nazi Killin Business: A Post-Modern Pastiche of the Holocaust*, Matilda Mroz, *Neighbours: Polish Jewish Relations in Contemporary Polish Visual Culture*, Berber Hagedoorn, *Holocaust Representation in the Multi-Platform TV Documentaries De Oorlog The War and 13 in de Oorlog 13 in the War*, Annette Hamilton, *Cambodian Genocide: Ethics and Aesthetics in the Cinema of Rithy Panh*, Piotr Cieplak, Emma Wilson, *The Afterlife of Images: Perpetrators and Perpetration of Mass Violence*, Timothy Williams, Susanne Buckley-Zistel, 2018-04-17. As the most comprehensive edited volume to be published on

perpetrators and perpetration of mass violence the volume sets a new agenda for perpetrator research by bringing together contributions from such diverse disciplines as political science sociology social psychology history anthropology and gender studies allowing for a truly interdisciplinary discussion of the phenomenon of perpetration The cross case nature of the volume allows the reader to see patterns across case studies bringing findings from inter alia the Holocaust the genocides in Rwanda and the former Yugoslavia and the civil wars in Cambodia and Cote d'Ivoire into conversation with each other The chapters of this volume are united by a common research interest in understanding what constitutes perpetrators as actors what motivates them and how dynamics behind perpetration unfold Their attention to the interactions between disciplines and cases allows for the insights to be transported into more abstract ideas on perpetration in general Amongst other aspects they indicate that instead of being an extraordinary act perpetration is often ordinary that it is crucial to studying perpetrators and perpetration not from looking at the perpetrators as actors but by focusing on their deeds and that there is a utility of ideologies in explaining perpetration when we differentiate them more carefully and view them in a more nuanced light This volume will be vital reading for students and scholars of genocide studies human rights conflict studies and international relations

Armed Groups in Cambodian Civil War Y. The Khmer Rouge and the Cambodian Genocide Sean Bergin, 2008-08-15

This book is a comprehensive look at the brutal and extensive genocide that occurred in Cambodia in the mid to late 1970s at the hands of Pol Pot and the Khmer Rouge. It provides background history as well as a description of the genocide itself and its aftermath. *Hun Sen's Cambodia* Sebastian Strangio, 2014-01-01 A fascinating analysis of the recent history of the beautiful but troubled Southeast Asian nation of Cambodia. To many in the West the name Cambodia still conjures up indelible images of destruction and death, the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s. Sebastian Strangio, a journalist based in the capital city of Phnom Penh, now offers an eye-opening appraisal of modern-day Cambodia in the years following its emergence from bitter conflict and bloody upheaval. In the early 1990s Cambodia became the focus of the UN's first great post-Cold War nation-building project, with billions in international aid rolling in to support the fledgling democracy. But since the UN-supervised elections in 1993, the nation has slipped steadily backward into neo-authoritarian rule under Prime Minister Hun Sen. Behind a mirage of democracy, ordinary people have few rights and corruption infuses virtually every facet of everyday life. In this lively and compelling study, the first of its kind, Strangio explores the present state of Cambodian society under Hun Sen's leadership, painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past.
