History of the Modern World: For UPSC Civil Services Examinations Ajay Shukla, History of the Modern World is not merely a chronicle of past events This book is a venture to discuss the underlying thoughts that led to those events and the thoughts the ideologies that sprouted out as a consequence of the historical events The author has taken care to cover the events of historical significance that shaped our modern world and has analysed the causes and consequences of the events that shaped our modern era This analysis has been done not only from the political point of view but also from the social economic and even psychological viewpoints because real life events are affected by an assorted gamut of factors Thus the book will engage and encourage its readers in discovering new ideas and knowledge and motivate them to dig deep into the History of the Modern World The intention of this book is simply to make the reader understand and think with an open mind and not pass any final judgment on history Time is its own final judge on historical matters and hence the judgments also keep getting revised with the passage of _me It is so because it is the present that decides how we judge the past The content and the treatment of the book would make it immensely useful in the preparation for the General Studies I Paper II of the Main Examination as well as the Preliminary Examination General Studies Paper I conducted by the UPSC every year Aspirants with History as an optional subject would also benefit from the book as would the UG and PG students of History and the layperson with an interest in History While writing the papers most often UPSC aspirants need to explore and deeply analyse multidimensional aspects of historical events and synthesise simple logical and to the point answers from the complicated layers of historical events This skill would eventually be tested and used in the real life by the budding civil servants who would move later into the higher echelons of the bureaucracy

From Old Times to New Europe Agata Fijalkowski, 2016-04-22 From Old Times to New Europe considers the post totalitarian legal framework in today s Europe arguing that the study of totalitarianism and post totalitarianism continues to be significant as ever Drawing mainly on the Polish experience this analysis focuses on the significant part played by history in the development of the region s identity and preferences concerning the role of the state in public and private life It examines the political socio economic and legal aspects of key events and draws comparisons with other CEE states whilst implementing key socio legal theories to explain trends and strains in this post Communist and post totalitarian period With the benefit of access to archival sources in Poland and Russia this book will be of interest to students and researchers of European law law and society and international criminal justice
