Conundrum Richard Bacon, 2013-06-18 Government failure is affecting everyone The single mum worried sick by a tax credit demand from HMRC to repay thousands of pounds she never received the family whose holiday was ruined because the Passport Office couldn't issue passports in time the school that couldn't open at the start of term because CRB checks were being carried out by an organisation in meltdown the farmers led to bankruptcy and even suicide by a Kafkaesque system for administering farm payments and rail operators facing an uncertain future because the Department for Transport inadvertently landed the whole rail franchising system in chaos Why is government getting it so wrong Richard Bacon and Christopher Hope delve into the astonishing world of cock ups and catastrophes and ponder why those at the top continue to fall short

Free-Range Kids, How to Raise Safe, Self-Reliant Children (Without Going Nuts with Worry) Lenore Skenazy, 2010-04-19 FREE RANGE KIDS has become a national movement sparked by the incredible response to Lenore Skenazy's piece about allowing her 9 year old ride the subway alone in NYC Parent groups argued about it bloggers blogged spouses became uncivil with each other and the media jumped all over it A lot of parents today Skenazy says see no difference between letting their kids walk to school and letting them walk through a firing range Any risk is seen as too much risk But if you try to prevent every possible danger or difficulty in your child's everyday life that child never gets a chance to grow up We parents have to realize that the greatest risk of all just might be trying to raise a child who never encounters choice or independence
