surrounding polar bear science and finds out that some of what we've been led to believe about the bears imminent extinction may not be quite the case But mostly what he learns is about human behavior in extreme situations and also why you should never even think of looking a polar bear in the eye *Arctic Solitaire* Paul Souders,2018-09-01 Photographer Paul Souders considered himself a lucky guy He traveled the world and got paid to take pictures Yet at age fifty he seemed an unlikely explorer Recently married he was leading a generally contented life as an urban homebody ending most days with a cold martini and a home cooked meal So how did he find himself alone aboard a tiny boat enduring bad weather and worse cooking while struggling to find his way across more than a thousand miles of of Hudson Bay It was all for a picture He dreamed of photographing the Arctic s most iconic animal the polar bear in its natural habitat It was a seemingly simple plan Haul a 22 foot fishing boat northeast a few thousand miles launch and shoot the perfect polar bear photo After an inauspicious start and endless days spent driving to the end of northern Canada s road system he backed his C Dory C Sick into a small tributary of Hudson Bay Battered by winds and plagued by questionable navigation Paul slowly motored C Sick north in the hopes of finding the melting summer ice that should be home to more than a thousand polar bears He struggled along for weeks grounding on rocks hiding from storms and stopping in isolated Inuit villages until finally he found the ice and the world was transformed The ice had brought hundreds of walrus into the bay and dozens of polar bears arrived to hunt and feed For a few magical days he was surrounded by incredible wildlife photo ops He was hooked A hilarious and evocative misadventure *Arctic Solitaire* shares Paul Souders exploits across four summers six hundred miles of a vast inland sea and the unpredictable Arctic wilderness and also offers an insightful look at what compels a person to embark on adventure The accompanying images of the landscape people and wildlife of the remote Hudson Bay region are in a word stunning *Hot Shift & Other Stories* Aimee Easterling,2024-03-05 Tenth anniversary bonus story extravaganza I m Wolf Young Wolfie to my friends But this anthology isn t about me It s about the strong adventurous women I ve had the luxury to know They kick ass and take names Bake cupcakes and build packs I asked my personal scribe to jot down their stories and the result is enough drama to keep even the orneriest yahoos busy reading instead of lighting their tails on fire Why not grab yourself a copy and become part of our pack Contains Paradigm Shift Pool Party Scapegoat Character List The Tail End of Love Bloodling Song Tough as Nails Yule Moon Out of the Closet Hunting Christmas Joining Up and Potatoes and Gravy Beastly Werewolf Recipe Swap First Blood When the Wolf Catches the Car Hot Shift Sebastien s Favorite Cookies Macaroni Dreams In the Kitchen with Werewolves and Muffins Moonlight Note While a few of these stories can be read as standalones most are intended to be enjoyed after the Wolf Rampant Trilogy the Alpha Underground Trilogy and the Wolf Legacy Quartet
