Nevada Advisory Committee, 1992 **Policing Terrorism, Crime Control, and Police-Community Relations** Badi Hasasi, 2014-08-14 This timely and important work takes a critical look at the shifting role of police who are becoming increasingly responsible for handling terrorism threats on top of their regular responsibilities With an unprecedented empirical study the authors of this book examine whether this increased focus on security related threats may come at the expense of addressing classic police responsibilities such as fighting crime and dealing with local day to day community problems They also examine whether this shift has had a detrimental effect on police community relationships and perceptions of police legitimacy as their role changes from service to suspicion Through a four year multi method study specifically focused on the Israel National Police the authors of this work have examined the effects of this shifting role on a number of key areas of policing concern namely police effectiveness at fighting crime and police legitimacy drawing conclusions applicable to any democratic police force The results of the study provide a number of concrete recommendations for maintaining effectiveness and community relationships of the police with increasing responsibilities challenges and limited resources This work will be of interest for researchers in criminology and criminal justice particularly with a focus on police studies and counter terrorism police administrators and researchers in related disciplines such as sociology and public administration **Police-Community Relations: Bridging the Gap** Wayne L. creation of the role in 2002 Situated within the tradition of police ethnographies this text examines the working worlds of uniformed patrol support staff in two English police forces Based on over 350 hours of direct observation and 33 interviews with PCSOs and police constables in both urban and rural contexts Police Community Support Officers offers a detailed analysis of the operational and cultural realities of pluralised policing from within Using a dramaturgic framework the author finds that PCSOs have been undermined by their own organisations from the beginning which has left a lasting legacy in terms of their relationships and interactions with police officer colleagues The implications of this for police cultures community policing approaches and the success of pluralisation are examined The author argues that while PCSOs can have similar occupational experiences to constables their particular circumstances have led to a unique occupational culture one which has implications for existing police culture theories The book considers these findings in light of budget reductions and police reforms occurring across the sector processes in which PCSOs are particularly vulnerable *Document Retrieval*

Western Regional Office, 1980 This report summarizes a 3 year monitoring effort by the staff of the Western Regional Office of the United States Commission on Civil Rights concerning police community relations in San Jose Calif In 1976 San Jose minority community representatives alleged that law officers used abusive and threatening language threats of arrest in individuals complained and deadly force All too often they alleged the victims were the city's minorities The report describes the background of the problem and community perceptions and the police department response during the period of change between 1976 and 1979 The civil rights staff which interviewed over 120 persons including city and law enforcement officials clergy public and private agency representatives and minority community representatives found that the level of fear mistrust and hostility toward the police in San Jose in 1979 did not seem to approximate that of 1976 The staff also found that there was a police department administrative emphasis on courtesy and professional service a recognizable and definable police community relations program and a decrease in the number of officer involved shootings Although minority community relations with police improved incidents of abuse were still reported In addition interviews revealed an unresolved conflict within the police department over whether the department should emphasize law enforcement or service Footnotes and tabular data are included Appendixes contain letters from the president and vice president of the San Jose Peace Officers Association **Community Anticrime Assistance Act of 1973: February 21, 1974** United States.
