Donnelly, 2013-01-21 The book applies a model of municipal policing to compare a number of police systems in the European Union suggesting that in the future local communities will have some form of police enforcement mechanism that will not always include the sworn police officer

Comparing Police Organizations Jenny Fleming, Sebastian Roché, 2024-02-15 Police citizen encounters do not occur in a vacuum Police systems globally have similarities and or differences which remain largely understudied and therefore underexplained Comparative policing is a new frontier for policing research as it aims at integrating the institutional and or macro determinants of police strategy and provides important insights into the context in which such strategies emerge This volume shows how lessons and insights emerge from a comparative approach to policing research in various regions of the world It demonstrates the explanatory power of cross national studies with a particular focus on politics policies and for what concerns the nature of police work and the legitimacy of policing The book presents comparative studies from different geographical locations such as Latin and Central America Africa India and Europe and offers insights on Police worker politics in India and Brazil Police non state security actors and political legitimacy in central America Trust in the police and the militarization of law enforcement in Latin America The origins of police legitimacy in Europe How organizational contexts matter by analyzing police adolescent encounters in France and Germany Legitimacy and cooperation with the police in two African states Cross state and cross society research is desirable to increase our understanding of variations of the macro context in which police forces operate what policing means for citizens and for police officers as professional workers This insightful volume is a key resource for scholars and researchers of policing criminology sociology and law This book was originally published as the inaugural volume of Comparative Policing Review Policing and Society Report United States. Congress Senate, 1939 Violations of Free Speech and Rights of Labor: Industrial munitions United States. Congress. Senate. Committee on Education and Labor, 1939 Comparative Policing Jacques de Maillard, 2022-09-08 This book is a systematic and comparative analysis of police systems in the Western world looking at their structure and how they tackle contemporary social problems such as economic austerity multi level governance transnational change relations with minorities and transformation of delinquency Core content includes Comparative histories of the formation of national police systems A discussion of centralised and decentralised police systems International differences in community policing A review of different police strategies in fighting delinquency and reducing urban disorder A comparative analysis of different ways of controlling police misconduct An exploration of different models of plural policing While other books focus on policing in relation to measures effective in decreasing delinquency and

augmenting security this book considers the political professional administrative and political economic parameters which frame and shape the course of police reforms It also explores how operational policing is shaped by the cultural and institutional contexts in which it is located It is essential reading for students engaged in international police studies and comparative criminal justice *Modern Practice of the Electric Telegraph* Franklin Leonard Pope,1872 What Matters in Policing? van Dijk, Auke,Hoogewoning, Frank,Maurice Punch,2015-08-19 This topical book compares the implications of restructuring in the UK and The Netherlands also in the USA regarding police systems policing paradigms and research knowledge The authors argue for developing confident leadership and also provide a comprehensive paradigm to chart policing in the future while retaining trust **Police and the Empire City** Matthew Guariglia,2023-10-13 During the years between the Civil War and World War II police in New York City struggled with how to control a diverse metropolis In *Police and the Empire City* Matthew Guariglia tells the history of the New York Police Department to show how its origins were built upon and inseparably entwined with the history of race ethnicity and whiteness in the United States Guariglia explores the New York City Police Department through its periods of experimentation and violence as police experts imported tactics from the US occupation of the Philippines and Cuba devised modern bureaucratic techniques to better suppress Black communities and infiltrated supposedly unknowable immigrant neighborhoods Innovations ranging from recruiting Chinese Italian and German police to form ethnic squads to the use of deportation and federal immigration restrictions to control local crime even the introduction of fingerprinting were motivated by attempts to govern a multiracial city Campaigns to remake the police department created an urban landscape where power gender sexuality race ethnicity crime and bodies collided and provided a foundation for the supposedly color blind technocratic federally backed and surveillance based policing of today **Modern practice of the electric telegraph ...
