Governance and Border Security in Africa Celestine Oyom Bassey,Oshita O. Oshita,2010 The need therefore for effective governance through border security regimes arises from the intractable challenges of conflict management as a core objective of multilateral institutions and non governmental agencies in global governance Thus governance along the Frontier has come to be marked by density and complexity This density and complexity in frontier relations under score the disciplinary concern for border governance Book Jacket Crime and Criminal Justice in Israel Robert R. Friedmann,2012-02-01 Assessing the Israeli criminal justice knowledge base with implications for Israel and international scholarship this book explores crime legislation law enforcement courts corrections and the victim The book discusses the development of criminal justice and criminology in a new society adding to the understanding of crime and societal reaction The authors examine the historical development of Israeli criminal justice describe the state of current knowledge and point to possible future directions Patterns of Policing David H. Bayley,1990 This study represents the culmination of almost twenty years of personal research on national police institutions The most concentrated effort was devoted to India Japan and the United States the results of which are available in other publications Preface *Women Police in a Changing Society* Mangai Natarajan,2016-02-11 Offering a fascinating account of the development of women police over the past twenty years this book refers to the author s extended research in India to examine how the Indian experience demonstrates a valuable alternative to the Anglo American model not only for traditional societies but for women police in the West as well With reference to the establishment in 1992 of all women units in Tamil Nadu this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police At a time when policing is being rethought all over the world not only in traditional societies the Tamil Nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers Natarajan s remarkable book is an important and original contribution to the literature on gendered policing which to date has concentrated almost exclusively on the US and British experience *The Police, Public Order and the State* John D Brewer,2016-07-27 Are police forces agents of the state or of society How do different police forces maintain order How does the nature of a country s political system affect the state s reaction to disorder This study identifies trends in public order policing across a broad sample of seven countries Britain Northern Ireland the Irish Republic the United States of America Israel South Africa and China It explains why the handling of disorder has become a controversial and topical issue in different parts of the world Each chapter provides a range of data on the size make up and cost of the police and follows a common format in analysing the place of the police at the junction of state society relations **Gender, Peace and Security in Africa** Cheryl Hendricks,Romi Sigsworth,2018-02-06 There is often a moment in time that acts as a rallying

point around a particular issue 2015 was one of those moments for women peace and security as numerous landmark anniversaries were celebrated in the field Africa has in many ways been the global laboratory for the gender peace and security agenda not only because of the number of conflicts occurring on the continent but also because African regional organisations governments and civil society organisations have been at the forefront of striving for gender equality and implementing United Nations Security Council Resolution 1325 This book explores gender peace and security in Africa from multiple angles including the conceptual and implementation challenges and shifts around women peace and security in Africa over the last 15 years women s role as combatants in national liberation forces in South Africa the dynamics of gender in the military through the lens of Kenyan women combatants food security through a feminist lens and a series of case studies on the nexus between gender and security in Zimbabwe Nigeria Madagascar the Democratic Republic of Congo Kenya and Somalia This book was previously published as a special issue of the African Security Review

Encyclopedia of Crime and Punishment David Levinson, 2002 Authoritative and comprehensive this multivolume set includes hundreds of articles in the field of criminal justice Impressive arrays of authors have contributed to this resource addressing such diverse topics as racial profiling money laundering torture prisoner literature the KGB and Sing Sing Written in an accessible manner and attractively presented the background discussions definitions and explanations of important issues and future trends are absorbing Interesting sidebars and facts reference lists relevant court cases tables and black and white photographs supplement the entries Appendixes cover careers in criminal justice Web resources and professional organizations A lengthy bibliography lists relevant works The Best of the Best Reference Sources American Libraries May 2003

Community Policing NA NA, 2016-04-30 This book compares community policing initiatives in Canada Great Britain Israel and the United States and discusses similar efforts in other countries that have experimented with this policing strategy The author defines community policing as a policy and a strategy aimed at achieving more effective and efficient crime control reduced fear of crime improved quality of life improved police services and police legitimacy through a proactive reliance on community resources that seeks to change crime causing conditions It assumes a need for greater accountability of police greater public share in decision making and greater concern for civil rights and liberties The book begins with an examination of the major influences on community policing the social political and other forces that shaped its emergence The author then discusses its theoretical underpinnings promises practices and limits This is followed by a discussion of some of the key pertinent variables such as fear of crime attitudes of officers attitudes of citizens victimization and police administration and its relation to other social service agencies as well as the media Four chapters examine community policing in the four countries with attention to community policing conceptualization implementation experience with and knowledge of community policing Also considered are studies that have evaluated community policing projects and other relevant issues such as sources for innovation outside the police citizen participation and multi agency cooperation

Following the presentations of the four countries the discussion highlights similarities and differences among the countries and contrasts the promises or challenges with the drawbacks or limitations of community policing The final chapter discusses the implications of current activities for future trends in community policing and policing innovations in general A London Bibliography of the Social Sciences ,1931 Vols 1 4 include material to June 1 1929 Styles of Urban Policing Jeffrey Slovak,1988-09 Using data from 42 sizable American cities on their environments and police organizational structures the book documents the importance of organizational structure on police action by predicting arrest rates for 2 types of serious criminal offenses It applies this research perspective to neighborhoods in analyses of policing styles in three cities Elyria Ohio Columbia S C and Newark N J The study examines the kinds of data on police action available from a police dispatch log as well as particular information recording processes used in the three sites Two key indicators of police style are the rate of police aggressiveness and the degree to which local police work is legalistic watchmanlike or service oriented These measures are used to analyze variations in policing styles across both neighborhoods and cities providing support to the theory that organization rather than environment determines local policing styles This view receives additional support from indepth analyses of social demographic and economic characteristics of the three sites Tables references and index

International Journal of Comparative and Applied Criminal Justice ,1998 Handbook on Crime and Delinquency Prevention Elmer Hubert Johnson,1987-04-21 The Handbook clearly points out that although the literature on crime prevention is voluminous the social conditions that invoke criminality are resistant to social change The articles repeatedly demand a critical evaluation of prevention theories and programs and call for accountability within the crime prevention profession The collection will serve as a valuable resource for policymakers and practitioners as well as for academics The volume includes an excellent directory of crime delinquency prevention organizations and a supplementary bibliography Choice In recent years the idea of prevention as a means of controlling crime has gained unprecedented popularity Advocates of crime prevention frequently see its proactive nature to be superior to the reactive stance of typical law enforcement Yet major questions continue to arise about what prevention is how it can be carried out to whom it should be directed and where it can best be implemented Elmer E Johnson has drawn together a variety of perspectives in an effort to provide an integrated analysis of fundamental concepts relating to the preventive approach Comparative and International Criminal Justice Charles B. Fields,Richter H. Moore,2005 Geographic and cultural diversity is well represented in this volume Traditional systems of justice are included as well as some very nonconventional methods of dispute resolution and punishment This finely tuned international collection will enhance a reader s appreciation and understanding of widely diverse approaches to law and control in selected cultural systems that differ greatly from familiar Western based attitudes Fields and Moore s collection provides readers with valuable twenty first century insight into the increasing complexity and
