just before Hitler became Chancellor to the early days of Nazi government The street in question is Wallstrasse It suffered particular brutality in revenge for the killing of a Stormtrooper At the beginning of the book the names of eighteen victims are printed The Charlottenburg Death List These names are real but they don't tell the whole story As the translator Betty Rensen says in her foreword But many more murders and executions have taken place they could not all be recounted here because of the possible repercussions on relatives and friends The author had therefore to be content with the names in the death list These names are all well known in Berlin Charlottenburg and in some cases the families have emigrated beyond the reach of Nazi justice The story of how the manuscript was smuggled out of the country is almost one of tragic comedy The author dressed as if going for a skiing holiday The customs examination was thorough until that is it came to checking the rucksack It appeared to contain two enormous cakes Feigning embarrassment Jan Petersen explained Well you know what women are don't you I told my wife I was only going away for three days but she would go and bake me two whopping big cakes It'll take me a week to eat one Just look at the size of them The official was all smiling complaisance his wife being just the same he said Inside the cakes the manuscript had been baked The English translation of *Our Street* was published in 1938 in Gollancz's Left Book Club Victor Gollancz himself called it vivid and exciting It still is
