Policing In Japan A Study On Making Crime

Louis D. Hayes

Policing In Japan A Study On Making Crime:

Policing in Japan Setsuo Miyazawa, 1992-03-26 This book is an observational study of the Japanese detective demonstrating with extensive field data the process of criminal investigation It is the first in depth study of the Japanese criminal justice system at work Utilizing Ericson s concept of making crime Setsuo Miyazawa analyzes the restraints under which Japanese detectives work and the unique freedoms they have in the investigative process in comparison to American police generally He also provides a comparative analysis of law enforcement in Japan the United States and Europe and questions how effectively these systems evaluate and enable investigative police work

Policing in Japan Setsuo Miyazawa, Frank G. Bennett, 1992-01-01 An observational study of the Japanese detective The Police In Occupation Japan Christopher Aldous, 2014-04-08 Many Western commentators have expressed their admiration for the Japanese police system tracing its origins to the American Occupation of Japan 1945 52 This study challenges the assumptions that underlie these accounts focusing on the problems that attended the reform of the Japanese police during the Occupation Drawing on a wide range of primary sources Christopher Aldous explores the extent to which America failed in its goal of democratizing the Japanese police force arguing that deeply rooted tradition the pivotal importance of the black market and the US s decision to opt for an indirect Occupation produced resistance to reform His study concludes with a consideration of the postwar legacy of the Occupation s police reform and touches on a number of recent controversies most notably the case of Aum Shinrikyo

Comparative Policing from a Legal Perspective Monica den Boer, Public police forces are a regular phenomenon in most jurisdictions around the world yet their highly divergent legal context draws surprisingly little attention Bringing together a wide range of police experts from all around the world this book provides an overview of traditional and emerging fields of public policing New material and findings are presented with an international comparative perspective it is a must read for students of policing security and law and professionals in related fields *The Blackwell Companion to Criminology* Colin Sumner, 2008-04-15 The Blackwell Companion to Criminology provides a contemporary and global resource to scholarship in both classical and topical areas of criminology Written accessibly and with its international perspective and first rate scholarship this is truly the first global handbook of criminology Editors and contributors are international experts in criminology offering a comparative perspective on theories and systems Contains full discussion of key debates and theories the implications of new topics studies and ideas and contemporary developments Coverage includes class gender and race criminal justice juvenile delinquency punishment mass media international crimes and social control

Policing Across the World R.I. Mawby, 2013-04-15 This wide ranging text provides an overview of policing across different societies and considers the issues facing the US and British police in a wider international context The book is designed as a coherent introduction to the police

Cultural Norms and National Security Peter J. Katzenstein, 2018-09-05 Nonviolent state behavior in Japan this book argues results from the distinctive breadth with which

the Japanese define security policy making it inseparable from the quest for social stability through economic growth While much of the literature on contemporary Japan has resisted emphasis on cultural uniqueness Peter J Katzenstein seeks to explain particular aspects of Japan's security policy in terms of legal and social norms that are collective institutionalized and sometimes the source of intense political conflict and change Culture thus specified is amenable to empirical analysis suggesting comparisons across policy domains and with other countries Katzenstein focuses on the traditional core agencies of law enforcement and national defense The police and the military in postwar Japan are he finds reluctant to deploy physical violence to enforce state security Police agents rarely use repression against domestic opponents of the state and the Japanese public continues to support by large majorities constitutional limits on overseas deployment of the military Katzenstein traces the relationship between the United States and Japan since 1945 and then compares Japan with postwar Germany He concludes by suggesting that while we may think of Japan's security policy as highly unusual it is the definition of security used in the United States that is in international terms exceptional

Japan's Prosecution Review

Commission David T. Johnson, 2023-01-01 This book explains Japan's unique Prosecution Review Commission PRC which is composed of eleven lay people selected randomly from voter registration lists Each of the country's 165 PRCs reviews non charge decisions made by professional prosecutors and determines which cases should be reinvestigated or charged PRCs also provide prosecutors with general proposals and recommendations for improving their policies and practices The book analyzes the history and operations of the PRC and uses statistics and case studies to examine its various impacts from legitimation and shadow effects to kickbacks and mandatory prosecution More broadly this book explores a problem that is common in many criminal justice systems how to hold prosecutors accountable for their non charge decisions It discusses the potential these panels have for improving the quality of criminal justice in Japan and other countries and it will appeal to scholars and students studying prosecution and democracy criminal justice criminology lay participation justice reform and Japanese studies

Crime and Justice, Volume 41 Michael Tonry, 2013-12-16 Prosecutors are powerful figures in any criminal justice system They decide what crimes to prosecute whom to pursue what charges to file whether to plea bargain how aggressively to seek a conviction and what sentence to demand In the United States citizens can challenge decisions by police judges and corrections officials but courts keep their hands off the prosecutor Curiously in the United States and elsewhere very little research is available that examines this powerful public role And there is almost no work that critically compares how prosecutors function in different legal systems from state to state or across countries Prosecutors and Politics begins to fill that void Police courts and prisons are much the same in all developed countries but prosecutors differ radically The consequences of these differences are enormous the United States suffers from low levels of public confidence in the criminal justice system and high levels of incarceration in much of Western Europe people report high confidence and support moderate crime control policies in much of Eastern Europe people's perceptions of the law are marked by cynicism

and despair Prosecutors and Politics unpacks these national differences and provides insight into this key area of social control Since 1979 the Crime and Justice series has presented a review of the latest international research providing expertise to enhance the work of sociologists psychologists criminal lawyers justice scholars and political scientists The series explores a full range of issues concerning crime its causes and its cure World Criminal Justice Systems Richard J. Terrill, 2015-10-30 World Criminal Justice Systems Ninth Edition provides an understanding of major world criminal justice systems by discussing and comparing the systems of six of the world's countries each representative of a different type of legal system An additional chapter on Islamic law uses three examples to illustrate the range of practice within Sharia Political historical organizational procedural and critical issues confronting the justice systems are explained and analyzed Each chapter contains material on government police judiciary law corrections juvenile justice and other critical issues The ninth edition features an introduction directing students to the resources they need to understand comparative criminal justice theory and methodology The chapter on Russia includes consideration of the turmoil in post Soviet successor states and the final chapter on Islamic law examines the current status of criminal justice systems in the Middle East **The Rule of Law in Japan** Carl F. Goodman, 2017-04-01 Practitioners who deal with Japanese law have put great store by earlier editions of this major work which systematically compares United States US law and Japanese law across all the major fields of legal practice This fourth revised edition updates the work with the continuing dramatic changes in Japan's legal system including changes in criminal trials disclosures to defense counsel of evidence to be used by the prosecution the increasing use of recordings of interrogation sessions and the impact of the indigenous movement for judicial reform All chapters have been updated In the fourth revised edition which follows the same comparative structure as formerly author Carl Goodman an internationally known authority with extensive experience in international practice university teaching in both Japan and the US and US government service takes expert stock of new developments including the following the Cabinet's Declaration reinterpreting the Renunciation of War Clause in the Constitution and legislation following such reinterpretation interpretation of new rules for international jurisdiction of Japanese courts including the new law's effect on mirror image lawsuits filed in Japan the Supreme Court's rulings dealing with the presumption of paternity the waiting period for remarriage after divorce and inheritance rights of out of wedlock children international and domestic Japanese child custody unanticipated consequences of criminal trials before the new mixed lay professional panels debate concerning the Emperor's announcement of his desired abdication and an update of Japan's experiment with new graduate legal faculties Although the alteration of the legal landscape in Japan is highly visible the author does not hesitate to raise questions as to how far reaching the changes really are In almost every branch of the new Japanese legal practice he uncovers ways in which laws and judicial rulings are closely qualified and are likely to present challenges in any given case He reminds the reader in each chapter that what you see may not be what you get For this reason and for its comprehensive coverage this new edition is

sure to gain new adherents as the best informed practical guide for non Japanese lawyers with dealings in Japan

Police-Citizen Relations Across the World Dietrich Oberwittler, Sebastian Roché, 2017-10-02 Police citizen relations are in the public spotlight following outbursts of anger and violence Such clashes often happen as a response to fatal police shootings racial or ethnic discrimination or the mishandling of mass protests But even in such cases citizens assessment of the police differs considerably across social groups This raises the question of the sources and impediments of citizens trust and support for police Why are police citizen relations much better in some countries than in others Are police minority relations doomed to be strained And which police practices and policing policies generate trust and legitimacy Research on police legitimacy has been centred on US experiences and relied on procedural justice as the main theoretical approach This book questions whether this approach is suitable and sufficient to understand public attitudes towards the police across different countries and regions of the world This volume shows that the impact of macro level conditions of societal cleavages and of state and political institutions on police citizen relations has too often been neglected in contemporary research Building on empirical studies from around the world as well as cross national comparisons this volume considerably expands current perspectives on the sources of police legitimacy and citizens trust in the police Combining the analysis of micro level interactions with a perspective on the contextual framework and varying national conditions the contributions to this book illustrate the strength of a broadened perspective and lead us to ask how specific national frameworks shape the experiences of policing

People Who Eat Darkness Richard Lloyd Parry, 2012-05-22 Lucie Blackman tall blond twenty one years old stepped out into the vastness of Tokyo in the summer of 2000 and disappeared forever The following winter her dismembered remains were found buried in a seaside cave Richard Lloyd Parry an award winning foreign correspondent covered Lucie s disappearance and followed the massive search for her the long investigation and the even longer trial Over ten years he earned the trust of her family and friends won unique access to the Japanese detectives and Japan s convoluted legal system and delved deep into the mind of the man accused of the crime Joji Obara described by the judge as unprecedented and extremely evil The result is a book at once thrilling and revelatory In Cold Blood for our times Chris Cleave author of Incendiary and Little Bee The People Who Eat Darkness is one of Publishers Weekly s Top 10 Best Books of 2012

Comparing Prison Systems Nigel South, Robert P. Weiss, 2014-01-02 This book provides in depth original and critical analyses by leading scholars of the penal systems of 16 nations around the world focusing on changes in social structure culture and punishment since 1975 Contributors provide an international and comparative context in which to understand the impact of recent profound economic social and political changes on penal theory and practice

Offender Care and Support by Families in Contemporary Japan Mari Kita, 2023-09-01 Because people s contact with the criminal justice system comes in different shapes and forms scholars are now broadening their analytical scope and examining the overall repercussions of criminal justice contact on families of offenders Compared to Western societies Japan is known for

its lower crime rates and more pronounced use of informal social control. Thus it offers a useful research site for examining how families in a low crime society experience criminal justice contact and how they function as an integral part of the nation's crime control mechanism. This book considers the role of the family in the lives of offenders and the criminal justice system in Japan. Looking particularly at gender and patriarchal power relations it reveals how cultural notions of femininity prompt the criminal justice system to rely on women as its proxy. This book explores how families of offenders often step in to fill the voids left by criminal justice institutions and social services to provide offenders with all inclusive care. The burden of supervising and rehabilitating offenders on top of the expectation to atone for the crimes also renders families ambivalent and ashamed. Whereas the state and criminal justice authorities tend to see offenders families as a crucial resource for prisoner reentry this book highlights the necessity for addressing families needs before automatically assuming their support. It also pushes the boundaries of feminist criminology by showing how women can be affected by male criminality and male dominated criminal justice institutions other than as victims and offenders. An accessible and compelling read this book will appeal to students and scholars of criminology sociology gender studies Japanese culture and all those interested in learning more about the criminal justice system in Japan.

Encyclopedia of Violence, Peace, and Conflict, 1999-08-16 The Encyclopedia of Violence Peace and Conflict a three volume set written by more than 200 eminent contributors from around the world takes advantage of increasing worldwide awareness in the public private commercial and academic sectors about manifestations of violence in all segments of society. While the contributors do not use these volumes to make specific arguments they do describe and clarify the developments in thought that have led to current theories about and positions on violence and peace. Our reviewers consistently note that while many in depth studies of war peace and aggression exist the attendant specialization keeps scholars from learning about related fields. No publication competing with the Encyclopedia of Violence Peace and Conflict can satisfy their need for a vast introductory work to such a diverse and socially important field. This major work includes more than 190 multidisciplinary articles with over 1 000 cross references and more than 2 000 bibliography entries for further reading which are arranged alphabetically for easy access. More than 190 multidisciplinary articles with over 1 000 cross references. Article outline and glossary of key terms begin each article. Entries arranged alphabetically for easy access. Three volume set with subject index of over 750 entries. Articles written by more than 200 eminent contributors from around the world.

Understanding Japanese Society Joy Hendry, 2019-07-09 In this welcome brand new fifth edition of the bestselling textbook Understanding Japanese Society Joy Hendry takes the reader into the heart of Japanese life. Providing a clear and accessible introduction to Japanese ways of thinking which does not require any previous knowledge of the country this book explores Japanese society through the worlds of home work play religion and ritual covering a full range of life experiences from childhood to old age. It also examines the diversity of people living in Japan the effects of a growing number of new immigrants and role of the longest standing Japanese prime minister Shinzo

Abe Fully updated revised and expanded the fifth edition contains new material on the continued effects of the earthquake tsunami and nuclear disasters of 2011 local examples of care for nature and the environment new perspectives on the role of women Japan's place in the context of globalisation Each chapter in this new edition also includes an exciting insert from scholars in the field based on new and emerging research This book will be invaluable to all students studying Japan It will also enlighten those travellers and business people wishing to gain an understanding of Japanese people Introduction to Japanese Politics Louis D. Hayes, 2016-09-17 This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the country's political life It incorporates new coverage of the end of the Koizumi era the brief and troubled premiership of Abe and the selection of Fukuda as prime minister This edition also includes expanded material on bubble and post bubble economic developments as well as all new coverage of health care policy The text opens with an overview of Japan's geographical setting and history The next group of chapters covers political institutions processes and actors Two sections then address the country's distinctive social order and economy educational healthcare and public safety systems Part five looks at the increasingly contentious realm of foreign relations and security issues including China's expanding role and the issue of North Korea A concluding section considers dynamics of change in Japanese politics **Law in Japan** Daniel H. Foote, 2011-10-17 This volume explores major developments in Japanese law over the latter half of the twentieth century and looks ahead to the future Modeled on the classic work Law in Japan The Legal Order in a Changing Society 1963 edited by Arthur Taylor von Mehren it features the work of thirty five leading legal experts on most of the major fields of Japanese law with special attention to the increasingly important areas of environmental law health law intellectual property and insolvency The contributors adopt a variety of theoretical approaches including legal economic historical and socio legal As Law and Japan A Turning Point is the only volume to take inventory of the key areas of Japanese law and their development since the 1960s it will be an important reference tool and starting point for research on the Japanese legal system Topics addressed include the legal system with chapters on legal history the legal profession the judiciary the legislative and political process and legal education the individual and the state with chapters on constitutional law administrative law criminal justice environmental law and health law and the economy with chapters on corporate law contracts labor and employment law antimonopoly law intellectual property taxation and insolvency Japanese law is in the midst of a watershed period This book captures the major trends by presenting views on important changes in the field and identifying catalysts for change in the twenty first century Bodies of Evidence Amanda C. Seaman, 2004-02-28 The publication in 1992 of Miyabe Miyuko's highly anticipated Kasha translated into English as All She Was Worth represents a watershed in the history of Japanese women's detective fiction Inspired by Miyabe's success and the increasing number of Western mysteries in translation women began writing mysteries of all types employing the narrative and conceptual resources of the detective genre to depict and critique contemporary Japanese society and the situation of

women in it Bodies of Evidence examines this recent boom and the ways in which five contemporary authors Miyabe Nonami Asa Shibata Yoshiki Kirino Natsuo and Matsuo Yumi critically engage with a variety of social issues and concerns consumerism and the crisis of identity discrimination and harassment in the workplace sexual harassment and sexual violence and motherhood Bodies of Evidence moves beyond the borders of detective fiction scholarship by exploring the worlds constructed by these authors in their novels and showing how they intersect with other political cultural and economic discourses and with the lived experiences of contemporary Japanese women

Policing In Japan A Study On Making Crime Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Policing In Japan A Study On Making Crime PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to

focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Policing In Japan A Study On Making Crime PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Policing In Japan A Study On Making Crime free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
