Policing Soviet Society:

Policing Soviet Society Louise Shelley, 2005-08-02 The first book to look in depth at the Soviet militia A crucial aid to understanding the authoritarianism of the communist system and its legacy for Russia and the successor states **Policing Soviet Society** Louise Shelley, 2005-08-02 Since its creation immediately after the Russian revolution the militia has had a broad range of social political and economic functions necessary to direct and control a highly centralized socialist state However as the communist party lost its legitimacy the militia was increasingly thrust into the front line of political conflict A task it was unsuited to perform Despite the efforts of perestroika to reform it the collapse of the Soviet state also led to the collapse of morale within the militia Louise Shelley provides a comprehensive view of the history development functions personnel and operations of the militia from its inception until after the demise of the Soviet state The militia combined elements of continental socialist and colonial policing Its functions and operations changed with the development of the state yet it always intervened significantly in citizen s lives and citizens were very much involved in their own control Over time the militia became more removed from politics and more concerned with crime control but it always remained a tool of the party This is the first book to analyze the militia which was one of the most vital elements of control within the Soviet State It will be a crucial aid to understanding the authoritarianism of the communist system and its legacy for Russia and the successor states Louise I Shelley is Professor at the Department of Justice Law and Society and the School of International Service at the American University Washington D C *Policing Post-communist Societies* Niels A. Uildriks, P. van Reenen, 2003 Eastern European countries have been involved in a complex transition towards more democratic forms of government Since the demise of communism the building up of an independent judiciary and a general reorientation of the police role within society have been key issues On the basis of three country studies in Russia Lithuania and Mongolia this book analyses the present state of policing in a variety of post communist societies in terms of police public violence democratic policing the rule of law and human rights It is also complemented by recent comparable and previously unpublished police data for Romania Bulgaria and Poland Those studies have been carried out amongst the rank and file of the uniform branch in Lithuania and Russia which were commissioned by the Soros Open Society Foundation They were specifically concerning views and experiences concerning police public violence and current policing problems in general A third study was carried in Mongolia amongst criminal investigators and sought to explore violent investigative practices This book seeks to combine a thorough theoretical analysis with unique empirical data It analyses the different problems of transition of post communist societies towards more democratic forms of government with unique data from both outside and inside the police *Policing Stalin's Socialism* David R. Shearer, 2014-05-14 *Policing Stalin's Socialism* is one of the first books to emphasize the importance of social order repression by Stalin's Soviet regime in contrast to the traditional emphasis of historians on political repression Based on extensive examination of new archival materials David Shearer finds that most

repression during the Stalinist dictatorship of the 1930s was against marginal social groups such as petty criminals deviant youth sectarians and the unemployed and unproductive It was because Soviet leaders regarded social disorder as more of a danger to the state than political opposition that they instituted a new form of class war to defend themselves against this perceived threat Despite the combined work of the political and civil police the efforts to cleanse society failed this failure set the stage for the massive purges that decimated the country in the late 1930s *Crime, Police, and Penal Policy* Clive Emsley, 2007-07-05 This book provides a synthesis of recent research on the history of crime and criminal justice in Europe from the mid 18th to the mid 20th centuries It tackles the subject chronologically paying due attention to the evolving economic social and political aspects of the continent over the two centuries It addresses specifically the different forms of criminal offending and the changing interpretations and understandings of that offending at both elite and popular levels It explores how both old regimes and the new nation states that emerged in the early 19th century responded to criminal activity with the development of police forces and the refinement of forms of punishment *Handbook of Policing* Tim Newburn, 2012-08-21 This new edition of the Handbook of Policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics It provides a comprehensive but highly readable overview of policing in the UK and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves *Policing the Revolution* Rebecca Hanson, 2025-03-04 Since the mid 2000s Venezuela has been ranked one of the most violent countries in the world as homicides and police violence skyrocketed Much has been written about the country's turn to Chavismo but scholarship has ignored what will perhaps be the revolution's most important legacy how Chavista policies transformed coercive power and the security landscape In *Policing the Revolution* Rebecca Hanson provides the first in depth analysis of policing and security policies during the Bolivarian Revolution in Venezuela focusing on the experiences of three groups police officers police reformers and residents of neighborhoods most affected by violence Drawing on ethnographic interview and survey research collected over ten years she analyzes how security policies within the context of the pink tide and later turn to authoritarianism contributed to the expansion of lateral violence and the pluralization of non state armed actors Far from the always already authoritarian project proposed by many scholars and pundits Hanson shows that the Bolivarian Revolution was defined by highly contested and contrasting visions of security that resulted in a fragmented and inconsistent ordering of state and society Moreover by pairing the vantage point of street level police officers with that of ordinary barrio residents she provides a unique analysis of how insecurity during revolution was experienced from below Rethinking the relationship between revolution violence and state building this book is essential reading to understand how and why violence increased so dramatically in Venezuela in the twenty first century **Understanding the Modern Russian Police** Olga B. Semukhina, Kenneth Michael Reynolds, 2013-05-24 *Understanding the Modern Russian Police* represents the culmination of ten years of research and an

ongoing partnership between the Volgograd Academy of Russian Internal Affairs Ministry VA MVD and the Volgograd branch of the Russian Presidential Academy of National Economy and Public Administration VAPA The book provides a timely and comprehensive

Policing Across the World R.I. Mawby, 2013-04-15 This wide ranging text provides an overview of policing across different societies and considers the issues facing the US and British police in a wider international context The book is designed as a coherent introduction to the police

Policing John Grieve, Clive Harfield, Allyson MacVean, 2007-05-21 This is the first course guide that has been developed for students of policing It identifies the core themes and additional source material providing an essential overview for students and a reference point for use throughout their studies The Policing Course Companion is designed to complement and work alongside existing literature It provides Easy access to the key themes in policing Helpful summaries of the approach taken by the main course textbooks Guidance on the essential study skills required to pass the course Help with developing critical thinking Taking it Further sections that suggest how readers can extend their thinking beyond the received wisdom Pointers to success in course exams and written assessment exercises The SAGE Course Companion in Policing is much more than a revision guide for undergraduates it is an essential tool that will help readers take their course understanding to new levels and help them achieve success in their undergraduate course John Grieve is a former Director of Intelligence for the Metropolitan Police where he also held a number of other senior roles He is now Chair of the John Grieve Centre for Policing and Community Safety and Emeritus Professor at London Metropolitan University Clive Harfield is a former police Inspector and is now the Deputy Director of the John Grieve Centre for Policing and Community Safety London Metropolitan University Allyson MacVean is Founder and Director of the John Grieve Centre for Policing and Community Safety London Metropolitan University

Russian Youth James Finckenauer, James O. Finckenauer, 2018-02-20 In the generation that has passed what have we learned about the rule of law legality legal reasoning and deviance in Russia And what about the general subject of legal socialization how young people learn about rules norms and laws what their attitudes about rules and laws are and if and whether this knowledge and these attitudes shape their behavior The second edition of Russian Youth asks and answers these questions

Policing Change, Changing Police Otwin Marenin, 2018-10-24 First published in 1996 In keeping with the other volumes in the Current Issues in Criminal justice series this anthology is a prime example of joining readability and scholarship Editor Otwin Marenin has thoughtfully commissioned and compiled an excellent group of essays on the role of police in changing societies by a very knowledgeable group of scholars Moreover Marenin has added substantially to the collection through his own insightful contributions

Crime and Punishment in Russia Jonathan Daly, 2018-02-22 Crime and Punishment in Russia surveys the evolution of criminal justice in Russia during a span of more than 300 years from the early modern era to the present day Maps organizational charts a list of important dates and a glossary help the reader to navigate key institutional legal political and cultural developments in this evolution The book approaches Russia both on its own terms and in light of

changes in Europe and the wider West to which Russia's rulers and educated elites continuously looked for legal models and inspiration. It examines the weak advancement of the rule of the law over the period and analyzes the contrasts and seeming contradictions of a society in which capital punishment was sharply restricted in the mid 1700s while penal and administrative exile remained heavily applied until 1917 and even beyond. Daly also provides concise political, social, and economic contextual detail showing how the story of crime and punishment fits into the broader narrative of modern Russian history. This is an important and useful book for all students of modern Russian history as well as of the history of crime and punishment in modern Europe.

Policing Citizens P.A.J. Waddington, 2002-11-01 This analysis of policing throughout the modern world demonstrates how many of the contentious issues surrounding the police in recent years, from paramilitarism to community policing, have their origins in the fundamentals of the police role. The author argues that this results from a fundamental tension within this role. In liberal democratic societies, police are custodians of the state's monopoly of legitimate force, yet they also wield authority over citizens who have their own set of rights.

Dictionary of Policing Tim Newburn, Peter Neyroud, 2013-06-17 Covers the rapidly developing and increasingly professionalized field of contemporary policing with its new emphasis on skills, standards, and knowledge.

Policing Developing Democracies Mercedes S. Hinton, Tim Newburn, 2008-09-25 There are enormous challenges in establishing policing systems in young democracies. Such societies typically have a host of unresolved pressing social, economic, and political questions that impinge on policing and the prospects for reform. There are a series of hugely important questions arising in this context to do with the emergence of the new security agenda, the problems of transnational crime and international terrorism, the rule of law, and the role of the police, security services, and the military. This is a field that is not only of growing academic interest but is now the focus of a very significant police reform industry. Development agencies and entrepreneurs are involved around the globe in attempts to establish democratic police reforms in countries with little or no history of such activity. Consequently, there is a growing literature in this field, but as yet no single volume that brings together the central developments. This book gathers together scholars from political science, international relations, and criminology to focus on the issues raised by policing within developing democracies, examining countries in Eastern Europe, Asia, South America, and Africa.

Police Innovation and Control of the Police L. Green, David Weisburd, Craig Uchida, 2012-12-06 *Police Innovation and Control of the Police: Problems of Law, Order, and Community* brings together an impressive array of scholars and analysts to examine the impact of the development of crime control strategies on problems of police corruption and abuse. The text provides an historical overview of the development of legal control of the police and examines the challenges that recent innovations, such as community or problem-oriented policing, present to the traditional historical mechanisms for maintaining control of the police. Additionally, a comparative perspective is featured that draws upon the experiences of the Gorbachev era in the Soviet Union as well as on the history of European law enforcement over the last century. This book is instrumental for encouraging discussion and

debate of police innovation and its impact on the ability of society to control the police abuse In light of the Los Angeles riots of the Spring of 1992 scholars practitioners and students of crime prevention studies criminology and psychology will find this volume timely topical and provocative **Police Conflict Management, Volume I** Mario S. Staller, Swen

Koerner, Benni Zaiser, 2023-12-04 This book as part of a two volume set provides a broad overview of the current state of research on conflict management in law enforcement contexts globally with a focus on contemporary challenges and opportunities in policing globally and ethical considerations They cover a wide range of interactions between police and the public This volume I focusses on the challenges and opportunities examining topics such as police legitimacy police culture violence mental health community relations and crisis situations Volume II focusses on police training and education and the learning settings needed for police to professionally tackle contemporary challenges These books bring together leading research that is determining the state of the art in communication de escalation use of force and other contemporary issues in policing with practical Key Takeaways in each chapter They broaden the field by focussing on research which goes beyond the US including in Scandinavia Switzerland the Netherlands Germany the Republic of South Africa and Russia *State Building in Putin's Russia* Brian D. Taylor, 2011-02-21 This book argues that Putin's strategy for rebuilding the state was fundamentally flawed Taylor demonstrates that a disregard for the way state officials behave toward citizens state quality had a negative impact on what the state could do state capacity Focusing on those organizations that control state coercion what Russians call the power ministries Taylor shows that many of the weaknesses of the Russian state that existed under Boris Yeltsin persisted under Putin Drawing on extensive field research and interviews as well as a wide range of comparative data the book reveals the practices and norms that guide the behavior of Russian power ministry officials the so called siloviki especially law enforcement personnel By examining siloviki behavior from the Kremlin down to the street level *State Building in Putin's Russia* uncovers the who where and how of Russian state building after communism

Undercover Police Surveillance in Comparative Perspective Cyrille Fijnaut, Gary T. Marx, 2023-08-14 The United States and Europe have recently experienced a significant expansion in the use of undercover police tactics and technological means of surveillance In a democratic society such tactics raise significant questions for public policy and social research New and sophisticated forms of crime and social control and their internationalization represent an important and neglected topic Realizing this the leading scholars in this field created a European and American working group for the comparative study of police surveillance This collaborative landmark volume reports the results of their work It is the first book ever devoted to the comparative study of the topic and includes articles on the historical development of covert policing in Europe and its spread to the United States where it was extended and recently exported back to Europe plus detailed accounts of the use of covert tactics in France Germany the Netherlands Belgium the United Kingdom Iceland Sweden Canada and the United States Audience Social scientists historians policy makers lawyers and criminal justice practitioners

Recognizing the way ways to acquire this ebook **Policing Soviet Society** is additionally useful. You have remained in right site to start getting this info. get the Policing Soviet Society link that we offer here and check out the link.

You could purchase lead Policing Soviet Society or get it as soon as feasible. You could quickly download this Policing Soviet Society after getting deal. So, afterward you require the ebook swiftly, you can straight acquire it. Its suitably enormously easy and as a result fats, isnt it? You have to favor to in this melody
