Policy Formation In The European Communi:

Policy-making in the European Union Helen Wallace, Mark A. Pollack, Alasdair R. Young, 2015 The policies of the European Union profoundly affect the lives of people in Europe and around the world The new edition of this highly successful textbook outlines how and why such decisions are made as well as the key challenges faced by policy makers in the current political and economic climate Telecommunications Policy-making in the European Union Joseph W. Goodman, 2006-01-01 This book offers a good study of the development of telecommunications policy by the EU Great value to those interested in understanding both European telecommunications policy and more generally in how policy making operates in the EU Mark Thatcher West European Politics the book provides an interesting perspective on the evolution of nature of telecommunications policy making within the EU As a consequence the book should be of interest to telecommunications and politics government researchers alike Jason Whalley Communications Booknotes Quarterly This well written book deals with the emergence and shaping of telecommunications policy in Europe with a particular focus on the time period of 1987 1998 This book fills an important gap reviewing the initial formative years of European telecommunications policy development and liberalization in detail The book captures the complicated and interdependent policy formation process in Europe in a credible and thoughtful way without falling into the trap of admiring critical personalities and key actors The author has written an important and useful book which invites the research community to further explore the evolution of European telecommunications policy Erik Bohlin Communications Strategies Examining the emergence of a European Union telecommunications policy Joseph Goodman explains how and why the policy developed as it did and why certain reforms in the sector were easier to achieve than others He provides a history of the key actors in the policy making process from the first attempts by the national postal telegraph and telecommunication administrations to coordinate their telecommunications policies in the 1950s to the implementation of a comprehensive EU telecommunications regulatory structure in 1998 and the development of a new regulatory structure in 2003 The analytical framework employed by the author draws upon new institutionalism and actor based approaches providing an opportunity to evaluate the utility of a synthetic approach for examining and explaining EU policy making The focus of his analysis is on the European Commission s two pronged strategy of liberalisation and harmonisation which began in the late 1980s and culminated in an important milestone on January 1st 1998 when the EU Member States fully opened their telecommunications markets to competition He concludes that a synthetic approach which enables the researcher to apply a number of approaches to multiple settings and various levels of analysis is useful even necessary in understanding and explaining the many dimensions of EU policy making This authoritative study will be of interest to all those in the telecommunications industry including attorneys consultants and lobbyists who would like to know how the EU s policy developed It will appeal more generally to political scientists and scholars of European history and politics *Policy-Making in the European Union* Laura

Cram,2005-06-28 Laura Cram takes a fresh view at attempts to conceptualize the process of European integration Her book explores the impact of the day to day work of policy maker interest groups and bureaucrats in influencing the environment in which European Treaty formulation and ratification are taken She sheds new light on the wide range of policy areas in which institutions such as the Commission of the European Union and the European Court of Justice have succeeded in expanding the scope of EU competence despite national government opposition **Policy-making in the European Union** Helen Wallace,Mark A. Pollack,Christilla Roederer-Rynning,Alasdair R. Young,2020 Policy making in the EU has far reaching implications for the EU s member states and citizens and for the wider world It is constantly evolving as part of this ongoing experiment in the collective governance of a multinational continent The eighth edition of this comprehensive text explores the processes institutions and modes through which policy is made before looking at key individual policies in detail New to this Edition Detailed assessments of the implications of politicization for European policy making Evaluation of the emerging consequences of the UK s departure on EU policy making New chapters on the EU s digital policy and development policy Coverage of the 2015 surge in migrants to the EU the Covid 19 pandemic and the America First foreign policy of the Trump administration Book jacket [Interest Mediation and Policy Formulation in the European Union](#) Olga Schenk,2013

Policy-making in the European Union Helen S. Wallace,Mark A. Pollack,Alasdair R. Young,2010 The policies of the European Union profoundly affect the lives of people in Europe and around the world The new edition of this highly successful textbook outlines how and why such decisions are made as well as the key challenges faced by policy makers in the current political and economic climate Policy Making in the European Union begins by clarifying the institutional framework of the EU and the analytical approaches used to understand it A wide range of crucial and illustrative policies are then explored in detail by subject experts This volume includes new chapters on ways of analyzing the EU s policy process and on energy policy A central theme to the volume is how the recent expansion to twenty seven member states has affected policy making across the different policy sectors The conclusion reflects on how this challenge and the protracted constitutional stalemate have affected policy making in the EU It also explores the impact of the financial and economic crises that have struck Europe over the past several years The sixth edition is fully up to date and is the ideal text for all those with an interest in the policy making of the European Union **EU Railway Policy-Making** H. Dyrhaug,2013-09-18 Through policy and intervention national governments in Europe have long held an active interest in railways an interest that has transferred to the supranational level via the EU commission This book explores why the EU Commission has been so slow in creating an EU railway policy pointing the finger at strong resistance by national governments **The Formation of Coalitions in the European Union** Maren Kreutler,2015-03-26 This book investigates why European associations form interest coalitions which strategies these coalitions pursue to influence the EU institutions and how persistent they are over time In this context questions concerning the transparency of European decision making are approached The field of

European energy policy serves as empirical background providing a valuable insight into a little researched area of European politics

Understanding Eu Policy Making Raj S. Chari, Sylvia Kritzing, 2006-08-20 EU policy shapes all areas of our lives from our money to our food to our welfare Yet we know little about how EU decisions are made and who benefits from them This book is a critical guide to the policies of the EU Raj Chari and Sylvia Kritzing argue that there is an agenda that underlies EU policy making Some policies those that aim to create a competitive economy are prioritised while others are effectively ignored Setting the EU in a proper economic and theoretical context the authors analyse each of the EU s major policy areas Arguing that traditional accounts of EU integration are inadequate the authors develop an innovative new perspective

Environmental Policy-Making In Britain, Germany and the European Union Rüdiger K. W. Wurzel, 2006-08-08 This book explains why national conflicts have arisen and how they are resolved at EU level by focusing on the Europeanisation of air and water pollution control

Policy-Making in EU Security and Defense H. Dijkstra, 2013-08-29 EU foreign policy has long been considered the exclusive domain of member states This book challenges such state centered wisdom by analyzing the influence of Brussels based EU officials in the area of security and defence Using case studies and unique insights from over a hundred interviews this book shows how everyday policy is made in practice

Policies and Policy Processes of the European Union Laurie Buonanno, Neill Nugent, 2020-11-28 The dynamic and complex system of European Union policymaking is analysed in this new edition of a much praised textbook It offers the most integrated understanding of EU policy available Major approaches to policymaking including intergovernmentalism neofunctionalism supranationalism and critical theory are presented and supplemented with the authors own theoretical model federal integration to create a comprehensive evaluation of the EU s interests and actors in key policy domains The text covers the EU s main policy areas including those on the single market Economic and Monetary Union foreign policy migration and border control social and regional policies and the budget locating them in this wider theoretical framework As such it is the key introduction to the subject for students of European Politics at undergraduate and postgraduate levels New to this Edition Each chapter rewritten many extensively throughout New chapters on migration and border control competition policy and social and cohesion policies New illustrative material and many new examples Each chapter now includes a Guide to Further Reading Accompanying online resources for this title can be found at bloomsburyonlineresources.com policies and policy processes of the european union These resources are designed to support teaching and learning when using this textbook and are available at no extra cost

The Changing Arctic and the European Union Adam Stepien, Timo Koivurova, Paula Kankaanpää, 2015-08-11 The Changing Arctic and the European Union provides a balanced and up to date overview of the multidimensional change taking place in the Arctic regions Against this background the role of the European Union regarding Arctic developments is considered including the ongoing process of formulating an umbrella EU Arctic policy In particular the themes of climate change maritime transport fisheries offshore oil and gas

extraction mining land use and sociocultural change are discussed The book comprises primarily an updated and expanded version of the report Strategic Assessment of Development of the Arctic An assessment conducted for the European Union produced for the European Commission The report was to a great extent based on the interaction with Arctic stakeholders

The SAGE Handbook of European Union Politics Knud Erik Jørgensen, Mark Pollack, Ben Rosamond, 2007-01-03 This volume is one to which anyone trying to make sense of the EU of the early 21st century will return again and again A terrific line up that combines diverse talents from North America and Europe Few books of this kind could live up to the billing definitive benchmark but this one certainly does John Peterson University of Edinburgh A most useful book that can be highly recommended A strong analytical framework coupled with unparalleled coverage of the major issues of the political science research of the EU makes this volume a formidable tool for teaching and a significant input to new scholarly research It is both relatively sophisticated and very accessible to graduate students and advanced researchers The clear writing style and the richness of information presented will certainly make this book interesting for non academic readers Igor Vidacak Institute for International Relations Zagreb Journal of Common Market Studies An admirably comprehensive source book for those interested in how the tools of political science inspire EU area studies The editors enlist leading researchers to synthesize the state of the art in their field of expertise The Handbook of European Union Politics will be an indispensable intellectual resource for researchers teachers and graduate students of the European Union Liesbet Hooghe University of North Carolina at Chapel Hill USA Presents an excellent overview of political science research on the EU It finds the right balance between establishing the state of the art and pointing the reader to theoretical diversity Highly recommended for advanced students and scholars looking for quick and solid orientation in a fragmented field and for new ideas for research Frank Schimmelfennig ETH Zurich Switzerland This is a milestone in the study of EU politics The authors include the most knowledgeable practitioners in the field and collectively they provide a comprehensive and highly competent overview of the state of theory and research on EU institutions politics and policies Fritz Scharpf Max Planck Institute for the Study of Societies Germany The European Union EU poses quite profound questions for scholars and students of the social and political sciences This benchmark handbook is designed to provide an authoritative state of the art guide to the scope of the field suitable for both established scholars and students of the EU reflect and contribute to the debates about the nature of the field of EU studies and EU politics in particular explore in detail the development of the many approaches to the study of EU politics Divided into four sections the Handbook focuses on theorizing European integration the EU as polity politics and policy making in the EU and the EU and the international system Its appeal will reside not only in its comprehensive and authoritative coverage of the field but also in the quality of its contributors and the diversity of theoretical and methodological approaches included The resulting volume is a must have for all scholars and advanced students of the EU and European integration

Constructing European Union Trade Policy Gabriel Siles-Brügge, 2014-02-18 With the

stagnation of the Doha Round of multilateral talks trade liberalisation is increasingly undertaken through free trade agreements Gabriel Siles Br gge examines the EU s decision following the 2006 Global Europe strategy to negotiate such agreements with emerging economies Eschewing the purely materialist explanations prominent in the field he develops a novel constructivist argument to highlight the role of language and ideas in shaping EU trade policy Drawing on extensive interviews and documentary analysis Siles Br gge shows how EU trade policymakers have privileged the interests of exporters to the detriment of import competing groups creating an ideational imperative for market opening Even during the on going economic crisis the overriding mantra has been that the EU s future well being depends on its ability to compete in global markets The increasingly neoliberal orientation of EU trade policy has also had important consequences for its economic diplomacy with the developing economies of the African Caribbean and Pacific group of states European Union Policy-Making Nicole Herweg,2017-02-23 This book furthers the ongoing theoretical development of the multiple streams framework assessing its applicability to European Union EU policy making processes It systematically defines and identifies functional equivalents for all of the framework s core concepts at the EU level and extends the framework in order to explain agenda setting and decision making Furthermore the book derives a set of explicit hypotheses to empirically assess the extent to which the modified framework is able to explain timing agenda prominence and policy change or a lack thereof for the EU natural gas directives passed in 1998 2003 and 2009 The analysis documents that the framework is well suited to explain the EU policy process in general and reveals where additional theoretical refinements are required German Policy-Making and Eastern Enlargement of the European Union During the Ko Stephen Collins,2002 Fully revised and updated this fourth edition is a comprehensive introduction to the politics of the Irish republic Includes coverage of the 1997 general election and the creation of a new coalition of Fianna Fail and the Progressive Democrats under Bertie Ahern that year Examines the implications of a written constitution changes in the party system the power of major interest groups the role of the civil service the position of the media and membership of the European union Places the Republic in its international political context examining its relationship with Britain and the United States and includes full coverage of recent developments such as the Good Friday Agreement and the Celtic Tiger economy Reflecting recent developments in Irish politics the book now has an entire chapter devoted to political corruption **Decision-Making in the European Union** John Peterson,Elizabeth Bomberg,1999-05-25 Based on exhaustive research this book explains how the European Union makes decisions in seven major policy sectors Written in a clear user friendly style it brings the EU alive for a student and non specialist audience The book s central themes are that informal norms often matter more than formal rules agency often matters more than structure and abrupt change often punctuates deadlock It offers a theoretically based introduction to the lively humorous and fascinating politics of a unique experiment in modern governance **Environmental Policy in the EU** Andrew Jordan,Viviane Gravey,2021-05-06 The European Union EU has a hugely important effect on the way in

which environmental policies are framed designed and implemented in many parts of the world but especially Europe The new edition of this leading textbook provides a state of the art analysis of the EU s environmental policies Comprising five parts Environmental Policy in the EU covers the rapidly changing context in which EU environmental policies are made the key actors who interact to co produce them and the most salient dynamics of policy making ranging from agenda setting and decision making through to implementation and evaluation Written by leading international experts individual chapters examine how the EU is responding to a multitude of different challenges including biodiversity loss climate change energy insecurity and water and air pollution They tease out the different ways in which the EU s policies on these topics co evolve with national and international environmental policies In this systematically updated fourth edition a wider array of learning features are employed to ensure that readers fully understand how EU environmental policies have developed over the last 50 years and how they are currently adapting to the rapidly evolving challenges of the twenty first century including the COVID 19 pandemic It is an essential resource for undergraduate and postgraduate students studying environmental policy and politics climate change environmental law and EU politics more broadly The Open Access versions of chapters 19 and 20 available at <https://doi.org/10.4324/9780429402333> have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

EU Policy-Making on GMOs Mihalis Kritikos, 2017-11-02 This book examines the development and implementation of the EU s legislative framework on the commercial release of GMO products as a case study of social regulation operating within a predominantly technical framework The analysis and findings are based on an extensive documentary analysis and interviews with regulators risk assessors public interest groups and biotechnology experts at the national and European levels It argues that in the case of the EU biotechnology framework the particular institutional settings created for the formulation and interpretation of its provisions have been of decisive importance in elaborating a proceduralised science based prior authorization scheme as the preferred framework for granting commercial permits This interdisciplinary work will appeal to EU lawyers decision makers and risk managers as well as academics working in the fields of EU studies politics law risk governance sociology of science risk and technology assessment The book is based on a PhD thesis that was awarded with the 2008 UACES Prize for the Best Thesis in European Studies in Europe and with the EPEES 1st Prize for the Best Thesis written by a Greek Researcher between 2004 and 2008
