

Report of the subregional workshop on implementing evidence-based policy planning for sustainable development

Policy Reform For Sustainable Development In The Caribbean

J. Armstrong

Policy Reform For Sustainable Development In The Caribbean:

Policy Reform for Sustainable Development in the Caribbean Michele Garritty, Louis A. Picard, 1996 The Caribbean countries and many other Third World countries in Latin America Asia and Africa have been under the yoke of structural adjustment measures for more than a decade Numerous studies have addressed the inequality of North South relations the lack of transparency in negotiations that have led to the signature of agreements the absence of a clear definition of responsibilities of the parties engaged the inadequacy and inadaptation of policies with regard to the socio cultural context and especially the refusal to take into account the social demands of the most deprived The criticisms formulated in this book can only find a beginning of solutions by the setting up of a solid administrative organization in which the public officials are made accountable and who once aware of the national and international stakes can confront the constraints involved in State international negotiation relations The book is a very rich presentation of the concept and the problems of structural adjustment and institutional development in the developing countries Beside the impressive introduction and the convincing conclusion the articles on these prerequisites for institutional sustainability present the most important empirical research results The contents is a clear description of problems failures and results in institutional reforms

Rethinking the Reform Question Ann Marie Bissessar, 2009-03-26 In this comprehensive and very wide ranging collection of papers from specific countries across the globe a group of eminent and capable academics in the fields of public administration policy and management draw on a vast amount of theoretical empirical and comparative data to provide an up to date and timely collection of work aiming to explain the underpinning currents of the public sector reform phenomenon This is a set of excellently written papers brought together as a whole to provide a first rate resource for current and existing scholars in the field Most of the research is based on empirical case material from some of the CARICOM countries but one of the book's key strengths is the keen location of findings on firm theoretical foundations backed up with existing comparative data from other parts of the globe It will prove a useful first rate resource for other scholars who want to ascertain the key trends challenges and dilemmas of public sector reform across the world The first two thought provoking chapters set the global context of public sector reform but are also strong on theoretical and comparative analysis The remaining chapters introduce readers to a series of excellent in depth empirical and theoretical contributions but they are not confined to the cases and countries under investigation as all draw from existing theoretical empirical and comparative data sources The authors have given us a deeper sense of understanding of the countries being examined and their underpinning knowledge of the political systems within which public sector reforms are taking place is very evident in this excellent book Taken as a whole this publication provides a set of well written chapters that will provide a very interesting reading

Improving International Capacity Development J. Armstrong, 2013-05-07 Nothing is more important to a new fragile or developing nation than developing the capacity of its government to support national well being Every society is complex every government is

complex Yet well intentioned international development aid born in an era of infrastructure projects continues to apply simplistic technical solutions to these wickedly complex development problems It s an outside in approach that rarely succeeds even by the development industry s own admission But out there amongst the billions of dollars of failed interventions there are bright spots of success places where capacity is harnessed not just for today but for tomorrow too What is working so well Drawing on research practical experience and stories of success Jim Armstrong explores these emerging approaches Governance and Institutional Re-engineering Ann Marie Bissessar,2009-03-26 Governance and Institutional Re engineering comprises a series of thought provoking articles on governance and the institutions of governance It commences with what amounts to a plea by a well respected academician in the field of Public Administration Gerald Caiden in an article entitled Towards Cleaner Government The book brings together scholars from across the world In setting out their various perspectives integrity in public life women and politics and neighbourhood management among the various themes the writers demonstrate the range and diversity of debates involved in the governance of any country The book was certainly successful in presenting an interesting informed well written discussion of contemporary challenges and recent discussions in the field of government and public administration **Social Partnership and Governance Under Crises** Nelson, Carol,2019-05-15 Social dialogue is critical for defining relations within and between different constituencies and bringing divergent interests towards a consensus To bring understanding to the management of these dynamics of convergence and divergence analyzing network relations that underlie social processes and structures of governance is necessary for growth Social Partnership and Governance Under Crises is a collection of innovative research that focuses on the development of network relations while furthering the studies on governance of the public sector under crisis conditions While stressing topics that include labor studies political economy and public administration this book is ideal for public policy practitioners public administrators government officials development agencies academicians researchers and students

Beyond the Carbon Economy Don Zillman,Catherine Redgwell,Yinka Omorogbe,Lila K. Barrera-Hernández,2008-03-06 The present energy economy with its heavy dependence on fossil fuels is not sustainable over the medium to long term for many interconnected reasons Climate change is now recognized as posing a serious threat Energy and resource decisions involving the carbon fuels therefore play a large role in this threat Fossil fuel reserves may also be running short and many of the major reserves are in politically unstable parts of the world Yet citizens in nations with rapidly developing economies aspire to the benefits of the modern energy economy China and India alone have 2 4 billion potential customers for cars industries and electrical services Even so more than half of the world s citizens still lack access to energy Decisions involving fossil fuels are therefore a significant part of the development equation This volume explains how the law can impede or advance the shift to a world energy picture significantly different from that which exists today It first examines the factors that create the problems of the present carbon economy including environmental concerns and development goals It then

provides international and regional legal perspectives examining public international law regional legal structures the responses of international legal bodies and the role of major international nongovernmental actors The book then moves on to explore sectoral perspectives including the variety of renewable energy sources new carbon fuels nuclear power demand controls and energy efficiency Finally the authors examine how particular States are could or should be adapting legally to the challenges of moving beyond the carbon economy

Renewable Energy Dirk Assmann, 2012-05-16 offers knowledge and inspiration to promote renewable energy in developing and industrialized countries Klaus Toepfer Executive Director of UNEP From technology to financing issues Renewable Energy offers a comprehensive and authoritative review of the determining factors that drive worldwide dissemination of renewable energy technologies With a clear emphasis on policy and action contributions from internationally renowned experts combine to form a holistic picture of the current status impacts and future potential of renewable energy Addressing the situation in both developing and developed countries each chapter reviews in detail a different issue to present extensive information on social environmental political economic and technological aspects This will be essential reading for professionals in renewable energy in particular policy makers researchers NGOs and energy consultants and a valuable resource for teachers and students of renewable energy

Tourism Development, Governance and Sustainability in The Bahamas Sophia Rolle, Jessica Minnis, Ian Bethell-Bennett, 2020-07-12 This book focuses on the complex issues of tourism development governance and sustainability in the long standing popular island destination The Bahamas where tourism remains one of the primary fiscal industries The book achieves this by looking at the impacts of mass tourism development from social economic and environmental perspectives panarchy and resilience assessing sustainability moving towards a blue economy impacts of climate change and innovative alternative tourism offerings to ensure sustainable tourism a welcomed but challenging essential contemporary focus of the tourism industry It further looks at how development governance and sustainability come together in the aftermath of a recent natural disaster hurricane Dorian which proved to be a strong catalyst for action innovation and change in The Bahamas Given the complexity of these key concepts and The Bahamas as an established popular tourism destination archipelago which relies so heavily on the industry this book offers significant insight for other tourism regions and will therefore be essential reading for upper level students and academics in the field of Tourism research

Political Science Abstracts , 2012-12-06 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available

The Bloomsbury Handbook of Method in Comparative and International Education Matthew A. M. Thomas,tavis d. jules,Michele Schweisfurth,Robin Shields,2025-03-27 This handbook provides an overview of research concepts methodologies approaches and methods used regularly in the field of comparative and international education As an interdisciplinary field CIE does not espouse a singular or consistent research method Instead researchers generally utilize or are inspired by approaches from a wide range of disciplines including economics anthropology sociology political science philosophy and more Given this diversity this book helps readers understand the unique ways researchers employ method in comparative and international education The handbook includes contributions from leading researchers based in Australia Japan Norway Spain the UK the USA etc and each chapter includes a practical research example focused on a common topic throughout the book It includes four sections covering core concepts methodology approaches and methods and analysis with chapters as diverse as autoethnography Indigenous approaches international large scale assessments and social network analysis among others The book is a partner volume to the Bloomsbury Handbook of Theory in Comparative and International Education

Foreign Operations, Export Financing, and Related Programs Appropriations for 2005 United States. Congress. House. Committee on Appropriations. Subcommittee on Foreign Operations, Export Financing, and Related Programs,2004

Minority Voices From the Academic Superstructure Bailey, Erol K.,Brissett, Nigel O.M.,Bailey, Carol Y.,2024-10-03 Minority Voices From the Academic Superstructure is a critical conversation that bases its argument on interviews with Black Indigenous and people of color BIPOC faculty from across the United States and a range of institutions including large public and private universities small liberal arts colleges and mid size public institutions Using critical race theory CRT and postcolonial studies as the central theoretical frameworks and critical race feminism as a supporting critical paradigm the authors bring to

attention some of the persistent challenges that BIPOC faculty face even in the twenty first century The book builds on a now well established scholarly tradition on faculty experiences in the academy to support the following argument While many gains have been made the vestiges of colonization which critical race theorists continue to highlight as persisting in current systems still render the present day academy a challenging space for BIPOC faculty Through the powerful stories of success and resolve shared by study participants the authors show that colleges and universities represent enormous if challenging sites of opportunity where the goals of advancing greater racial ethnic and gender equality both within and beyond the ivory tower can be pursued Minority Voices From the Academic Superstructure also explores the challenges BIPOC faculty and diversity equity and inclusion DEI initiatives will likely face in a political environment that is increasingly hostile to such efforts This book covers topics such as minorities in education systemic racism intersectionality immigrant experience gendered experiences in education and is a useful resource for academicians education professionals administrators sociologists historians economists and researchers

The Routledge Handbook of International Local Government Richard Kerley, Joyce Liddle, Pamela T. Dunning, 2018-09-13 The Routledge Handbook of International Local Government conducts a rigorous innovative and distinctive analysis of local government within a comparative international context Examining the subject matter with unrivalled breadth and depth this handbook shows how different cultures and countries develop different institutions structures and processes over time yet that all have some features in common the most obvious of which is the recognition that some decisions are better made some services better delivered and some engagement with the state better organised if there is structured organisational expression of the importance of the local dimension of all these factors Thematically organised it includes contributions from international experts with reference to the wider context in terms of geographies local government modes recent developments and possible further lines of research It has a wide academic appeal internationally and will steer a course between the two dimensions of mono jurisdictional studies and cataloguing forms of comparison The Routledge Handbook of International Local Government will be essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research on local government

Social Sciences Lawrence Boudon, Katherine D. McCann, 2003-09-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as

materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2001 and Katherine D McCann has been assistant editor since 2000 The subject categories for Volume 59 are as follows Anthropology Economics Geography Government and Politics International Relations Sociology Electronic Resources for the Social Sciences

Saving Small Island Developing States Shyam Nath, John L. Roberts, Yeti Nisha Madhoo, 2010 Small island states have a big problem the environmental consequences of climate change This text introduces and explains the key environmental policy challenges and suggested responses to them **New West Indian Guide**, 2000

The Routledge Handbook of Post-Reform Indian Economy Rajesh Raj S. N., Komol Singha, 2021-11-25 This handbook presents a comprehensive study of the post reform Indian economy three decades after the economic liberalization started in the early 1990s It studies the broad range of changes that were introduced in the reforms era assessing their impact on sectors like manufacturing agriculture banking and finance among others It also assesses the performance of these sectors amid globalization and the socio economic shifts in the country The volume evaluates the contribution of the reforms to social transformation social inclusion sustainability and human development and deliberates on the gains blind spots and limitations With contributions from scholars across the country case studies and comparative analyses that draw on data analysis econometric evidence and historical sensibility this is an authoritative volume on the reforms of the 1990s and their impact on the Indian economy and people Topical and the first of its kind the book will be a useful resource for scholars and researchers of economics development studies political economy management studies public policy and political studies

Readings of the Workshop on Government Policy Reform for Forestry Conservation and Development in Latin America Hernán Cortés-Salas, Ronnie de Camino, Arnoldo H. Contreras, 1995 **Global Climate Change and Coastal Tourism** Andrew L Jones, Michael Phillips, 2017-11-29 Building upon the book *Disappearing Destinations* Jones and Phillips 2010 and its conclusion that promoted the need to recognize problems meet expectations and manage solutions *Global Climate Change and Coastal Tourism* explores current threats to and consequences of climate change on existing tourism coastal destinations Part 1 of the book provides a theoretical platform and addresses topics such as sustainability tourism impacts governance trade and innovation and how the media addresses climate change and tourism It also assesses management and policy options for the future sustainability of threatened tourism coastal destinations Part 2 presents case studies from all regions of the world Europe The Americas Asia Africa and Australasia which synthesise findings to make recommendations that can be used to promote strategies that ameliorate projected impacts of climate change on coastal tourism infrastructure and in turn promote the future sustainability of coastal tourism destinations This is a timely and informative text with appeal to researchers undergraduate and post graduate students of tourism management tourism planning sustainable tourism

development and leisure management coastal tourism management environmental management planning geography coastal zone management or climate change studies

Policy Reform For Sustainable Development In The Caribbean Introduction

In today's digital age, the availability of Policy Reform For Sustainable Development In The Caribbean books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Policy Reform For Sustainable Development In The Caribbean books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Policy Reform For Sustainable Development In The Caribbean books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Policy Reform For Sustainable Development In The Caribbean versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Policy Reform For Sustainable Development In The Caribbean books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Policy Reform For Sustainable Development In The Caribbean books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain,

meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Policy Reform For Sustainable Development In The Caribbean books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Policy Reform For Sustainable Development In The Caribbean books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Policy Reform For Sustainable Development In The Caribbean books and manuals for download and embark on your journey of knowledge?

FAQs About Policy Reform For Sustainable Development In The Caribbean Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
