

Watch extract from the BBC documentary on Thatcher.

- What was happening in Britain in 1979? Consider social contexts and music.
- Why do they describe Thatcher as a 'lady of the 1860's'?
- Why did the public vote her in?

Opposition

With a government that seemed to be only offering short-term solutions to very real problems such as poverty, crime and unemployment, opposition to the 'new right' was fierce. It became clear that Britain was becoming a 'two-tier' society: those who were prospering under the free market and individual enterprise (often those in towns and cities around London which had fared well in private sector investments and opportunities brought about by the new market economies). The other tier was those who had worked in industry: miners, factory workers, and labourers. This working classes who now faced unemployment had no control over their future, contrary to the 'aspirational-go-getting' suggestions of the Conservative party. The workers, predominantly in the north of England and the midlands, and their families faced very real problems of poverty, poor quality housing and little government support. Here are some examples of opposition in the 1980's:

- Inner-city riots such as those at St. Paul's in Bristol, Toxteth in Liverpool, Moss Side in Manchester, Handsworth in Birmingham and Brixton in London during the early 1980's.
- The miners' strike of 1984-1985.
- The tightening of immigration controls (British Nationality Act 1981 & the Immigration Act 1988).
- Opposition to the placing of Cruise missiles at Greenham Common in Moleworth.
- Clause 28 of the Local Government Act which prohibited local councils from 'promoting' homosexuality.
- The Falklands war of 1982.

Watch the extracts from *Billy Elliot*, (Stephen Daltry, 2000, Working Title Films, UK). What issues discussed so far are evident in this film? What ideologies are evident? Who does it side with? How is this achieved? Who is being represented? How are they represented?

changes that were brought about in planning and the environment during the 1980s and 1990s and argue that much less was achieved than expected Urban Planning and the British New Right questions common assumptions about planning practices under Thatcherism concluding that the complex relationship of power between central local and national government requires a sensitivity to change that is inclusive rather than doctrinal This is a book that says as much about the administration institutions and processes of planning as it does about Mrs Thatcher s attempts to change it **Global**

Warming Policy in Japan and Britain: Interactions Between Institutions and Issue Characteristics Shizuka Oshitani,2013-08-31 This is the first book to attempt a systematic comparison of Japanese and British climate policy and politics and is now available in paperback Focusing on institutional contrasts between Japan and Britain in terms of corporatist or pluralist characteristics of government industry relations and decision making and implementation styles the book examines how and to what extent institutions explain climate policy in Japan and Britain In doing this the book explores how climate policy is shaped by the interplay of nationally specific institutional factors and universal constraints on actors which emanate from characteristics of the global warming problem itself It also considers how corporatist institutional characteristics may make a difference in attaining sustainable development Overall this book provides a new set of comparisons of climate policy and new frameworks of analysis which could be built on in future research on cross national climate policy analysis **British Foreign Policy since 1945** Mark Garnett,Simon Mabon,Robert Smith,2017-09-19 British

Foreign Policy since 1945 brings a chronological approach to the study of British foreign policy since the Second World War in order to make the principal events and dynamics accessible within a broader historical and cultural context The key features included in this book a detailed chronological survey of developments in post war British politics an integrated discussion of foreign and domestic policy developments indicating connections and interlocking themes illustrations of British foreign policy drawn from popular culture analysis of Britain s role in the world particularly in regards to the UK s special relationship with the US and its decision to leave the EU a range of in text features including essay questions and seminar discussion topics This timely book will be essential reading for anyone interested in British politics foreign policy analysis and British history Neoliberalisms in British Politics Christopher Byrne,2018-09-21 Taking a chronological

approach this book challenges established economic and ideologic narratives of neoliberalism in Britain by charting the gradual diffusion of an increasingly interventionist neoliberal governmental rationality in British politics since the late 1970s and the various means by which the project has furnished itself with a hegemonic basis for its popular support Spanning five decades of British political history and drawing on rich empirical evidence to bring conceptual clarity to and chart the effects of a style of government bound up with a host of epochal changes it concludes by considering Brexit and the rise of Corbynism as the final act in the neoliberal saga It then poses the question Is British politics on the verge of a major reconstruction representing a decisive rejection of neoliberalism This book will be of key interest to scholars and students of

British politics and neoliberalism liberalism and more broadly to political theory political economy and public policy *Town and Country Planning in the UK* J. B. Cullingworth, Vincent Nadin, 2002 This thirteenth edition has been completely revised to take into account all the changes that have occurred in British planning including the policies introduced by the Labour government devolution innovations and the European Union **Geography** John Morgan, David Lambert, 2005-06-21 When Geography specialists decide they want to teach it can be a daunting prospect to enter a real classroom no matter how much subject knowledge they already possess Geography Teaching School Subjects 11 19 puts the subject into perspective and shows new teachers and student teachers how to make Geography accessible and interesting for their pupils Divided into three sections the book examines the theory and practice of teaching geography section one explores how teachers can frame their own knowledge for classroom practice section two focuses on Geography in the classroom and curriculum development as well as aspects of pedagogy and lesson design evaluation and assessment section three focuses on the teachers themselves and how they can view and work on professional development within their own subject area

Postwar British Politics Peter Kerr, 2005-07-26 This book offers a fresh view of postwar British politics very much at odds to the dominant view in contemporary scholarship The author argues that postwar British politics up to and including the Blair Government can be largely characterised in terms of continuity and a gradual evolution from a period of conflict over the primary aims of government strategy to one of recent relative consensus This book provides a provocative and challenging account of the historical background to the election of the Blair Government and will be of interest to a wide audience **History+ for Edexcel A Level: Democracies in change: Britain and the USA in the twentieth century**
