Understanding the Volatile and Dangerous

Middle East Steven Carol, 2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you re a student educator bureaucrat or politician you ll find insights based on facts in Understanding the Volatile and Dangerous Middle East Hollywood Films in North Africa and the Middle East Nolwenn

Mingant, 2022-05-01 Drawing on a broad range of primary sources from trade and government publications to interviews Hollywood Films in North Africa and the Middle East traces the circulation of Hollywood films across the region from the early twentieth century to the present Originally introduced by French distributors Hollywood films have been a key component of film culture in North Africa and the Middle East These films became a favored mode of entertainment during the first half of the century as the major US film studios built a strong distribution structure After World War II the changing geopolitical context of decolonization pushed US distributors out of the market Hollywood films however have continued to be favored by audiences Today in a landscape that also includes Egyptian and Indian films Hollywood remains a relevant force in the region s film culture experienced by audiences in myriad ways from the pirate markets of North Africa to state of the art theatres in the United Arab Emirates

Years of Upheaval Raphael Israeli, 2017-07-05 Years of Upheaval discusses Axial periods in history years that witnessed such fundamental reversals in history as to make the world turn upside down and inaugurate a new era Raphael Israeli sees the post 1989 period as such a period in Islam He explores events in the Islamic world since the end of the 1980s and during the 1990s and their aftermath particularly following the Iranian Islamic Revolution the Rushdie Affair and the death of Khomeini Israeli posits these events signalled a new age of Islamic violence and fundamentalism The period has seen the dissipation of state borders and the rise of transnational and trans territorial movements such as ISIS that have been extraordinarily attractive to young people in the Islamic world The hopeful Arab Spring 2010 2013 has been replaced by a threatening Islamic winter A number of major events shook the Muslim world on both the Asian and the African continents as well as peripheral Islamic minorities in Australia Canada and Latin America Among them were the Islamic Bomb and the rise of radical Islamic movements notably Hamas and Hezbollah and the rift between Sunnites and Shiites These and other momentous events in the Islamic world occasioned the Arab Spring and

produced unrest in a wide swath of the Muslim world Even more importantly these were forming trends that are characterizing the decades thereafter *Information Sources of Political Science* Stephen W. Green,Douglas J. Ernest,2005-07-15 A thoroughly revised and updated new edition of the world s leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed *Information Sources of Political Science* is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries **American Presidents and Jerusalem** Ghada Hashem Talhami,2017-04-26 Any casual observer of the Israeli Palestinian conflict would immediately recognize that the holy city of Jerusalem is the core issue impeding a permanent peace settlement between the two antagonists The religious symbolism of this city and its centrality to major religious faiths has never faded and has become increasingly vital to various strands of twentieth century religious nationalisms The political fate of Jerusalem was inevitably mired in international political struggles of the Cold War particularly after the United States inherited Britain s mantle as the ultimate arbiter of regional conflicts and strategic disputes The asymmetrical balance of military power between Israel and Jordan made superpower intervention both inevitable and unpredictable This study examines the policies of twentieth century US presidents regarding the status of Jerusalem It traces the evolution of the United States embroilment in the politics of Mandatory Palestine successive wars and regimes that vied for control over Jerusalem and tracks the conflicting historical narratives presented by various states in the region It also takes a detailed look at the role of the American Jewish lobby which constantly pressured the United States to overlook Israel s refusal to go back to the lines of June 5 1967 or to stop creating facts on the ground in East Jerusalem The role of the oil lobby in seeking the reversal of Israeli annexationist steps in Jerusalem is also analyzed The failure of several American presidents to broker an Arab Israeli peace agreement is seen here as the result of the latitude enjoyed by presidential advisers in determining the main contours of American foreign policy in this region and guarding access to the chief executive in times of crisis Finally the book is an illustration of the perils of downplaying the human rights abuses of junior client states in order to placate national lobby groups in the United States leading to the entrenchment of the Israeli state not only over Jerusalem but throughout the West Bank *Nationalism: Oxford Bibliographies Online Research Guide* Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies

Lebanon is an exceptionally misunderstood country its religious politics are typically misrepresented and denigrated in Western political commentary *Politics and War in Lebanon* offers a lucid examination of Lebanese society and politics Mordechai Nisan examines Lebanon in its own terms on its own cultural turf He then points to the causes of political disintegration in 1975 and explores the capacity of Lebanon to recover and retain its unique national poise Avoiding disorienting Western stereotypes Nisan presents Lebanon in its own native frame of reference as a multi ethnic country that operates according to its immutable and enigmatic political forms Lebanon is different from other Arab countries as demonstrated through its very complex electoral system its tradition of cross elite cooperation and its special sense of Lebanese national identity that differentiates it from its overbearing Syrian neighbor Nisan explores intra Maronite Christian feuds identifies Syria's occupation strategy analyzes the violence of the Palestinians and studies Israel's failed policy strategy and the role of Hezbollah in the Lebanese power equation Lebanon is caught between its special historical identity as a country of poise creativity and liberty and the interminable warfare in the streets and villages of the country Although its future appears dim its resilience enabled it to prevail in the past and may yet continue to do so **The Middle East and North Africa** Reeve S. Intrastate conflicts such as civil wars and ethnic confrontations are the predominant form of organized violence in the world today But internal strife can destabilize entire regions drawing in people living beyond state borders particularly those who share ideology ethnicity or kinship with one of the groups involved These nonstate actors may not be enlisted in formal armies or political parties but they can play a significant role in a conflict For example when foreign volunteers forge alliances with domestic groups they tend to attract other foreign interventions and may incite the state to centralize its power Diasporan populations depending on their connection to their homeland might engage politically through financial support or overt aggression either exacerbating or mitigating the conflict *Nonstate Actors in Intrastate Conflicts* takes an interdisciplinary approach to understanding the ways external individuals and groups become entangled with volatile states and how they influence the outcome of hostilities within a country's borders Editors Dan Miodownik and Oren Barak bring together top scholars to examine case studies in Afghanistan Lebanon Israel Palestine and Turkey in order to explore the manifold roles of external nonstate actors By shedding light on these overlooked participants whose causes and consequences can turn the tide of war *Nonstate Actors in Intrastate Conflicts* provides a critical new perspective on the development and neutralization of civil war and ethnic violence Contributors Oren Barak Chanan Cohen Robert A Fitchette Orit Gazit Gallia Lindenstrauss Nava L.
