Political Parties A Genuine Case For Discontent:

Political Parties Jean Blondel,1978

Comparative Politics J. C. Johari,1982

Political Parties Richard

Gunther, José Ramón Montero, Juan Linz, 2002-03-07 This book with contributions from leading scholars in the field presents a critical overview of much of the recent literature on political parties It systematically assesses the capacity of existing concepts typologies and methodological approaches to deal with contemporary parties It critically analyses the decline of parties literature both from a conceptual perspective and with regard to antiparty attitudes among citizens on the basis of empirical analyses of survey data It systematically re examines the underpinnings of rational choice analyses of electoral competition as well as the misapplication of standard party models as the catch all party Several chapters reexamine existing models of parties and party typologies particularly with regard to the capacity of commonly used concepts to capture the wide variation among parties that exist in old and new democracies today and with regard to their ability to deal adequately with the new challenges that parties are facing in rapidly changing political social and technological environments In particular two detailed case studies demonstrate how party models are significant not only as frameworks for scholarly research but also insofar as they can affect party performance Other chapters also examine in detail how corruption and party patronage have contributed to party decline as well as the public attitudes towards parties in several countries In the aggregate the various contributions to this volume reject the notion that a decline of party has progressed to such an extent as to threaten the survival of parties as the crucial intermediary actors in modern democracies The contributing authors argue however that parties are facing a new set of sometimes demanding challenges Not only have parties differed significantly in their ability to successfully meet these challenges but the core concepts typologies party models and methodological approaches that have guided research in this area over the past 40 years have met with only mixed success in adequately capturing these recent developments and serving as fruitful frameworks for analysis This book is intended to remedy some of these shortcomings

Political Parties and Party Systems Moshe Maor, 2005-08-10 This comprehensive textbook outlines and illuminates the main theories of political parties and party systems Applying these theoretical approaches to British party politics Moshe Maor covers all the key subjects of study including classification of party definitions party systems change party institutionalization cohesion and dissent intraparty conflicts and legislative bargaining multiparty electoral competition Maor's study highlights the importance of the intraparty arena and actors in understanding the shape and behaviour of political parties providing essential reading to students of party systems and of British politics

The Institutionalisation of Political Parties in Postauthoritarian Indonesia From the Grass-roots Up Ulla Fionna,

Political Parties Angelo Panebianco, 1988-07-21

Political Parties in the New Europe Kurt Richard

Luther, Ferdinand Müller-Rommel, 2002 The scope and intensity of the challenges currently faced by western European political parties is exceptionally large threatening the viability of the manner in which they have traditionally operated and

causing them to seek new behaviours and strategies This volume brings together some of the foremost scholars of European party politics whose evaluation of political parties in the new Europe is organised under four broad headings Parties and Society Parties as Purposive Organisations Parties and National Government and Parties the Nation State and Beyond The contributors review the latest empirical findings and provide a concise critical review of the theoretical and methodological state of the art They also highlight the analytical challenges confronting party researchers and suggest new avenues for party research

Political Party Dynamics and Democracy in Sweden: Tommy Moller, 2020-01-16 Sweden has often been described as a democratic forerunner with one of the world's most stable party systems and with a well functioning parliamentary system However the political landscape in Sweden has undergone a rapid change in recent years The institutions of the political system not least political parties appear from a historical perspective to have become partly dysfunctional The previously stable party system has become unstable Consequently it has become more difficult to form governments and more difficult for governments to govern The famous culture of consensus has been replaced by a harsher and more confrontational political climate the tone in political debate has become more aggressive During the so called golden age of the party system which lasted for a few decades from the middle of the twentieth century parties could successfully mobilize broad and well defined social interests with strong collective identities Now other conditions apply that have dramatically changed the role of parties in the democratic process Parties have gone from being member based popular movements to becoming professionalized voter orientated campaign machines Short sightedness and a focus on median voters mean that the established parties have become increasingly similar and populist parties have had great success in recent decades as a consequence This volume aimed at political scientists and those interested in discussion and analysis of Swedish political party dynamics focuses on political parties in Sweden how they have changed and what the changes mean in a wider sense

The SAGE Handbook of Political Science Dirk Berg-Schlosser, Bertrand Badie, Leonardo Morlino, 2020-02-11 The SAGE Handbook of Political Science presents a major retrospective and prospective overview of the discipline Comprising three volumes of contributions from expert authors from around the world the handbook aims to frame assess and synthesize research in the field helping to define and identify its current and future developments It does so from a truly global and cross area perspective Chapters cover a broad range of aspects from providing a general introduction to exploring important subfields within the discipline Each chapter is designed to provide a state of the art and comprehensive overview of the topic by incorporating cross cutting global interdisciplinary and where this applies gender perspectives The Handbook is arranged over seven core thematic sections Part 1 Political Theory Part 2 Methods Part 3 Political Sociology Part 4 Comparative Politics Part 5 Public Policies and Administration Part 6 International Relations Part 7 Major Challenges for Politics and Political Science in the 21st Century

Politics and Policy-Making in Israel's Education System Haim Gaziel, 1996-01-01 This volume describes and analyses the structure of Israel's education system from a political and policy

making perspective *Encyclopedia of Government and Politics* Mary Hawkesworth, Maurice Kogan, 2013-11-07 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers

Encyclopedia of Government and Politics M. E. Hawkesworth, Maurice Kogan, 1992 This international Encyclopaedia provides a balanced comprehensive account of contemporary trends in world regional and nation state government and politics In 84 in depth essays in two scholarly volumes it captures the global changes both theoretical and factual of the past three decades to give an unprecedented overview of political science and political affairs on the eve of the new century An essential resource the Encyclopaedia of Government and Politics provides accessible authoritative coverage of the disciplines examining for example political theory processes and behaviour policy making pressure groups contemporary ideologies international relations and major issues in world affairs such as nationalism arms control and disarmament human rights and democratisation Written by experts in each field the entries analyse traditional approaches including access to non Western sources assess recent developments and chart the directions for future research each topic includes extensive bibliographies and suggestions for further reading The volumes are introduced and placed in context in an essay by Mary Hawkesworth which advances the conceptual treatment of political science to a new level The articles which follow are thematically arranged under nine main headings Political Theory Central Concepts Contemporary Ideologies Contemporary Political Systems Political Institutions Political Forces and Political Processes Centripetal and Centrifugal Forces in the Nation State Policy Making and Policies International Relations and Major Issues in Contemporary Politics Key Features 84 in depth essays provide a current balanced guide to international government and politics Prestigious editors lead a worldwide team of specialists in each field Clearly and incisively written to meet the needs of students lecturers and practitioners at all levels Helpful bibliographies of new and classic material and suggestions for further reading Extensive index of Topics and People

Members, Organizations and Performance Alexander C. Tan, 2019-07-23 This title was first published in 2000 The author offers a contribution to the ongoing debate on the rise of the cartel party in democratic systems of government His study examines the question of whether the decline in party size impacts democratic development and concludes by discussing implications for the future

Political Instability in India Bijender Kumar Sharma, 1989 **The**

Party Reform Anika Gauja, 2017 This book explains why and how political parties in several advanced democracies are undertaking high profile organizational reforms

Party System in India Ajay K Mehra, India's party system has been under flux transformation and reconfiguration since the end of the 1980s By the time the sun set on the twentieth century the party system in India had developed a plurality of national and regional levels and following several experiences in fits and starts coalition making among the parties too stabilized at the national level The dawn of twenty first century thus witnessed a federalized party system in place where coalition making and cohabitation amongst the parties stabilized at both national and regional levels As a result since 1999 India has had two completing governments completing their full term at the national level the third UPA II has completed four years and despite hiccups is likely to complete its full term till mid 2013 However the party system in the country has turned competitive and several trajectories of alternation are being attempted by parties and leaders making the emerging political situation fluid The volume attempts to capture the emerging trajectories of the party system in India in the second decade of the twenty first century with seventeen essays written specially for this volume by scholars who met several times to discuss and formulate questions and critique each other's drafts Overall the volume provides an incisive and comprehensive analysis of the far reaching changes that India's political parties and party system are undergoing It looks into the institutional dimensions processes and agenda federal manifestations transitions including generational change and extraneous influences brought in by globalization Indian Diaspora and the impact of new media technology Constituting an important contribution to the on going debate on the Indian party system this volume will attract the attention of students of Indian politics political science democracy party systems and comparative politics

The Rise of Political Islam in Turkey Kayhan Delibas, 2014-12-19 Turkey officially a secular state voted in an Islamist party in 2002 2007 and 2011 How far does this reflect the trend which has seen the rise of political Islam across the Middle East Does this indicate a growing tendency in the direction of Islamisation amongst the Turkish population If not what are the underlying reasons behind the electoral triumphs of the Islamist Justice and Development Party the AKP Kayhan Delibas seeks to answer these questions through an in depth examination of the appeal of this political party exploring its ideology the routes and motives which produce party activists and local party organisations Concluding that the AKP's success has been built on its criticism of growing inequalities widespread corruption unemployment poverty and lack of basic services Delibas draws a nuanced portrait of modern Turkish society and the relationship between religion and politics Delibas offers an explanation based on

research carried out amongst grassroots activists for the rise of Islamic fundamentalism in Turkey Islamic movements are often described as anti modernist thought to be supported by fundamentalist groups living in a bygone age isolated from the rest of the modern world In recent years particularly since the events of 9 11 such movements have also been seen as a threat to the Western way of life But Delibas argues that these movements and particularly those in Turkey did not arise out of religious fervour or hatred of Western civilisation as is often claimed Rather they were founded and have thrived as a response to socio economic and political conditions that have been aggravated by neoliberal economic policies rapid urbanisation and the globalization of culture By exploring the structural conditions in which an Islamic movement emerged and become popular in a seemingly secular state *The Rise of Political Islam in Turkey* offers vital analysis for all those researching modern Turkey and the growth of Islamist politics throughout the Middle East and North Africa *The West German Social Democrats, 1969-1982* Gerard Braunthal, 2019-06-26 The fall of the West German government in 1982 ended the 13 year rule of the Social Democratic Party SPD as the senior coalition partner under Chancellors Willy Brandt and Helmut Schmidt In perpetual opposition from 1949 to 1966 the Social Democrats finally entered the government as the junior coalition party in 1966 three years later they assumed primary responsibility for guiding the nation The central theme of this detailed examination of the SPD during its years of governance is that social and economic forces in the nation had a major effect often unsettling on the party at a time when it had achieved the pinnacle of political power Significant changes in the party s organization membership leadership factionalism ideology and voter support limited its role within the political system in the executive and legislative branches and its influence on domestic and foreign policies Yet its ability to remain in power for a comparatively long period attests to its strength and respectability among the voting public Dr Gerard Braunthal draws on a wealth of documentation some unpublished located primarily in German archives and libraries In addition he interviewed more than 120 persons ranging from the top SPD leaders to staff officials members and other specialists to gain a greater understanding of a party that is one of the most powerful in Western Europe and in the social democratic world and whose organization has been a model of the twentieth century mass party *The German Social Democrats Since 1969* Gerard Braunthal, 2019-07-11 This thoroughly revised edition of *The West German Social Democrats 1969 1982 Profile of a Party in Power* contrasts the period during which the SPD was in power with its role since 1982 as an opposition party Even though it was the senior party in the coalition governments of chancellors Willy Brandt and Helmut Schmidt it did not have the influence on domestic and foreign policy in the 1970s that it had hoped for Nevertheless it achieved insider status unlike its dual competitive and cooperative opposition role vis a vis the conservative governments of Helmut Kohl Braunthal also discusses the short lived East German SPD which formed during the crumbling months of the German Democratic Republic and then merged with the West German party shortly before unification In a period when some analysts pronounce the victory of capitalism and the death of socialism and others decry the crises among political parties the SPD has managed to

remain relatively strong Yet the party argues the author will need to enhance its support especially in eastern Germany if it expects to regain political power in the 1990s Such a goal cannot be reached unless it projects a modern image minimizes intraparty discord copes successfully with the external social and economic forces affecting its development and has a dynamic leadership that presents appealing policy alternatives to the Kohl government Braunthal details the SPD s organization leadership factions constituent associations ideology voter support and elections relations to Parliament and government and influence on government policies He draws from a wealth of primary sources including unpublished German archival records and over 200 interviews with top politicians party officials SPD members and journalists Braunthal one of the leading Western scholars on the SPD presents here the definitive study of this pivotal party

Immerse yourself in the artistry of words with Crafted by is expressive creation, **Political Parties A Genuine Case For Discontent** .
