**John R. Shook**

## **Political Power And Personal Freedom Critical Studies In Democracy Communism And Civil Rights:**

**Political Power and Personal Freedom** Sidney Hook, 1959      Political Power and Personal Freedom Sidney Hook, 2017-02-02 Excerpt from Political Power and Personal Freedom Critical Studies in Democracy Communism and Civil Rights With respect to some things in this world like variations in beauty and intelligence and natural Skill nothing can be done except to shed and enjoy the radiance of natural grace wherever possible Whether it is genetic accident or divine design as far as the lot of the individual is concerned it is a matter of luck But with respect to social status there is always something that can be done especially as to where and how one spends most of his working day This is not a matter of luck It is a matter of justice Ideally what is required for the good society is the development of a mutuality of esteem for the contributions all individuals make to the work of society not as an empty propaganda gesture to increase production but as a genuine recognition of the specific way in which the specific person helps in creating the objects and services that are the products and conditions of a good society About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Political Power And Personal Freedom* Sidney Hook, 1959      **George Kennan and the Dilemmas of US Foreign Policy** David Mayers, 1990-04-12 One of a select group of American foreign service officers to receive specialized training on the Soviet Union in the late 1920s and early 1930s George Frost Kennan eventually became the American government's chief expert on Soviet affairs during the height of the Cold War Drawing upon a wealth of original research David Mayers fascinating life of George Kennan examines his high level participation in foreign policy making and interprets his political and philosophical development within a historical framework Mayers presents an engaging and lucid account of Kennan's training his rise to prominence during the late 1940s and his policy failures and his later roles as critic of America's external policy advocate of détente with the Soviet Union and proponent of nuclear arms limitation Mayers also explores Kennan's complicated relationships with such important political figures and analysts as Dean Acheson John Foster Dulles and Walter Lippmann      **The Crisis of Democratic Theory** Edward A. Purcell, Jr., 1973      **The Cause That Failed: Communism in American Political Life** Guenter Lewy, 1990-09-13 From a height of almost 100 000 members during the Depression when politicians workers and intellectuals were drawn into its orbit the American Communist Party has descended into irrelevance and isolation failing even to run a presidential candidate in 1988 Indeed as Guenter Lewy writes in this critical account of American Communism despite decades of feverish activity and ferocious discipline it was a cause doomed to fail from the very beginning In The

Cause that Failed Lewy offers an incisive narrative of the American Communist Party from the days of John Reed to the advent of glasnost. He traces its origins and development underscoring how its devotion to Moscow and inflexible Marxist ideology isolated it from the American scene in fact most of its first members were Eastern European immigrants. During the left wing tide of the Depression the Communist Party reached the peak of its influence as it joined labor unions and progressive organizations in a Popular Front. But Lewy reveals the deceptive antidemocratic self defeating tactics the Communists pursued even then as they manipulated front organizations seized control of political parties peace groups and labor unions and enforced political conformity among members and sympathizers. He follows the Party through its inexorable decline in the succeeding decades up to its current position as one of the last Stalinist parties left in a world of glasnost and perestroika. Lewy also provides a sharply critical discussion of the encounter between Communism and liberal and mainstream America. He examines such groups as the ACLU and SANE arguing that the years when these organizations were tolerant toward Communists were also the times when they neglected their original purpose in favor of partisan causes. He shows how Communists have manipulated well meaning citizens in the peace movement and in Wallace's 1948 Progressive Party presidential campaign. One of the great ills Americans suffer he writes is an overreaction to McCarthyism an atmosphere of anti anticommunism which blinds them to the wrongs wrought by international Communism and makes them ignore the deceptive role played by the American Communist Party which even today still keeps eighty percent of its membership secret. The Cause that Failed presents an intensively researched and trenchantly argued historical analysis of Communism in America. Guenter Lewy's provocative account provides a new understanding of Communism's machinations in U S politics and how Americans from across the political spectrum have responded to its challenge.

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work. Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought. From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy. Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading. Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland. With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history.

History of the Southern Confederacy Clement Eaton, 1965-02 A study of the social political

and military history of the Confederacy looking at how the morale of the people and the army affected the outcome of the war analyzing the operation of the Confederate government and delineating the changes which occurred in the society of the Old South under the impact of the war      **Letters of Sidney Hook** Sidney Hook, Edward S. Shapiro, 2015-05-20 Sidney Hook 1902-1989 is known for his participation in the public debates about communism the Soviet Union and the Cold War These letters drawn from the Hook collection at the Hoover Institution provide an insight into US intellectual and political history

**Personnel Literature** United States. Office of Personnel Management. Library, 1959      *Pragmatism, Politics, and Perversity* Joseph L. Esposito, 2012-06-14 The political project of pragmatism has focused primarily on its defense of democracy as the best political system to maintain and improve human well being over lifetimes and generations Pragmatism Politics and Perversity Democracy and the American Party Battle describes this project of Peirce Dewey Hook and Rorty and combines it with Charles Beard's study of the party battle as the most determinative influence upon American democracy The book updates and confirms Beard's hypothesis that the history of the party battle is a chronicle of perverse schemes and self-inflicted wounds the most salient to date being the American Civil War because it reflects a ceaselessly disruptive contest over the creation of two largely incompatible political states nation state and market state The book supports its thesis with detailed historical accounts of the formation of the Constitution and early federal judiciary the sedition trials and political schemes of the 1790s the frustration of market state Whigs to attract white working class voters by exploiting their religious identities the reckless machinations of Whig Republicans in precipitating a national crisis over a contrived threat of oligarchy and white slavery and the ideological oscillations of the Supreme Court from market state to nation state jurisprudence and back again To reduce perversity in political rhetoric and free up pragmatic democratic practices the book proposes a robust neo-Madisonian view of free speech where political actors and their surrogates are not only free to speak and write but are also obligated to explain retract and revise what they have said and written      **Human Rights and Police Administration**

Kamalaxi G. Tadsad, Harish Ramaswamy, 2012      *The Culture of the Cold War* Stephen J. Whitfield, 1996-05-19 Without the Cold War what's the point of being an American As if in answer to this poignant question from John Updike's Rabbit at Rest Stephen Whitfield examines the impact of the Cold War and its dramatic ending on American culture in an updated version of his highly acclaimed study In a new epilogue to this second edition he extends his analysis from the McCarthyism of the 1950s including its effects on the American and European intelligentsia to the civil rights movement of the 1960s and beyond Whitfield treats his subject matter with the eye of a historian reminding the reader that the Cold War is now a thing of the past His treatment underscores the importance of the Cold War to our national identity and forces the reader to ask Where do we go from here The question is especially crucial for the Cold War historian Whitfield argues His new epilogue is partly a guide for new historians to tackle the complexities of Cold War studies      **The Posen Library of Jewish Culture and Civilization, Volume 9** Samuel D. Kassow, David G. Roskies, 2020-11-24 The Posen Library's groundbreaking anthology

series called a feast of Jewish culture in ten volumes by the Chronicle of Higher Education explores in Volume 9 global Jewish responses to the years 1939 to 1973 a time of unprecedented destruction dislocation agency and creativity An extensive look at Jewish civilization and culture from the eve of World War II to the Yom Kippur War It s a weighty collection to be sure but one that s consistently engaging An edifying and diverse survey of 20th century Jewish life Kirkus Reviews starred review Readers seeking primary texts documents images and artifacts constituting Jewish culture and civilization will not be disappointed More important they might even be inspired This set will serve to improve teaching and research in Jewish studies at institutions of higher learning and at the same time promote maintain and improve understanding of the Jewish population and Judaism in general Booklist starred review The ninth volume of The Posen Library of Jewish Culture and Civilization covers the years 1939 to 1973 a period that editors Kassow and Roskies call one of the most tragic and dramatic in Jewish history Organized geographically and then by genre this book details Jewish cultural and intellectual resources throughout this era particularly in political thought literature the visual and performing arts and religion This volume explores worldwide Jewish perceptions of momentous events that transpired in the mid twentieth century and how Jews redefined themselves across regions throughout an era rife with tragedy displacement and dispersion The breadth and depth of this work goes beyond any comparable collection with detailed insights and sharp focus to accompany its breathtaking scope A major ten volume anthology project more than a decade in the making the Posen Library is an ideal reference tool for scholars teachers and students at all levels

**American Jewry** Eli Lederhendler,2017 In the United States Jews have bridged minority and majority cultures their history illustrates the diversity of the American experience

**The Disputed Legacy of Sidney Hook** Gary Bullert,2022-02-16 The Disputed Legacy of Sidney Hook examines the sixty year career of one of the foremost public intellectuals in the United States Sidney Hook s convictions were widely disseminated through books academic journals newspapers articles lectures and several organizations that he founded Hook s legacies include being a leading Marxist Leninist scholar his long standing commitment to secular humanism his legacy as a legendary polemicist his cultural conservatism if not neoconservatism and his defense of democracy and John Dewey s pragmatic and Cold War liberalism Bullert concludes that Hook s core philosophy is best typified by his Deweyan pragmatism vigilant anti communism and secular humanism

**The Proud Decades** John P. Diggins,1988 What happens when public figures private selves are put forth for examination by public audiences How do the personal struggles of music artists specifically those with immigrant backgrounds compare to the private struggles of other individuals At a time when many countries in the European Union experience an increase in far right political party activities how do individuals from the margins negotiate new ways of thinking about identity offering hope for greater understanding of shared struggles across societies This book offers interpretations of identity and belonging by examining the work of two music artists Faudel Belloua from France and Adam Tensta from Sweden By analyzing texts produced by these individuals I argue that ongoing engagement with the materials

produced by Belloua and Tensta a process which I refer to as living biography presents a unique window into the process of how Belloua and Tensta connect personal struggles to public issues providing a compelling departure point for further discussions on how interpretations of national identity are changing in France and Sweden and beyond

**The Darkened Light of Faith** Melvin L. Rogers, 2025-01-28 A powerful new account of what a group of nineteenth and twentieth century African American activists intellectuals and artists can teach us about democracy Could the African American political tradition save American democracy African Americans have had every reason to reject America's democratic experiment Yet African American activists intellectuals and artists who have sought to transform the United States into a racially just society have put forward some of the most original and powerful ideas about how to make America live up to its democratic ideals In *The Darkened Light of Faith* Melvin Rogers provides a bold new account of African American political thought through the works and lives of individuals who built this vital tradition a tradition that is urgently needed today The book reexamines how figures as diverse as David Walker Frederick Douglass Anna Julia Cooper Ida B Wells W E B Du Bois Billie Holiday and James Baldwin thought about the politics people character and culture of a society that so often dominated them Sharing a light of faith darkened but not extinguished by the tragic legacy of slavery they resisted the conclusion that America would always be committed to white supremacy They believed that democracy is always in the process of becoming and that they could use it to reimagine society But they also saw that achieving racial justice wouldn't absolve us of the darkest features of our shared past and that democracy must be measured by how skillfully we confront a history that will forever remain with us An ambitious account of the profound ways African Americans have reimagined democracy *The Darkened Light of Faith* offers invaluable lessons about how to grapple with racial injustice and make democracy work

**Reports and Documents** United States. Congress, 1964

**Dictionary of Modern American Philosophers** John R. Shook, 2005-01-01 The *Dictionary of Modern American Philosophers* includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the *Dictionary of Modern American Philosophers* offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

## Decoding **Political Power And Personal Freedom Critical Studies In Democracy Communism And Civil Rights**: Revealing the Captivating Potential of Verbal Expression
