ABOUT THE BOOK

This book offers refreshing insights on how to do political analysis at the micro and macro levels. The idea of writing the book was inspired by the author after teaching the course "Introduction to Political Analysis" for five years (2017-2022), at the Taraba State University, Jalingo. Political analysis focuses on studying, analyzing, explaining, and predicting political and social phenomena systematically and objectively. The content of the book covers the essence and nature of politics, evolution of political analysis, tools and types of analysis, theoretical, and practical aspects of political analysis were discussed pragmatically using multi-dimensional perspectives and interesting pedagogical experience of the author. The plan of the book is simple, comprehensive, and has illuminating examples. The major contribution of the book to knowledge production is that it has made the study of political analysis much easier and bridged the gap in direct entry students' deficiency on foundational courses in political science. The book is a product of the author's many years of teaching and research.
