Political Education And Stability Elite Responses To Political Conflict:

Political Education and Stability Ted Tapper, 1976 Political Education and Stability Edward Tapper, 1976 **Political Culture in Libya** Amal S M Obeidi, Amal Obeidi, 2013-09-05 Few empirical studies of Arab countries have dealt with political culture and political socialisation or focused on people's beliefs, values and attitudes towards the government or political leaders mainly because the regimes have been reluctant to allow opinion to be tested. The significance of this book is that it assesses the influence of state ideology on the new generation of Libyans and examines their political culture.

Contradictions of Control Linda M. McNeil, 2013-10-14 McNeil traces the poor quality of high school instruction to the tensions between the social control purposes of schooling and the schools' educational goals. **Growing into Politics** Simone Abendschön, 2013-11-01 This book presents up to date empirical research on crucial questions of political socialisation. It suggests new approaches and answers to a classic but still valid question of political socialisation research: Who learns what from whom under what circumstances and with what effects? Greenstein 1965: 13. The volume maintains that political socialisation is no universal or independent phenomenon but one significantly shaped by the surrounding parameters of the society in which it is embedded. Therefore, deficits in political socialisation research have become especially clear in light of political and societal changes over recent decades. The book contributes to two important discussions in the study of political socialisation: first, the question of the relative importance of socialisation agents and contexts; second, inextricably interwoven with the first, the timing of political socialisation. From a European perspective, articles in the volume shed light on old problems and topics of the field using new methodological approaches or dealing with long neglected perspectives such as young children's democratic learning or political socialisation. Includes quantitative approaches as well as innovative and explorative case studies. *The Sociology of Higher Education* Miriam David, Rajani Naidoo, 2013-09-13. *The Sociology of Higher Education: Reproduction, Transformation and Change in a Global Era* provides an exciting and conceptually rich approach to the sociology of higher education. It offers innovative perspectives on the future of universities within the new and emerging research sub-field of the sociology of global higher education. The twenty-first century has witnessed wide-ranging structural and ideological transformations in higher education which have created both a sense of opportunity as well as crisis and loss in the urgent debates around the legitimate roles of the university in the 21st century. The chapters represent a diverse and vibrant field illustrating a sociological imagination and a dynamic engagement with the key challenges facing higher education and confirming continuing inequalities through internationalisation. This book is comprised of a broad selection of articles originally published in the *British Journal of Sociology of Education*. **Political Attitudes** Robert Goehlert, 1981. *Making Citizens* Philo C. Wasburn, Tawnya J. Adkins Covert, 2017-01-24. This book assembles what political scientists, sociologists and communication analysts have learned in almost six decades of research on political socialization: the lifelong process by which we acquire political beliefs. It also explores how people develop

political values attitudes identities and behavioral dispositions Of particular interest to Philo C Wasburn and Tawnya J Adkins Covert is the process by which people are made into active citizens who are politically interested informed partisan tolerant and engaged Finally Wasburn and Adkins Covert identify some suggestions for institutional change that would lead to better citizenship

Children of Mao Anita Chan,1985-06-18 Law Books, 1876-1981 R.R. Bowker Company,1981 **Politics of Modern Maharashtra** V. M. Sirsikar,1995 This Is A Study Of The Politics Of Maharashtra Beginning With 1960 And Ending In 1990 It Is Not A Traditional Study Of Institutions But It Is An Effort To Understand The Political Reality Through A Study Of Political Culture Who Governs Maharashtra Is A Matter Of Concern For All Of Us The Study Tries To Throw Light On This Issue The Role Of The Sugar Lobby Of Dalit Panthers Shiv Sena And The Rss And Shetkari Sanghatana Has Been Examined

Comparing Political Systems Gary K. Bertsch,Robert P. Clark,David Michael Wood,1978 On Political Socialization and Education Ola Westin,1981 *Teaching Politics* ,1977 *Political Learning* Makasu A. M'Teba Yamvu,1980 **Public Affairs Information Service Bulletin** ,1978 *The Annals of the American Academy of Political and Social Science* ,1977-03 **The Anti-politics Machine in India** Vasudha Chhotray,2011 This book assesses the validity of anti politics critiques of development first popularised by James Ferguson in the peculiar context of India It examines the new context provided by decentralization of state functioning where keeping politics out of development development as the anti politics machine can no longer be taken for granted The case of a highly technocratic state watershed development programme that also seeks to be participatory is used to illustrate the tensions between prescriptive development policy and a growing political democracy

Between Past and Future: Elites, Democracy and the State in Post-Communist Countries Anton Steen,2019-07-18 Published in 1997 this text presents a specific interest in analyzing the role of the elites as a key factor for democratic rule and policy changes In order to put the elites in perspective the author has also conducted opinion surveys asking some of the same questions among representative samples of the populations in the three countries Comparing these three rather similar states gives possibilities for singling out conditions for specific national developments in elite structure and policies
