Political Learning Political Choice And Democratic Citizenship:

Political Learning, Political Choice, and Democratic Citizenship Robert Weissberg, 1974 **The Political Psychology of Democratic Citizenship** Eugene Borgida, Christopher M Federico, John L Sullivan, 2009-04-16 While scholars in political science social psychology and mass communications have made notable contributions to understanding democratic citizenship they concentrate on very different dimensions of citizenship The current volume challenges this fragmentary pattern of inquiry and adopts an interdisciplinary approach to the analysis of citizenship that offers new insights and integrates previously disparate research agendas It also suggests the possibility of informed interventions aimed at meeting new challenges faced by citizens in modern democracies The volume is organized around five themes related to democratic citizenship citizen knowledge about politics persuasion processes and intervention processes group identity and perception of individual citizens and social groups hate crimes and intolerance and the challenge of rapid changes in technology and mass media These themes address the key challenges to existing perspectives on citizenship represent themes that are central to the health of democratic societies and reflect ongoing lines of research that offer important contributions to an interdisciplinary political psychology perspective on citizenship In several cases scholars may be unaware of work in other disciplines on the same topic and might well benefit from greater intellectual commerce These themes provide excellent opportunities for the interdisciplinary cross talk that characterizes the contributions to this volume by prominent scholars from psychology political science sociology and mass communications In the final section distinguished commentators reflect on different aspects of the scholarly agenda put forth in this volume including what this body of work suggests about the state of political psychology's contributions to our understanding of these issues Thus this volume aims to provide a multifaceted interdisciplinary look at the political psychology of democratic citizenship The interdisciplinary bent of contemporary work in political psychology may uniquely equip it to create a more nuanced understanding of citizenship issues and of competing democratic theories The Conception of Citizen Knowledge in Democratic Theory L.

Rapeli, 2013-11-28 What according to democratic theorists should the ordinary citizen know about politics What does several decades of empirical research about citizens political knowledge tell us And why should we care This book offers a comprehensive outline of the vast literature on political knowledge and by providing an analytical framework for its studying

Theory of Political Sociology S.P. Guru, 2015-01-01 This book entitled Theory of Political Sociology deals with conceptual schemes theoretical constructs and models concerning interactions between Society and Politics It provides preliminary guidelines for enquiring into and examining the impact of Society on Politics and also the viceversa Politics as it is an integral part of Society incessantly comes under societal influences and simultaneously it also influences the structural and cultural components of the Society As such for understanding and appreciating meaningfully the dynamics of the Polity and the Society it is imperative to enquire into and examine the interpenetration and reciprocal influences between them on

employing relevant theoretical constructs and models For this purpose this book is designed accordingly and it contains selected theoretical models on some major dimensions of Society Politics Interactions such as Influence Power and Authority Political Power Structure Political Culture Political Socialization Political Communication Political Participation Political Movement and Political Modernization It is intended to be used by students researchers and analysts as an introductory theoretical guidebook in their quest for understanding the interactions between Society and Politics The Oxford Handbook of Political Psychology Leonie Huddy,David O. Sears,Jack S. Levy,2003-07-31 Political psychology applies what is known about human psychology to the study of politics It examines how people reach political decisions on topics such as voting party identification and political attitudes as well as how leaders mediate political conflicts and make foreign policy decisions The Oxford Handbook of Political Psychology gathers together a distinguished group of scholars from around the world to shed light on these vital questions Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new material providing an up to date account of cutting edge research within both psychology and political science this is an essential reference for scholars and students interested in the intersection of the two fields

The Manipulation of Consent Youssef Cohen,2010-11-23 The Manipulation of Consent is a major contribution to our knowledge of the mechanisms by which elites instill in the lower classes the beliefs values and attitudes that legitimize their subordinate position in the social order Youssef Cohen explores the case of Brazil where the working class was relatively quiescent in the face of the authoritarian regime established by force in 1964 Drawing on recent advances in the theory of the state and the study of power relations as well as on modern methods of social inquiry he reveals the techniques of ideological control in the concrete setting of modern Brazilian society The result is an unusually illuminating case study that blends theoretical exposition conceptually informed historical analysis and a wealth of empirical data The Manipulation of Consent makes a substantial addition to the understanding of Brazilian politics the study of power relations and the theory of the state *The Soldier and the Citizen* Monte R. Bullard,2016-09-16 A soldier citizen describes the role of the Republic of China's military in the political socialization of Taiwan's citizens during the first two decades after the loss of the Chinese mainland **A Theory Of Citizenship** Herman R. Van Gunsteren,2018-10-08 Does vital citizenship require moral consensus Or is it the ability to organize their differences that allows people to live together as citizens in a republic Whereas liberal republican and communitarian theories of citizenship analyzed the conditions of citizenship the central message of this book is that the practical exercise of citizenship under conditions that are far from ideal is the main source of its vitality Instead of arguing for more participation it focuses on the citizenship of those who for whatever reason are already active in the public sphere Herman van Gunsteren develops a theory of citizenship well suited to the era of political reform that was

inaugurated by the revolutions of 1989 *Democracy, Socialization and Conflicting Loyalties in East and West* Henk Dekker, Russell F. Farnen, Daniel B. German, Rudiger Meyenberg, 2016-07-27 The 22 essays in this volume discuss contemporary trends in democratization nationalism political socialization authoritarianism and other topics such as conflicting loyalties in Europe and the US Since there are seven different countries represented among the authors who have contributed to this volume they have produced a unique international comparative and cross national research perspective on significant issues in contemporary politics socialization and education This book provides an interesting collection of empirical research findings and scholarly syntheses of quantitative and qualitative research efforts Major emphasis in these studies is on the impact of socialization forces and political socialization of youth from various sources Some research studies are quasi longitudinal treating different regions in Europe and emphasizing significant themes such as racism intolerance xenophobia the European Union and democratic political philosophy and citizenship **Gender Consciousness and Politics** Sue Tolleson Rinehart, 2013-10-31 This book examines the emergence of gender consciousness among women as a significant force in American politics The author bases her argument on an in depth empirical analysis of data derived from the U S biennial National Election studies of 1974 to 1984 the year of the emergence of the so called gender gap The author discusses the fact that while feminism is central to womens political orientation the simple awareness of gender differences and group consciousness is a powerful force of change Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 **Children's Knowledge, Beliefs and Feelings about Nations and National Groups** Martyn Barrett, 2013-04-15 Provides a state of the art account of how people s subjective sense of national identity develops through childhood and adolescence **People & Politics in Urban America** Robert W. Kweit, 2013-10-31 This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics Public Discourse in America Judith Rodin, Stephen P. Steinberg, 2011-04-07 A distinguished group of scholars and prominent figures here offers thoughtful new perspectives on the tenor and conduct of public life in contemporary America Originating in a shared concern that our civic culture was becoming coarser and more polarized Public Discourse in America provides a critical corrective to this widespread misperception about declining civility in public culture and the ways we as citizens negotiate our differences Together these essays explore the current condition and centrality of public discourse in our democracy investigating how it has changed through our history and whether it fails to approach our widely held but often unarticulated ideal of reasoned and reasonable public deliberation Contributors consider whether rationality is really the best standard for public discussion and argument and isolate the features and principles that would characterize a truly exemplary more productive public discourse at the beginning of the twenty first century They investigate why public conversations work when they work well and why they often fail when we need them the most as in our nation s so often aborted national conversation on race Taking

a comprehensive look at institutional and leadership practices in recent public debates over a variety of hot button public policy issues Public Discourse in America outlines how such conversations can be used to reintegrate our fragmented communities and bridge barriers of difference and hostility among communities and individuals These essays speak to urgent and perennial questions about the nature of American society the responsibilities of leaders the rules of democracy and the role of public culture in times of crisis conflict and rapid change Public Discourse in America originated in the work of the Penn National Commission on Society Culture and Community convened in 1996 by Judith Rodin President of the University of Pennsylvania Distinguished members of the Commission leading experts commissioned researchers and leaders in America's nascent public discourse movement offer unexpected insights and an optimistic vision of the health of our politics and culture Readers of all political persuasions from the halls of political power to the streets of urban neighborhoods from newsrooms and studios to think tanks and universities will find these essays opening up new paths to robust public discussion more engaged citizenship and stronger communities Contributors include Joyce Appleby Thomas Bender Derek Bok Alex Boraine Graham G Dodds Christopher Edley Jr Drew Gilpin Faust Neal Gabler Richard Lapchick Don M Randel Richard Rodriguez Jay Rosen David M Ryfe Michael Schudson Neil Smelser and Robert H Wiebe **Rethinking**

Institutions, Processes and Development in Africa Ernest Aniche, Toyin Falola, 2021-10-18 African scholarship concerning the nexus between institutions and development is still dominated by the economic perspective of development despite the emergence of the humanistic perspective of development The humanistic perspective is a more embracing encompassing and comprehensive view of development than its economic counterpart and offers a better explanation of the African situation It is essential to examine the relationships between democratic political institutions and human development This collection examines democratic institutions and processes in post independence Africa The contributors examine the political institutional processes in post colonial Africa evaluating the workings of institutions such as education bureaucracy interest groups trade unions and problems of enforcements in Africa It also discusses the relevance of creative arts for political socialization as well as the role effects of privatization on service delivery in contemporary African societies

News and Democratic Citizens in the Mobile Era Johanna Dunaway, Kathleen Searles, 2023 Though people frequently use mobile technologies for news consumption evidence from several fields shows that smaller screens and slower connection speeds pose major limitations for meaningful reading In News and Democratic Citizens in the Mobile Era Johanna Dunaway and Kathleen Searles demonstrate the effects of mobile devices on news attention engagement and recall and identify a key cognitive mechanism underlying these effects cognitive effort They advance a theory that is both old and new the costs of information seeking curb participatory behaviors unless the benefits outweigh them For news consumers in the mobile era for example mobile devices increase the time economic and cognitive costs associated with information seeking Only for a small few do the benefits of attending to the news on mobile devices outweigh the costs Building on economic

theories of news media choice and the ways audience demand shapes news craft and production Dunaway and Searles argue that attention engagement and recall suffer when people consume news on mobile devices They then investigate the implications of these effects for the news industry and for an informed democratic citizenry Drawing on both laboratory and real world studies Dunaway and Searles bring the psychophysiology of news consumption to bear on the question of what we could lose in an information environment characterized by a dramatic shift in reliance on mobile devices Opinion Control in the Democracies Terence H Qualter,1985-03-04 Chinese Environmental Governance Bingqiang Ren,2013-12-05 In this edited volume leading environmental policy experts from China USA and Europe provide a contemporary view of Chinese environmental policy analyzing current discussions among various actors and agencies The book covers a wide range of topics including the gap between national policy goals and their local implementation cultural and social factors shaping political behavior legal and political systems affecting environmental policy creation and execution new societal forces participating in environmental policymaking and governance and local state strategies tasked with navigating a mix of political legal and societal forces Featuring in depth empirically grounded analyses with interdisciplinary approaches the book is ideal reading for scholars interested in the complex nature of balancing Chinese environmental sustainability and economic growth *Bulletin - National Council for the Social Studies* National Council for the Social Studies,1983

Support for the American Welfare State Fay Lomax Cook,Edith J. Barrett,1992 The results of a survey of attitudes of both the public and members of the U S House of Representatives about Social Security Supplemental Security Income Medicare Medicaid Aid to Families with Dependent Children Food Stamps and Unemployment Compensation
