*Towards a Polemical Ethics* Gregory Fried, 2021-04-07 Martin Heidegger held Plato responsible for inaugurating the slow slide of the West into nihilism

and the apocalyptic crisis of modernity In this book Gregory Fried defends Plato against Heidegger's critiques While taking seriously Heidegger's analysis of human finitude and historicity Fried argues that Heidegger neglects the transcending ideals that necessarily guide human life as situated in time and place That neglect results in Heidegger's disastrous politics unhinged from a practical reason grounded in the philosophical search for a truth that transcends historical contingency Thinking both with and against Heidegger Fried shows how Plato's skeptical idealism provides an ethics that captures both the situatedness of finite human existence and the need for transcendent ideals The result is a novel way of understanding politics and ethical life that Fried calls a polemical ethics which mediates between finitude and transcendence by engaging in constructive confrontation with both traditions and other persons The contradiction between the founding ideals of the United States and its actual history of racism and slavery provides an occasion to discuss polemical ethics in practice

**Polemic** Almut Suerbaum, George Southcombe, 2016-03-03 If terms are associated with particular historical periods then polemic is firmly rooted within early modern print culture the apparently inevitable result of religious controversy and the rise of print media Taking a broad European approach this collection brings together specialists on medieval as well as early modern culture in order to challenge stubborn assumptions that medieval culture was homogenous and characterized by consensus and that literary discourse is by nature eirenic Instead the volume shows more clearly the continuities and discontinuities especially how medieval discourse on the sins of the tongue continued into early modern discussion how popular and influential

medieval genres such as sermons and hagiography dealt with potentially heterodox positions and the role of literary especially fictional debate in developing modes of articulating discord as well as demonstrating polemic in action in political and ecclesiastical debate Within this historical context the position of early modern debates as part of a more general culture of articulating discord becomes more clearly visible The structure of the volume moves from an internal textual focus where the nature of polemic can be debated through a middle section where these concerns are also played out in social practice to a more historical group investigating applied polemic In this way a more nuanced view is provided of the meaning role and effect of polemic both broadly across time and space and more narrowly within specific circumstances     Jewish Exiles and European Thought during the Third Reich David Weinstein, Avihu Zakai, 2017-07-06 A study of how forced exile from 1930s Germany informed the scholarship of four German speaking Jewish intellectuals     Western Political Thought Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability     Performative Polemic Kathrina Ann LaPorta, 2021-06-21 Performative Polemic is the first literary historical study to analyze the war of words unleashed in the pamphlets denouncing Louis XIV's absolute monarchy between 1667 and 1715 As conflict erupted between the French ruler and his political enemies pamphlet writers across Europe penned scathing assaults on the Sun King's bellicose impulses and expansionist policies This book investigates how pamphlet writers challenged the monarchy's monopoly over the performance of sovereignty by contesting the very mechanisms through which the crown legitimized its authority at home and abroad Author Kathrina LaPorta offers a new conceptual framework for reading pamphlets as political interventions asserting that an analysis of the pamphlet's form is crucial to understanding how pamphleteers seduced readers by capitalizing on existing markets in literature legal writing and journalism Pamphlet writers appeal to the theater going public that would have been attending plays by Molière and Racine as well as to readers of historical novels and periodicals Pamphleteers entertained readers as they attacked the performative circuitry behind the curtain of monarchy     **The Politics of Not Speaking** Elad Lapidot, 2025-02-01 In contrast to the common understanding of politics as a domain of speaking reveals an alternative tradition where the spoken word fails collapses breaks i.e. a politics of not speaking According to a common conception modern politics is based on speaking on discussion and rational argumentation on logos In contrast The Politics of Not Speaking argues that politics is based not on speaking but on the suspension of conversation on the break of rational discourse on logoclassm on politics of not speaking Elad Lapidot presents the notion of politics as logoclassm through readings of five canonic thinkers of the twentieth century Carl Schmitt Martin Heidegger Frantz Fanon Gayatri Spivak and Jacques Derrida Tracing the development of the politics of not speaking from the 1930s to the 1990s he shows how the notion of logoclassm the rupture of rational discussion explains key notions in modern politics such as sovereignty law the state

violence war race colonialism decolonization and boycott and sheds light on current debates concerning the Boycott Divestment Sanctions BDS movement and the Gaza war The Religious Polemics of the Muslims of Late Medieval Christian Iberia Mònica Colominas Aparicio, 2018-04-17 The Religious Polemics of the Muslims of Late Medieval Christian Iberia examines the corpus of polemical literature against the Christians and the Jews of the protected Muslims Mudejars Commonly portrayed as communities in cultural and religious decay Mònica Colominas convincingly proves that the discourses against the Christians and the Jews in Mudejar treatises provided authoritative frameworks of Islamic normativity which helped to legitimize the residence of their communities in the Christian territories Colominas argues that while the primary aim of the polemics was to refute the views of their religious opponents Mudejar treatises were also a tool used to advance Islamic knowledge and to strengthen the government and social cohesion of their communities The Question of Peace in Modern Political Thought Toivo Koivukoski, David Edward Tabachnick, 2015-04-08 The essays in The Question of Peace in Modern Political Thought address the contribution that political theories of modern political philosophers have made to our understandings of peace The discipline of peace research has reached a critical impasse where the ideas of both realist peace and democratic peace are challenged by contemporary world events Can we stand by while dictators violate the human rights of citizens Can we impose a democratic peace through the projection of war By looking back at the great works of political philosophy this collection hopes to revive peace as an active question for political philosophy while making an original contribution to contemporary peace research and international relations **Woman: History and Critique of a Polemical Concept** Paola Rudan, 2023-08-28 The book follows the movements of the concept of woman from the Early modern to the post colonial age through the words of women who challenged its patriarchal definition The concept of woman is doubly polemical It affirms sexual difference as political difference while denying the universal character of modern political concepts which represent the unity of the political and social order exposing its fundamental division At the same time woman is a concept marked by differences of race class culture that continually redetermine its content To make the history of the concept of woman is thus to affirm a different perspective on history itself a partial perspective that lays the groundwork for the feminist critique of the present Politics and 'Politiques' in Sixteenth-Century France Emma Claussen, 2021-06-17 Explores conceptions of politics in early modern France and the controversies the word politique attracted during the Wars of Religion *Polemic and Literature Surrounding the French Wars of Religion* Jeff Kendrick, Katherine S. Maynard, 2019-09-23 Polemic and Literature Surrounding the French Wars of Religion demonstrates that literature and polemic interacted constantly in sixteenth century France constructing ideological frameworks that defined the various groups to which individuals belonged and through which they defined their identities Contributions explore both literary texts prose poetry and theater and more intentionally polemical texts that fall outside of the traditional literary genres Engaging the continuous casting and recasting of opposing worldviews this collection of essays examines

literature's use of polemic and polemic's use of literature as seminal intellectual developments stemming from the religious and social turmoil that characterized this period in France

**Exegesis as Polemical Discourse** Theodore Pulcini, 1998 In the history of relations among Islam Christianity and Judaism the encounter in medieval Spain stands out as particularly noteworthy for its intensity and creativity This interaction generated many polemical texts presenting the competing claims of the three monotheistic faiths One such text is the Treatise on Obvious Contradictions and Evident Lies by the Muslim scholar Abu Mudhammad Ali ibn Hazm al Andalusi d 1064 This study makes the content of the Treatise available to English speakers for the first time providing a detailed description of the work and an assessment of its significance Theodore Pulcini argues that Ibn Hazm's polemical biblical exegesis is best understood within the centuries old tradition in which Muslim authors evaluated the Jewish and Christian scriptures Analyzing the historical and sociocultural dynamics of eleventh century Islamic Spain he contends that Ibn Hazm wrote the Treatise for the purpose of effecting societal reform

*Polemical Encounters* Mercedes García-Arenal, Gerard Wiegers, 2018-12-03 This collection takes a new approach to understanding religious plurality in the Iberian Peninsula and its Mediterranean and northern European contexts Focusing on polemics works that attack or refute the beliefs of religious Others this volume aims to challenge the problematic characterization of Iberian Jews Muslims and Christians as homogeneous groups From the high Middle Ages to the end of the seventeenth century Christian efforts to convert groups of Jews and Muslims Muslim efforts to convert Christians and Jews and the defensive efforts of these communities to keep their members within the faiths led to the production of numerous polemics This volume brings together a wide variety of case studies that expose how the current historiographical focus on the three religious communities as allegedly homogeneous groups obscures the diversity within the Christian Jewish and Muslim communities as well as the growing ranks of skeptics and outright unbelievers Featuring contributions from a range of academic disciplines this paradigm shifting book sheds new light on the cultural and intellectual dynamics of the conflicts that marked relations among these religious communities in the Iberian Peninsula and beyond In addition to the editors the contributors are Antoni Biosca i Bas Thomas E Burman M nica Colominas Aparicio John Dagenais scar de la Cruz Borja Franco Llopis Linda G Jones Daniel J Lasker Davide Scotto
