Providence And Patriotism In Early America 1640 1815

John F. Berens

Providence And Patriotism In Early America 1640 1815:

Providence & Patriotism in Early America, 1640-1815 John F. Berens, 1978 **Diversity and Unity in Early North America** Phillip Morgan, 2005-09-27 Philip Morgan's selection of cutting edge essays by leading historians represents the extraordinary vitality of recent historical literature on early America. The book opens up previously unexplored areas such as cultural diversity, ethnicity, and gender, and reveals the importance of new methods such as anthropology and historical demography to the study of early America. *The Cambridge Introduction to Early American Literature* Emory Elliott, 2002-08-29 The Cambridge Introduction to Early American Literature offers students a literary history of American writing in English between 1492 and 1820, as well as providing a concise social and cultural history of these three centuries. Emory Elliott traces the impact of race, gender, and ethnic conflict on early American culture and explores the centrality of American Puritanism in the formation of a distinctively American literature. This highly engaging and comprehensive study will be essential reading for students of the literature history and culture of early America. **Presbyterians and American Culture** Bradley J. Longfield, 2013-01-01 This book provides a history of Presbyterians in American culture from the early eighteenth to the late twentieth century. Longfield assesses both the theological and cultural development of American Presbyterianism with particular focus on the mainline tradition that is expressed most prominently in the Presbyterian Church U.S.A. He explores how Presbyterian churches and individuals rooted in those churches influenced and were influenced by the values, attitudes, perspectives, beliefs, and ideals assumed by Americans in the course of American history. The book will serve as an important introduction to Presbyterian history that will interest historians, students, and church leaders alike. *New Order of the Ages* Michael Lienesch, 2014-07-14 Lienesch shows that what emerged from the period of change was an inconsistent combination of political theories. The mixture of classical republicanism and modern liberalism was institutionalized in the American Constitution and has continued ambivalent, contradictory, and sometimes flatly paradoxical to characterize American politics ever since. Originally published in 1988, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *The Founding Fathers and the Debate Over Religion in Revolutionary America* Matthew Harris, Thomas Kidd, 2012 Whether America was founded as a Christian nation or as a secular republic is one of the most fiercely debated questions in American history. Historians Matthew Harris and Thomas Kidd offer an authoritative examination of the essential documents needed to understand this debate. The texts included in this volume—writings and speeches from both well-known and obscure early American thinkers—show that religion played a prominent yet fractious role in the era of the American Revolution. In their

personal beliefs the Founders ranged from profound skeptics like Thomas Paine to traditional Christians like Patrick Henry. Nevertheless, most of the Founding Fathers rallied around certain crucial religious principles including the idea that people were created equal, the belief that religious freedom required the disestablishment of state-backed denominations, the necessity of virtue in a republic, and the role of Providence in guiding the affairs of nations. Harris and Kidd show that through the struggles of war and the framing of the Constitution, Americans sought to reconcile their dedication to religious vitality with their commitment to religious freedom.

America's God Mark A. Noll, 2002-10-03 Religious life in early America is often equated with fire and brimstone Puritanism, yet by the nineteenth century Americans had moved away from the severe European traditions of which Puritanism was the most influential. In its place arose a singularly American set of beliefs marked by heightened spiritual inwardness, a new confidence in individual reason, and an attentiveness to the economic and market realities of Western life. In *America's God*, Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln.

Geography and Revolution David N. Livingstone, Charles W. J. Withers, 2010-08-15 A term with myriad associations, revolution is commonly understood in its intellectual, historical, and sociopolitical contexts. Until now, almost no attention has been paid to revolution and questions of geography. *Geography and Revolution* examines the ways that place and space matter in a variety of revolutionary situations. David N. Livingstone and Charles W. J. Withers assemble a set of essays that are themselves revolutionary in uncovering not only the geography of revolutions but the role of geography in revolutions. Here, scientific revolutions (Copernican, Newtonian) and Darwinian evolution, ordinarily thought of as placeless, are revealed to be rooted in specific sites and spaces. Technical revolutions, the advent of print, time-keeping, and photography, emerge as inventions that transformed the world's order without homogenizing it. Political revolutions in France, England, Germany, and the United States are notable for their debates on the nature of political institutions and national identity. Gathering insight from geographers, historians, and historians of science, *Geography and Revolution* is an invitation to take the where as seriously as the who and the when in examining the nature, shape, and location of revolutions.

Sentimental Democracy Andrew Burstein, 2000-05-24 For more than two centuries, Americans have used words of sentiment and sympathy, passion and power to explain their country's unique democratic mission. Here, Andrew Burstein examines the emotional dynamic and the metaphorically rich language which Americans developed to express their guiding principle that the New World would improve upon the Old. Feeling, he argues, was a political and cultural phenomenon, and in the impassioned rhetoric of feeling we can locate the sources of American patriotism. Using newspapers and magazines, private letters and public speeches, diaries and books, Burstein shows how the eighteenth-century culture of sensibility encouraged early Americans to make a heartfelt commitment to the Enlightenment's optimism about a global society it would succeed, they believed, as much by sublime feeling as by intellectual achievement and political liberty. *Sentimental Democracy* gives us a lively dual portrait of the American psyche and the American dream, telling

us as much about ourselves as about our morally passionate ancestors From publisher s description **The Language of Liberty 1660-1832** J. C. D. Clark,1994 This book creates a new framework for the political and intellectual relations between the British Isles and America in a momentous period which witnessed the formation of modern states on both sides of the Atlantic and the extinction of an Anglican aristocratic and monarchical order Jonathan Clark integrates evidence from law and religion to reveal how the dynamics of early modern societies were essentially denominational In a study of British and American discourse he shows how rival conceptions of liberty were expressed in the conflicts created by Protestant dissent s hostility to an Anglican hegemony The book argues that this model provides a key to collective acts of resistance to the established order throughout the period The book s final section focuses on the defining episode for British and American history and shows the way in which the American Revolution can be understood as a war of religion **The Strange Genius of Mr. O** Carolyn Eastman,2020-12-11 When James Ogilvie arrived in America in 1793 he was a deeply ambitious but impoverished teacher By the time he returned to Britain in 1817 he had become a bona fide celebrity known simply as Mr O counting the nation s leading politicians and intellectuals among his admirers And then like so many meteoric American luminaries afterward he fell from grace The Strange Genius of Mr O is at once the biography of a remarkable performer a gaunt Scottish orator who appeared in a toga and a story of the United States during the founding era Ogilvie s career featured many of the hallmarks of celebrity we recognize from later eras glamorous friends eccentric clothing scandalous religious views narcissism and even an alarming drug habit Yet he captivated audiences with his eloquence and inaugurated a golden age of American oratory Examining his roller coaster career and the Americans who admired or hated him this fascinating book renders a vivid portrait of the United States in the midst of invention **Pulpit and Nation** Spencer W. McBride,2017-01-12 In Pulpit and Nation Spencer McBride highlights the importance of Protestant clergymen in early American political culture elucidating the actual role of religion in the founding era Beginning with colonial precedents for clerical involvement in politics and concluding with false rumors of Thomas Jefferson s conversion to Christianity in 1817 this book reveals the ways in which the clergy s political activism and early Americans general use of religious language and symbols in their political discourse expanded and evolved to become an integral piece in the invention of an American national identity Offering a fresh examination of some of the key junctures in the development of the American political system the Revolution the ratification debates of 1787 88 and the formation of political parties in the 1790s McBride shows how religious arguments sentiments and motivations were subtly interwoven with political ones in the creation of the early American republic Ultimately Pulpit and Nation reveals that while religious expression was common in the political culture of the Revolutionary era it was as much the calculated design of ambitious men seeking power as it was the natural outgrowth of a devoutly religious people **Heaven Upon Earth** Jeffrey K. Jue,2006-06-28 1 i THE HISTORY OF BRITISHAPOCALYPTICTHOUGHT The study of early modern Britain between the Reformation of the 1530s and the Wars of

the Three Kingdoms of the 1640s has undergone a series of historiographical revisions The dramatic events during that century were marked by a religious struggle that produced a Protestant nation divided internally yet clearly opposed to Rome Likewise the political environment instilled a sense of responsible awareness regarding the administration of the realm and the defense of constitutional liberty Whig Historians from the nineteenth century described these changes as a Puritan Revolution Essentially this was England's inevitable march towards enlightenment as a result of religious and political maturation Subsequent Marxist historians attributed these radical changes to socio economic factors Britain was witnessing the decline of the medieval feudal system and the rise of a new capitalist class Both of these early views claimed that brewing social political and economic unrest culminated in extreme radical action More recently beginning in the 1980s new studies appeared that began to challenge these old assumptions Relying on careful archival research many of these studies discarded the former conception of this period as revolutionary instead arguing that the Reformation was in fact a gradual and unpopular process In *Margot Todd ed Reformation to Revolution Politics and Religion in Early Modern England* London and New York 1995 p 12 S R Gardiner *The First Two Stuarts and the Puritan Revolution* London 1876

From Revivals to Removal John A. Andrew, III, 2007-11-01 Between the end of the Revolutionary War in 1781 and Andrew Jackson's retirement from the presidency in 1837 a generation of Americans acted out a great debate over the nature of the national character and the future political economic and religious course of the country Jeremiah Evarts 1781-1831 and many others saw the debate as a battle over the soul of America Alarmed and disturbed by the brashness of Jacksonian democracy they feared that the still young ideal of a stable cohesive deeply principled republic was under attack by the forces of individualism liberal capitalism expansionism and a zealous blend of virtue and religiosity A missionary reformer and activist Jeremiah Evarts 1781-1831 was a central figure of neo Calvinism in the early American republic An intellectual and spiritual heir to the founding fathers and a forebear of American Victorianism Evarts is best remembered today as the stalwart opponent of Andrew Jackson's Indian policies specifically the removal of Cherokees from the Southeast John A Andrew's study of Evarts is the most comprehensive ever written Based predominantly on readings of Evart's personal and family papers religious periodicals records of missionary and benevolent organizations and government documents related to Indian affairs it is also a portrait of the society that shaped and was shaped by Evart's beliefs and principles Evarts failed to tame the powerful forces of change at work in the early republic Evarts did manage to shape broad responses to many of them Perhaps the truest measure of his influence is that his dream of a government based on Christian principles became a rallying cry for another generation and another cause abolitionism

A Paradise of Reason J. Rixey Ruffin, 2007-11-26 William Bentley pastor in Salem Massachusetts from 1783 to his death in 1819 was unlike anyone else in America's founding generation for he had come to unique conclusions about how best to maintain a traditional understanding of Christianity in a world ever changing by the forces of the Enlightenment Like some of his contemporaries Bentley preached a liberal

Christianity with its benevolent God and salvation through moral living but he and in New England he alone also preached a rational Christianity one that offered new and radical claims about the power of God and the attributes of Jesus Drawing on over a thousand of Bentley s sermons J Rixey Ruffin traces the evolution of Bentley s theology Neither liberal nor deist Bentley was instead what Ruffin calls a Christian naturalist a believer in the biblical God and in the essential Christian narrative but also in God s unwillingness to interfere in nature after the Resurrection In adopting such a position Bentley had pushed his faith as far as he could toward rationalism while still he thought calling it Christianity But this book is as much a social and political history of Salem in the early republic as it is an intellectual biography it not only delineates Bentley s ideas but perhaps more important it unravels their social and political consequences Using Bentley s remarkable diary and a vast archive of newspaper accounts tax records and electoral returns Ruffin brings to life the sailors widows captains and merchants who lived with Bentley in the eastern parish of Salem A Paradise of Reason is a study of the intellectual and tangible effects of rational religion in mercantile Salem of theology and philosophy but also of ideology of the social politics of race and class and gender the ecclesiastical politics of establishment and dissent the ideological politics of republicanism and classical liberalism and the party politics of Federalism and Democratic Republicanism In bringing to light the fascinating life and thought of one of early New England s most interesting historical figures Ruffin offers a fresh perspective on the formative negotiations between Christianity and the Enlightenment in the years of America s founding

Romances of the Republic Shirley Samuels,1996 The politics of identity in the period of the early American republic involved the cultural production of a national self In Romances of the Republic Shirley Samuels examines revolutionary rhetoric from the 1790s through the 1850s primarily in novels but also in poems pamphlets political cartoons and sermons

Visionary Republic Ruth H. Bloch,1988-02-26 This book sheds light on the role of religion in the American Revolution and surveys an important facet of the intellectual history of the early Republic

Mortal Remains Nancy Isenberg,Andrew Burstein,2012-07-05 Mortal Remains introduces new methods of analyzing death and its crucial meanings over a 240 year period from 1620 to 1860 untangling its influence on other forms of cultural expression from religion and politics to race relations and the nature of war In this volume historians and literary scholars join forces to explore how in a medically primitive and politically evolving environment mortality became an issue that was inseparable from national self definition Attempting to make sense of their suffering and loss while imagining a future of cultural permanence and spiritual value early Americans crafted metaphors of death in particular ways that have shaped the national mythology As the authors show the American fascination with murder dismembered bodies and scenes of death the allure of angel sightings the rural cemetery movement and the enshrinement of George Washington as a saintly father constituted a distinct sensibility Moreover by exploring the idea of the vanishing Indian and the brutality of slavery the authors demonstrate how a culture of violence and death had an early effect on the American collective consciousness Mortal Remains draws on a range of primary

sources from personal diaries and public addresses satire and accounts of sensational crime and makes a needed contribution to neglected aspects of cultural history It illustrates the profound ways in which experiences with death and the imagery associated with it became enmeshed in American society politics and culture In the Beginning was the Word Mark A. Noll, 2016 In the Beginning Was the Word provides a sweeping engaging and insightful survey of the relationship between the Bible and public issues from the beginning of European settlement through the American Revolution It focuses throughout on how people negotiated between the Bible and other social authorities such as ecclesiastical tradition national and imperial politics and economic mandates To Live Ancient Lives Theodore Dwight Bozeman, 2014-01-01 To Live Ancient Lives signals a sharp redirection of Puritan studies It provides the first comprehensive study of Puritan primitivism defined as the drive to recover and return to church and society the ordinances of biblical times This work traces a campaign to purify English Christianity of postapostolic accretions from the Henrician Reformation to the Great Migration of 1630 and through the first five decades in New England Taking their bearings from a special past Puritans were not concerned with the future in a modern sense The Great Migration was not intended as an errand to reform the world or inaugurate the millennium but as a flight to a free world in which long lost biblical rules and ways could be reinstituted Drawing on hundreds of sermons and tracts Bozeman demonstrates how the search for the long lost helps to identify Puritanism as a discrete order within Protestant dissent and he locates that movement within the larger spectrum of restorationist Christian movements and of Western mythology Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Whispering the Secrets of Language: An Psychological Quest through **Providence And Patriotism In Early America 1640 1815**

In a digitally-driven earth wherever displays reign supreme and immediate transmission drowns out the subtleties of language, the profound strategies and psychological nuances hidden within words often move unheard. Providence And Patriotism In Early America 1640 1815 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Providence And Patriotism In Early America 1640 1815 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Providence And Patriotism In Early America 1640 1815 has opened up a world of possibilities. Downloading Providence And Patriotism In Early America 1640 1815 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Providence And Patriotism In Early America 1640 1815 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Providence And Patriotism In Early America 1640 1815. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Providence And Patriotism In Early America 1640 1815. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of

authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Providence And Patriotism In Early America 1640 1815, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Providence And Patriotism In Early America 1640 1815 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Providence And Patriotism In Early America 1640 1815 Books

1. Where can I buy Providence And Patriotism In Early America 1640 1815 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Providence And Patriotism In Early America 1640 1815 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Providence And Patriotism In Early America 1640 1815 books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets:

You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Providence And Patriotism In Early America 1640 1815 audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Providence And Patriotism In Early America 1640 1815 books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
