Nathan,2001-06-01 Drawing on the history of state and local government in the New York Tri State metropolitan region the authors present a pathbreaking new theory about the values reformers must understand and balance in order to tackle the hard challenges of reforming and regionalizing local governance in the complex dynamic world of American politics and public policy Their examination of the way 2 179 local governments in the Tri State region have evolved over more than a century pays special attention to New York City but is applicable to other metropolitan areas It brings to life ideas that are crucial to a subject that in the academic literature is often treated in a way that is abstract and hard to grasp This is a valuable book for scholars political leaders and students interested in regionalism in metropolitan America and in the fascinating history and governance of the nation s largest city and its vast metropolitan region A Sense of Place Christian Riegel,1998-03 A re evaluation of regionalism in Canadian and American writing A Sense of Place provides a comparative approach to the issue within a continental framework The contributors to this collection including Frank Davey Marjorie Pryse and Jonathan Hart look at a broad range of writers They explore regionalism on both sides of the border in light of the central political cultural literary and theoretical debates of our times **My Antonia** Willa Cather,2004-06-29 A successful lawyer remembers his boyhood in Nebraska and his friendship with an immigrant Bohemian girl Includes background information a chronology of the author s life explanatory notes critical analyses and other reference material A Companion to African American Literature Gene Andrew Jarrett,2013-05-06 Through a series of essays that explore the forms themes genres historical contexts major authors and latest critical approaches A Companion to African American Literature presents a comprehensive chronological overview of African American literature from the eighteenth century to the modern day Examines African American literature from its earliest origins through the rise of antislavery literature in the decades leading into the Civil War to the modern development of contemporary African American cultural media literary aesthetics and political ideologies Addresses the latest critical and scholarly approaches to African American literature Features essays by leading established

literary scholars as well as newer voices *Finding the Middle Ground* David Douglas Charbonneau, 2003 **Ukraine's Foreign and Security Policy 1991-2000** Roman Wolczuk, 2002-10-17 This book analyses Ukraine's relations with each of its neighbours in the 1990s. It examines the degree to which these relations fitted into Ukraine's broad objective of reorienting its key political ties from East to West and assesses the extent to which Ukraine succeeded in achieving this reorientation. It shows how in the early days of independence Ukraine fought off threats from Russia and Romania to its territorial integrity and how it made progress in establishing good relations with its western neighbours as a means of moving closer towards Central European sub-regional and European regional organisations. It also shows how the sheer breadth and depth of its economic and military ties to Russia continued to exert such a strong influence that relations with Russia dwarfed Ukraine's relations with all other neighbours, resulting in a foreign and security policy which attempted to counterbalance the competing forces of East and West.
