Reason And Rhetoric In The Philosophy Of Hobbes

Timothy Raylor

Reason And Rhetoric In The Philosophy Of Hobbes:

Reason and Rhetoric in the Philosophy of Hobbes Quentin Skinner, 1996-02-22 An outstanding new interpretation of Hobbes one of the most difficult and challenging of political philosophers *From Humanism to Hobbes* Quentin Skinner, 2018-01-25 The aim of this collection is to illustrate the pervasive influence of humanist rhetoric on early modern literature and philosophy The first half of the book focuses on the classical rules of judicial rhetoric One chapter considers the place of these rules in Shakespeare's *The Merchant of Venice* while two others concentrate on the technique of rhetorical redescription pointing to its use in Machiavelli's *The Prince* as well as in several of Shakespeare's plays notably *Coriolanus* The second half of the book examines the humanist background to the philosophy of Thomas Hobbes A major new essay discusses his typically humanist preoccupation with the visual presentation of his political ideas while other chapters explore the rhetorical sources of his theory of persons and personation thereby offering new insights into his views about citizenship political representation rights and obligations and the concept of the state *Philosophy, Rhetoric, and Thomas Hobbes* Timothy Raylor, 2018-11-01 Thomas Hobbes claimed to have founded the discipline of civil philosophy political science The claim did not go uncontested and in recent years the relationship of philosophical reasoning to rhetorical persuasion in Hobbes's work has become a significant area of discussion as scholars attempt to align his disparaging remarks about rhetoric with his dazzling practice of it in works like *Leviathan* The dominant view is that having rejected an early commitment to humanism and with it rhetoric when he adopted the scientific approach to philosophy in the late 1630s Hobbes later came to re-embrace it as an essential aid to or part of philosophy *Philosophy Rhetoric and Thomas Hobbes* proposes that Hobbes was from first to last dubious about the place of rhetoric in civil society and came to see it as a pernicious presence within philosophy a position from which he did not retreat It offers a fresh and expanded picture of Hobbes's humanism by examining his years as a country house tutor his teaching and his translation of Thucydides the influence on him of Bacon and the range of his early natural historical and philosophical interests In demonstrating the distinctively Aristotelian character of his understanding of rhetoric the book also revisits the new approach to philosophy Hobbes adopted at the end of the 1630s clarifying the nature and scope of his concern about the contamination of philosophy and political life by the procedures of rhetorical argumentation *Politics through the Iliad and the Odyssey* Andrea Catanzaro, 2019-03-14 Facing censorship and being confined to the fringes of the political debate of his time Thomas Hobbes turned his attention to translating Homer's *Iliad* and the *Odyssey* from Greek into English Many have not considered enough the usefulness of these translations In this book Andrea Catanzaro analyses the political value of Hobbes translations of Homer's works and exposes the existence of a link between the translations and the previous works of the Malmesbury philosopher In doing so he asks What new information concerning Hobbes political and philosophical thought can be rendered from mere translation What new offerings can a man in his eighties at the time offer having widely explained his

political ideas in numerous famous essays and treatises What new elements can be deduced in a text that was well known in England and where there were better versions than the ones produced by Hobbes Andrea Catanzaro's commentary and theoretical interpretation offers an incentive to study Hobbes' lesser known works in the wider development of Western political philosophy and the history of political thought

Sovereignty as a Vocation in Hobbes's Leviathan Matthew Hoye, 2025-11-07 This book argues that the fundamental foundation of Hobbes's political philosophy in *Leviathan* is wise generous loving sincere just and valiant in sum magnanimous statecraft whereby sovereigns aim to realize natural justice manifest as eminent and other regarding virtue It proposes that concerns over the virtues of the natural person bearing the office of the sovereign suffuse Hobbes's political philosophy defining both his theory of new foundations and his critiques of law and obligation These aspects of Hobbes's thought are new to *Leviathan* as they respond to limitations in his early works in political theory *Elements* and *De Cive* limitations made apparent by the civil wars and the regicide of Charles I Though new this book argues that they tap into ancient political and philosophical ideas foremostly the variously celebrated mystified and maligned figure of the orator founder

Hobbes's Theory of Will Jurgen Overhoff, 2000-02-22 In Hobbes's Theory of the Will Jurgen Overhoff reveals the religious ethical and political consequences of Thomas Hobbes's doctrine of volition The author gracefully describes how Hobbes's thought was governed by assumptions based firmly in Galilean natural philosophy and orthodox Protestant theology Overhoff also demonstrates how his subject used materialist eschatology and an absolutist political theory to resolve the social and ethical predicaments that coincided with these assumptions Finally Overhoff provides a chronological study of the numerous philosophical theological religious and political aspects of Hobbes's idea of the will and situates Hobbes's doctrine within the context of the most important responses and objections put forward by his critics

The Oxford Handbook of Hobbes A.P. Martinich, Kinch Hoekstra, 2016-03-07 The Oxford Handbook of Hobbes collects twenty six newly commissioned original chapters on the philosophy of the English thinker Thomas Hobbes 1588-1679 The chapters included in this Oxford Handbook cover the full range of Hobbes's thought his philosophy of logic and language his view of physics and scientific method his ethics political philosophy and philosophy of law and his views of religion history and literature

British International Thinkers from Hobbes to Namier I. Hall, 2009-12-07 This book will be the first to examine the variety of British international thought its continuities and innovations The editors combine new essays on familiar thinkers such as Thomas Hobbes and John Locke with important but neglected writers and publicists such as Travers Twiss James Bryce and Lowes Dickinson

The Bloomsbury Companion to Hobbes S.A. Lloyd, 2013-01-03 Thomas Hobbes 1588-1679 is widely held to be one of the most important thinkers in the history of philosophy His contributions to ethics political philosophy and psychology in particular were hugely innovative and he was regarded by his contemporaries as a major intellectual figure This comprehensive and accessible guide to Hobbes's life and work features 120 specially commissioned entries written by a team of leading experts in the field of seventeenth century philosophy and political

thought covering every aspect of Hobbes's ideas The Companion presents a comprehensive overview of the major themes and topics in Hobbes's work in particular within the fields of language political philosophy moral philosophy and psychology religion law and science It concludes with a thoroughly comprehensive bibliography of primary and secondary sources This is an essential reference tool for anyone working in the fields of seventeenth century philosophy and political theory

Enlightenment, Passion, Modernity Mark S. Micale, Robert L. Dietle, Peter Gay, 2000 Enriched by the methods and insights of social history the history of mentalities linguistics anthropology literary theory and art history intellectual and cultural history are experiencing a renewed vitality The far ranging essays in this volume by an internationally distinguished group of scholars represent a generous sampling of these new studies

Language and Revolution in Burke, Wollstonecraft, Paine, and Godwin Jane Hodson, 2007-01-01 Jane Hodson's book explores the relationship between political persuasion literary style and linguistic theory in four key texts on the French Revolution by Edmund Burke Mary Wollstonecraft Thomas Paine and William Godwin Situating these texts in the context of more than 50 contemporaneous books on language as well as pamphlets novels and letters Hodson challenges the notion that the Revolution debate was a straightforward conflict between radical and conservative linguistic practices

The Making of the Humanities Rens Bod, Jaap Maat, Thijs Weststeijn, 2025-10-01 This much awaited second volume investigates the changes in subject method and institutional context of the humanistic disciplines around 1800 offering a wealth of insights for specialists and students alike Point of departure is the pivotal question whether there was a paradigm shift in the humanities around 1800 or whether these changes were part of a much longer process The authors provide an overarching perspective including philology musicology art history linguistics historiography philosophy and literary theory They also make clear that the influence from the East from the Ottoman Empire to China was crucial for the development of the European humanistic disciplines

Democracy and the History of Political Thought Stephen A. Block, Patrick N. Cain, Stephen Patrick Sims, 2021-06-23 This volume provides a fresh perspective on current democratic theory and practice by recovering the rich evaluations of democracy in the history of political thought Each author addresses a single thinker's reflections on the virtues and defects of democracy and the relationship between democracy and other regimes Together these essays explore the tensions within the democratic way of life that arise from an attachment to equality liberty citizenship law and the divine Above all this work aims at recovering a more complex understanding of democracy connecting the perennial questions of political philosophy to the perplexities and crises of modern democracy

Research Handbook on the History of Political Thought Cary J. Nederman, Guillaume Bogiari, 2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought Comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient Greece until the nineteenth century

Science in Democracy Mark B. Brown, 2009-08-14 An argument that draws on canonical and contemporary thinkers in political theory and science studies

from Machiavelli to Latour for insights on bringing scientific expertise into representative democracy Public controversies over issues ranging from global warming to biotechnology have politicized scientific expertise and research Some respond with calls for restoring a golden age of value free science More promising efforts seek to democratize science But what does that mean Can it go beyond the typical focus on public participation How does the politics of science challenge prevailing views of democracy In *Science in Democracy* Mark Brown draws on science and technology studies democratic theory and the history of political thought to show why an adequate response to politicized science depends on rethinking both science and democracy Brown enlists such canonical and contemporary thinkers as Machiavelli Hobbes Rousseau Dewey and Latour to argue that the familiar dichotomy between politics and science reinforces a similar dichotomy between direct democracy and representative government He then develops an alternative perspective based on the mutual shaping of participation and representation in both science and politics Political representation requires scientific expertise and scientific institutions may become sites of political representation Brown illustrates his argument with examples from expert advisory committees bioethics councils and lay forums Different institutional venues he shows mediate different elements of democratic representation If we understand democracy as an institutionally distributed process of collective representation Brown argues it becomes easier to see the politicization of science not as a threat to democracy but as an opportunity for it

The Trouble with Literature Victoria Ann Kahn, 2020 This book argues that the literature of the English Reformation marks a turning point in Western thinking about literature and literariness Victoria Kahn contrasts modern and early modern understandings of the terms and focuses on the works of Thomas Hobbes John Milton Immanuel Kant Soren Kierkegaard and J M Coetzee

Visions of Politics Quentin Skinner, 2002-09-16 The third of three volumes of essays by Quentin Skinner one of the world's leading intellectual historians This collection includes some of his most important essays on Thomas Hobbes each of which has been carefully revised for publication in this form In a series of writings spanning the past four decades Professor Skinner examines with his customary perspicuity the evolution and character of Hobbes's political thought An indispensable work in its own right this volume also serves as a demonstration of those methodological theories propounded in Volume I and as an appositional commentary on the Renaissance values of civic virtue treated in Volume II All of Professor Skinner's work is characterised by philosophical power limpid clarity and elegance of exposition these essays many of which are now recognised classics provide a fascinating and convenient digest of the development of his thought Professor Skinner has been awarded the Balzan Prize Life Time Achievement Award for Political Thought History and Theory Full details of this award can be found at http://www.balzan.it/News_eng.aspx ID 2474

Love against Substitution Eric B. Song, 2022-04-26 Are we unique as individuals or are we replaceable Seventeenth century English literature pursues these questions through depictions of marriage The writings studied in this book elevate a love between two individuals who deem each other to be unique to the point of being irreplaceable and this vocabulary allows writers to put affective pressure on the meaning of

marriage as Pauline theology defines it Stubbornly individual love threatens to short circuit marriage's function in directing intimate feelings toward a communal experience of Christ's love The literary project of testing the meaning of marriage proved to be urgent work throughout the seventeenth century Monarchy itself was put on trial in this century and so was the usefulness of marriage in linking Christian belief with the legitimacy of hereditary succession Starting at the end of the sixteenth century with Edmund Spenser and then exploring works by William Shakespeare William Davenant John Milton Lucy Hutchinson and Aphra Behn Eric Song offers a new account of how notions of unique personhood became embedded in a literary way of thinking and feeling about marriage

Polis, Nation, Global Community Ann Ward, 2021-08-12 This book examines the basic tenets of nation nationalism and citizenship It explores the relevance of the nation state to human freedom and flourishing as well as the concept of citizenship that it implies in contrast to that of the ancient polis and the global community The volume focusses on the shifting notions of various political concepts over time to present a systematic understanding of core concepts such as polis nation and state from antiquity to the present It includes contributions that analyze ancient and modern thought and sections that address postmodern and contemporary thinkers including Aristotle Cicero Hobbes Locke Rousseau Tocqueville Nietzsche Arendt Weil Grant and Manent A comprehensive handbook to introductory politics this book will be invaluable to students and teachers of political science especially political theory political philosophy democracy political participation and international relations theory

Poetry and Sovereignty in the English Revolution Niall Allsopp, 2020-05-06 Poetry and Sovereignty in the English Revolution presents a new interpretation of the poetry of the English revolution It focuses on royalist poets who left their cause behind following the abolition of the monarchy exploring how they reimagined the traditional language of allegiance in newly secular artificial and absolutist ways Following the execution of Charles I in 1649 royalists who had sided with the King were left with a significant vacuum to fill Poetry and Sovereignty in the English Revolution charts the poetry of Andrew Marvell Edmund Waller John Dryden William Davenant Abraham Cowley and Margaret Cavendish amongst others in this period It examines the poets close acquaintance with Thomas Hobbes offering new readings of the reception and adaptation of Hobbes's ideas in contemporary poetry A final chapter traces how the poets survived the restoration of the Stuart monarchy showing how they continued to apply their ideas in the heroic drama of the 1660s Poetry and Sovereignty in the English Revolution builds on recent work in both literary criticism and the history of political thought to contextualize royalist poets within a distinctive strain of absolutism inflected by reason of state neostoicism scepticism and anticlericalism It demonstrates a vivid poetic effort to imagine the expanded state delivered by the English Revolution
