Reasons of Hate John Welcome,1990-01-01 **The Moral Psychology of Hate** Noell Birondo,2022-02-16 A 2022

Choice Reviews Outstanding Academic Title The Moral Psychology of Hate provides the first systematic introduction to the moral psychology of hate compiling specially commissioned essays by an international team of scholars with a wide range of disciplinary orientations In light of the recent revival of interest in emotions in academic philosophy and the current social and political interest in hate this volume provides arguments for and against the value of hate through a combination of empirical and philosophical methods The authors examine hate not merely as a destructive feeling but as an emotion of great moral significance that illuminates how we understand each other and ourselves The book will be of major interest to anyone concerned with the dynamics and the moral and political implications of this most powerful of human emotions **Opting**

for the Best Douglas W. Portmore,2019-06-11 We ought to opt for the best that is we ought to choose the option that is best in terms of whatever ultimately matters So if maximizing happiness is what ultimately matters then we ought to perform the option that results in the most happiness And if instead abiding by the Golden Rule is what ultimately matters then we ought to perform the option that best abides by this rule However even if we know what ultimately matters this is not always sufficient for determining which option we ought to perform There are other questions that we need to consider as well Which events are options for us How do we rank our options in terms of their own goodness or in terms of the goodness of the best options that entail them How exactly does that which ultimately matters determine which options we ought to perform In Opting for the Best Douglas W Portmore focuses on these three questions which he argues can best be answered by putting aside any specific determination of what ultimately matters He argues that tackling these three questions is crucial to solving many of the puzzles concerning what we ought to do including those involving supererogation indeterminate outcomes overdetermined outcomes predictable future misbehavior and good acts that entail bad acts among others Engaging with arguments in areas as wide ranging as action theory and deontic logic the solutions that Portmore offers systematize our thinking about some of the most complex issues in practical philosophy **Routledge Handbook on**

Meditations for Every Day in the Month François Nepveu,1911 **The Complete Works of Thomas Manton, D.D.** Thomas Manton,William G. Harris,1872 **The Pedagogical Seminary** ,1894 Vols 5 15 include Bibliography of child study by Louis N Wilson Expositor and Current Anecdotes ,1903 Words from Spirit by Aleisha and Ishamcvan,2008-02-12 Aleisha is a medium and channel for the teaching guide Ishamcvan She takes dictation from this advanced spirit entity as he answers the questions put to him by many people from around the world on a wide variety of spiritual subjects As well he gives insights to endless aspects spirituality of the soul s passage through life its development and the ultimate lessons it must experience whilst here on earth This is a categorized record of some of those questions Nothing has been altered All answers are exactly as they were received What is the meaning of life How do you achieve true happiness Why do we have to suffer What happens when we die How do we define love These and hundreds more questions are answered with clarity and understanding by Ishamcvan this teacher of all things spiritual Unfold the mysteries of why we are living a life on earth Forget what you heard before and read the basics The answers are simple You will never wonder again **Evil in Joint Action** Hans Bernhard Schmid,2020-07-19 Joining insights from social science and philosophy this book offers a nuanced view on the discourse of evil which has been on the rise in the West in recent years Exploring the famous Pear Theft episode in St Augustine s Confessions it looks beyond the theological implications of the event to focus instead on the secular insights that it offers when the event is placed in the context of social thought With attention to Augustine s lengthy reflections on a seemingly marginal episode the author contends that it is possible to discern the elements of a convincing account of intentional evil action the Pear Theft representing a case of joint radical improvisation that lacks collective deliberation As such a new perspective emerges on familiar and more intuitive forms of evil in joint action that involve group identification and institutional action Evil in Joint Action will appeal to scholars of sociology social theory and philosophy with interests in ethics collective action and concepts of evil **Thucydides on Choice and Decision Making** Ilias Kouskouvelis,2018-11-05 This book uncovers a different perspective on the great classical thinker who has largely been misread Through the scrupulous and holistic analysis of The Peloponnesian War or as the author suggests of The War a different Thucydides emerges One who understands power and its distribution but considers as crucial the choices made by people or leaders One who suggests according to the book s interpretation on the outbreak of war and the Sicilian expedition that the war was a result of decision making and thus not inevitable One with his own view on domestic and international politics a Thucydidean view a view certainly containing elements of the modern International Relations paradigms but clearly linking external behavior with deliberations and choice A Thucydides finally holding a more benign than believed view on

human nature and informs our understanding of human behavior especially when in a position of power or in war Professor Kouskouvelis curiosity evolved from his school days when he realized that there was much more to Thucydides than simply an account of The War His scholarship in Ancient Greek and a lifetime of studying Thucydides and international relations has led him to reappraise Thucydides provide to his views their true and unobserved dimension and assign to him his appropriate position that of a shrewd observer of life and politics and a thinker on how people decide This book will be of interest to anyone trying to understand how the major decisions of statecraft are shaped by both context and choice The text elucidates for us how Thucydides schemata on decision making and the flawed decisions that reoccur are rooted in our human foibles and our entrapment by interest fear and honor to name just a few It will be of significant interest to political thinkers academics military decision makers and the wider public who thirst for classical thinking about security strategy and decision making Hibbert Journal ,1917 *The Hibbert Journal* Lawrence Pearsall Jacks,George Dawes Hicks,George Stephens Spinks,Lancelot Austin Garrard,H. Goodbye Trust Dick Stroud, 2024-07-24 A healthy and prosperous society needs efficient and trusted institutions Yet the West is experiencing plummeting levels of trust in academia the media politics business the justice system and financial regulators Unhappiness and mental health problems are skyrocketing especially among the young What the hell is going on Everybody has their pet theory it s because of the pandemic social media is addling our minds it s all Donald Trump s fault Or as Elon Musk believes it s the woke mind virus You know what I think it might be a bit more complicated I wasn t satisfied with these superficial explanations After lots of research and questioning I now understand what s happening Much of what I discovered is disturbing some is scary and a few details are even amusing These nine essays present my findings Six focus on the institutions and additional essays explore language manipulation and the new moral and political divides The final essay examines those common afflictions destroying our institutions to make sense of it all This haemorrhaging of trust has disturbing consequences and the woke explanation for what s happening doesn t begin to address the complexity of the situation Sadly good old fashioned incompetence deceit and vanity are to blame
