

Religious Belief And The Will

Robert A. Segal, Nickolas P. Roubekas

Religious Belief And The Will:

Religious Belief and the Will Louis P. Pojman, 1986 **Religious Belief and the Will** Louis P. Pojman, 2024-10-31 Can we ever achieve belief by a direct act of will If it will help us to be happier should we make ourselves believe propositions which the evidence alone does not warrant These are the sort of questions which Professor Pojman examines in Religious Belief and the Will originally published in 1986 He deals with a constellation of problems related to believing and willing to believe his main concern is with religious faith and belief though his analysis is also of interest to epistemology and ethics Pojman asks what is so important about believing propositions in the first place and why religious creeds have made propositional belief a necessary condition for salvation He considers whether one can be rational and still use the will to believe what the evidence alone does not warrant He also discusses whether faith and belief are generically related or distinct attitudes This is the first full length treatise on religious belief that approaches the subject from the viewpoint of volitional activity i e related to the will It presents a rethinking of the way the will interacts with belief a relationship often misconstrued in works of philosophy and theology Pojman believes that the will is central to religious commitment and that by understanding the relationship between the attitude of belief and the activity of willing we are enabled to get fresh insight into the classical problem of religious belief and the will Evidentialism and the Will to Believe Scott Aikin, 2014-05-22 Work on the norms of belief in epistemology regularly starts with two touchstone essays W K Clifford s The Ethics of Belief and William James s The Will to Believe Discussing the central themes from these seminal essays Evidentialism and the Will to Believe explores the history of the ideas governing evidentialism As well as Clifford s argument from the examples of the shipowner the consequences of credulity and his defence against skepticism this book tackles James s conditions for a genuine option and the structure of the will to believe case as a counter example to Clifford s evidentialism Exploring the question of whether James s case successfully counters Clifford s evidentialist rule for belief this study captures the debate between those who hold that one should proportion belief to evidence and those who hold that the evidentialist norm is too restrictive More than a sustained explication of the essays it also surveys recent epistemological arguments to evidentialism But it is by bringing Clifford and James into fruitful conversation for the first time that this study presents a clearer history of the issues and provides an important reconstruction of the notion of evidence in contemporary epistemology **The Will to Believe as a Basis for the Defense of Religious Faith** Ettie Stettheimer, 1907 **Challenges to Moral and Religious Belief** Michael Bergmann, Patrick Kain, 2014-05-22 Challenges to Moral and Religious Belief contains fourteen original essays by philosophers theologians and social scientists on challenges to moral and religious belief from disagreement and evolution Three main questions are addressed Can one reasonably maintain one s moral and religious beliefs in the face of interpersonal disagreement with intellectual peers Does disagreement about morality between a religious belief source such as a sacred text and a non religious belief source such as a society s moral intuitions make it irrational to continue trusting

one or both of those belief sources Should evolutionary accounts of the origins of our moral beliefs and our religious beliefs undermine our confidence in their veracity This volume places challenges to moral belief side by side with challenges to religious belief sets evolution based challenges alongside disagreement based challenges and includes philosophical perspectives together with theological and social science perspectives with the aim of cultivating insights and lines of inquiry that are easily missed within a single discipline or when these topics are treated in isolation The result is a collection of essays representing both skeptical and non skeptical positions about morality and religion that move these discussions forward in new and illuminating directions

Religious Ambiguity and Religious Diversity Robert McKim, 2015 The religious ambiguity of the world has many aspects one of which is the hiddenness of God Theists have proposed a number of explanations of God's hiddenness Some putative explanations contend that the advantages of God's hiddenness goods of mystery outweigh whatever benefits would result if God's existence and nature were clear to us goods of clarity Goods of mystery that have received a lot of discussion include human moral autonomy and the ability on our part to exercise control over whether we believe in the existence of God The extent of the ambiguity that surrounds God's existence and indeed all important religious matters combined with our lack of an obviously correct and adequate explanation of this lack suggest that even if God exists it is not important that people believe in God Another central theme in the book is the significance of religious diversity for religious belief The character of this diversity is such that it provides people who take a position on religious matters with reason to adopt the Critical Stance which requires people in all the religious traditions to subject their religious beliefs to critical scrutiny and hold those beliefs in a tentative way Some contend that religious faith requires complete confidence in what is believed but tentative belief actually is sufficient to sustain many forms of religious commitment

Why Politics Needs Religion Brendan Sweetman, 2010-07-17 Can religion and politics mix Many voices reply No way Yet in this provocative and timely book Brendan Sweetman argues against this charge and the various sophisticated arguments that support it As we witness the clash of religious and secular worldviews he claims that our pluralistic democratic society will be best served when the faith elements of secularism are acknowledged and the rational elements of religious arguments are allowed to inform the momentous debates taking place in the public square In fact Sweetman contends that politics needs religion if it is to be truly democratic concerned with fairness among worldviews equality and a vigorous public discussion

Prolegomena to a Philosophy of Religion J. L. Schellenberg, 2005-09-29 There is no attempt here to lay down as inviolable or to legislate certain ways of looking at things or ways of proceeding for philosophers of religion only proposals for how to deal with a range of basic issues proposals that I hope will ignite much fruitful discussion and which in any case I shall take as a basis for my own ongoing work in the field from the Preface Providing an original and systematic treatment of foundational issues in philosophy of religion J L Schellenberg's new book addresses the structure of religious and irreligious belief the varieties of religious skepticism and the nature of religion itself From the author's

searching analysis of faith emerges a novel understanding of propositional faith as requiring the absence of belief Schellenberg asks what the aims of the field should be setting out a series of principles for carrying out some of the most important of these aims His account of justification considers not only belief but also other responses to religious claims and distinguishes the justification of responses propositions and persons Throughout Prolegomena to a Philosophy of Religion Schellenberg is laying the groundwork for an elaboration of his own vision while at the same time suggesting how philosophers might rethink assumptions guiding most of today's work in analytic philosophy of religion

The Wiley Blackwell Companion to the Study of Religion Robert A. Segal, Nickolas P. Roubekas, 2021-03-10 Explore a rigorous but accessible guide to contemporary approaches to the study of religion from leading voices in the field The Wiley Blackwell Companion to the Study of Religion delivers an expert and insightful analysis of modern perspectives on the study of religion across the humanities and the social sciences Presupposing no knowledge of the approaches examined in the collection the book is ideal for undergraduate students who have yet to undertake extensive study in the humanities or social sciences The book includes perspectives from those in fields as diverse as globalization cognitive science the study of emotion law esotericism sex and gender functionalism terror the comparative method modernism and postmodernism Many of the topics covered in the book clearly hail from religious studies while others are grounded in other areas of academia All of the chapters contained within are written by recognized authors who show how their chosen discipline contributes to the understanding of the phenomenon of religion This book also includes topics like A comprehensive exploration of multiple approaches to religious study including anthropology economics literature phenomenology philosophy psychology sociology and theology A review of various topics germane to the study of religion including the study of the body cognitive science the comparative method death and the afterlife law magic music and myth A selection of subjects touching on modern trends in extremism and violence including chapters on terror and violence fundamentalism and nationalism A discussion of the influence of modernism and postmodernism in religion Ideal for undergraduate graduate and postgraduate students in humanities and social science programs taking courses on religion and myth The Wiley Blackwell Companion to the Study of Religion will also earn a place in the libraries of specialists working in the fields of Religious Studies Theology Sociology Anthropology Psychology Political Science History and Philosophy

The Blackwell Companion to the Study of Religion Robert A. Segal, 2009-02-04 This prestigious Companion offers the most comprehensive survey to date of the study of religion Featuring a team of international contributors and edited by one of the most widely respected scholars in the field The Blackwell Companion to the Study of Religion provides an interdisciplinary and authoritative guide to the subject Examines the main approaches to the study of religion anthropology the comparative method economics literature philosophy psychology sociology and theology Also covers a diverse range of topical issues such as the body fundamentalism magic and new religious movements Consists of 24 essays written by an outstanding team of international scholars Reviews within each

chapter an outline of a particular subfield and traces its development up to the present day Debates how the discipline may look in the future Represents all the major issues methods and positions in the field

Why Science and Faith Belong Together Malcolm A. Jeeves, 2021-02-25 As we try to understand ourselves and the world we live in all too often we look first to science and then if gaps remain in our understanding we try to fill the gaps with reference to God and our faith Such a god of the gaps approach has a long history and is sadly alive and well today This book was written to provide an alternative approach posing this basic question How can educated Christians maintain their intellectual honesty and at the same time be faithful both to Scripture and to science This book provides examples of some of the liveliest science vs faith issues today and suggests ways to think constructively about each of them

William James on Ethics and Faith Michael R. Slater, 2009-09-10 This book offers a new interpretation of William James's ethical and religious thought Michael Slater shows that James's conception of morality or what it means to lead a moral and flourishing life is intimately tied to his conception of religious faith and argues that James's views on these matters are worthy of our consideration He offers a reassessment of James's will to believe or right to believe doctrine his moral theory and his neglected moral arguments for religious faith And he argues that James's pragmatic account of religion is based on an ethical view of the function of religion and a realist view of the objects of religious belief and experience and is compatible with his larger conception of pragmatism The book will appeal to readers interested in the history of modern philosophy especially pragmatism as well as those interested in moral philosophy religion and the history of ideas

Qi Men Dun Jia: Feng Shui Joey Yap, 2013-07-01

Grammars of Faith P. F. Bloemendaal, 2006 D Z Phillips is a leading figure in advocating a Wittgensteinian approach to the philosophical study of religion His writings exert an important influence on contemporary philosophy of religion giving a new direction to the philosophical discussion of religious belief and practice Although his work has prompted much often critical comment a thorough investigation has not been forthcoming Grammars of Faith fills that gap The book pays close attention to Wittgenstein's own remarks on religious belief arranging them against the background of his broader philosophical methodology as well as to the efforts of the early Wittgensteinians at providing a more comprehensive Wittgensteinian philosophy of religion Central to this study are Phillips's understanding of philosophical enquiry as a form of contemplation and his descriptive accounts of religious belief By means of a careful and methodical examination of Phillips's oeuvre the study seeks to present a fair assessment of Phillips's position showing not only its weaknesses but also its strength

Philosophy of Religion Beverley Clack, Brian R. Clack, 2008-06-03 The first publication of Beverley Clack and Brian R Clack's exciting and innovative introduction to the philosophy of religion has been of enormous value to students as well as providing a bold and refreshing alternative to the standard analytic approaches to the subject This second edition retains the accessibility which made it popular for both teachers and students while furthering its distinctive argument that emphasises the human dimension of religion The text has been fully revised and updated The traditional emphasis on the arguments for

the existence of God is reflected in a newly extended and reworked investigation into natural theology Recent developments in the subject are also reflected in updated chapters and in a move that highlights the originality of the authors approach they offer a critical engagement with current world events An entirely new concluding chapter interrogates the connection between religion and terror and demonstrates how philosophy of religion might be conducted under the terrible shadow of 9 11 This new edition of *The Philosophy of Religion* will continue to be essential reading for all students and practitioners of the subject

Logic of the Heart, The James R. Peters, 2009-03 Drawing from the thought of Augustine Pascal and Hume Peters provides a clear philosophical defense of the rationality of Christian faith in a postmodern world

Faith and Reason Richard Swinburne, 2005-09-29 Richard Swinburne presents a new edition of the final volume of his acclaimed trilogy on philosophical theology Faith and Reason is a self standing examination of the implications for religious faith of Swinburne s famous arguments about the coherence of theism and the existence of God By practising a particular religion a person seeks to achieve some or all of three goals that he worships and obeys God gains salvation for himself and helps others to attain their salvation But not all religions commend worship and different religions have different conceptions of salvation Faced with these differences Richard Swinburne argues that we should practice that religion which has the best goals and is more probably true than the creeds of other religions He proposes criteria by which to determine the probabilities of different religious creeds and he argues that while requiring total commitment faith does not demand fully convinced belief While maintaining the same structure and conclusions as the original classic this second edition has been substantially rewritten both in order to relate its ideas more closely to those of classical theologians and philosophers and to respond to more recent views In particular he discusses and ultimately rejects the view of Alvin Plantinga that the warrant of a belief depends on the process which produced it and John Hick s contention that all religions offer valid paths to salvation

Wittgenstein and Philosophy of Religion Mark Addis, Robert L. Arrington, 2002-11 Wittgenstein and Philosophy of Religion is an exciting introduction to the influential and controversial contribution which the later Wittgenstein made to the philosophy of religion

A New Science of Religion Gregory W. Dawes, James Maclaurin, 2013 Religious belief once in the domain of the humanities has found a new home in the sciences Promising new developments in the study of religion by cognitive scientists and evolutionary theorists put forward empirical hypotheses regarding the origin spread and character of religious beliefs Different theories deal with different aspects of human religiosity some focus on religious beliefs while others focus on religious actions and still others on the origin of religious ideas While these theories might share a similar focus there is plenty of disagreement in the explanations they offer This volume examines the diversity of new scientific theories of religion by outlining the logical and causal relationships between these enterprises Are they truly in competition as their proponents sometimes suggest or are they complementary and mutually illuminating accounts of religious belief and practice Cognitive science has gained much from an interdisciplinary focus on mental function and this volume explores the benefits that can be

gained from a similar approach to the scientific study of religion
Neilson, 1982-12-09

An Introduction to the Philosophy of Religion K.

As recognized, adventure as well as experience more or less lesson, amusement, as skillfully as contract can be gotten by just checking out a ebook **Religious Belief And The Will** after that it is not directly done, you could acknowledge even more re this life, on the world.

We allow you this proper as skillfully as simple quirk to get those all. We offer Religious Belief And The Will and numerous books collections from fictions to scientific research in any way. along with them is this Religious Belief And The Will that can be your partner.

Religious Belief And The Will Introduction

In today's digital age, the availability of Religious Belief And The Will books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Religious Belief And The Will books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Religious Belief And The Will books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Religious Belief And The Will versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Religious Belief And The Will books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Religious Belief And The Will books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Religious Belief And The Will books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities

and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Religious Belief And The Will books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Religious Belief And The Will books and manuals for download and embark on your journey of knowledge?

FAQs About Religious Belief And The Will Books

1. Where can I buy Religious Belief And The Will books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Religious Belief And The Will book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Religious Belief And The Will books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
