attachment to Zion is many centuries old While the modern Zionist movement was organized a little more than a century ago the roots of the Zionist idea reach back close to 4 000 years ago to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the Promised Land where the Jewish state subsequently arose From that day to the establishing of the state of Israel in 1948 the Jewish people have been in a constant struggle to either regain or maintain their homeland Although 60 years have now passed since the establishment of Israel many of the political and religious factions that made up the Zionist movement in the pre state era remain active The A to Z of Zionism through its chronology maps introductory essay bibliography and over 200 cross referenced dictionary entries on crucial persons organizations and events is a valuable contribution to the appreciation for both the diversity and consensus that characterize the Zionist experience

Historical Dictionary of Zionism Rafael Medoff, Chaim I. Waxman, 2013-09-05 The Jewish attachment to Zion is many centuries old Although the modern Zionist movement was organized only a little more than a century ago the roots of the Zionist idea reach back almost 4 000 years to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the promised land The Historical Dictionary of Zionism is an excellent source of information on Zionism its founders and leaders its various strands and organizations major events in its struggle and its present status By showing the movement's strengths and weaknesses it also acts as a corrective to overly idealistic comments by its supporters and the wilder claims of its opponents A much more realistic understanding is offered in the Introduction which presents and explains the movement the Chronology which shows its historic progression the Dictionary which includes numerous entries on crucial persons organizations and events and the Bibliography which points the way to further reading

The Downfall of Abba Hillel Silver and the Foundation of Israel Ofer Shiff, 2014-05-27 In early February 1949 American Jewry's most popular and powerful leader Abba Hillel Silver 1893-1963 had summarily resigned from all his official positions within the Zionist movement and had left New York for Cleveland returning to his post as a Reform rabbi During the second half of the 1940s Silver was the most outspoken proponent of the founding of a sovereign Jewish state He was the most instrumental American Jewish leader in the political struggle that led to the foundation of the State of Israel Paradoxically this historic victory also heralded Silver's personal defeat Soon after Israel's declaration of independence Silver and many of his American Zionist colleagues were relegated to the sidelines of the Zionist movement Almost overnight the influential leader one who had been admired and feared by supporters and opponents was stripped of his power within both the Zionist and the American Jewish arenas Shiff's book discerns the various aspects of the striking turnabout in Silver's political fate describing the personal tragic story of a leader who was defeated by his own victory and the much broader intra Zionist battle that erupted in full force immediately after the founding of Israel Drawing extensively on Silver's own archival material Shiff presents an enlightening portrait of a critical episode in Jewish history This book is highly relevant for anyone who attempts to understand the complex homeland diaspora relations between Israel and American Jewry

Wertheim, Hetty Berg, Bart T. Waljet, 2021-09-15 The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative This volume offers an indispensable survey from a

contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories. Historians from both older and newer generations shed significant light on all eras providing fresh detail that reflects changed emphases and perspectives. In addition to such traditional subjects as the Jewish community's relationship with the wider society and its internal structure, its leaders and its international affiliations, new topics explored include the socio-economic aspects of Dutch Jewish life seen in the context of the integration of minorities, more widely a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life and the impact of multiculturalist currents on Jews and Jewish politics. Memory studies, diaspora studies, postcolonial studies and digital humanities all play their part in providing the fullest possible picture. This wide-ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations.
