Remember The Titans:

Remember the Titans Gregory Allen Howard,2000 **Teamwork and Race in "Remember The Titans"** Andrew Kitterman,2013-04-05 Essay from the year 2013 in the subject Art Photography and Film grade none The Florida State University language English abstract The film Remember the Titans released in 2000 is set in 1971 a time where racial integration was just beginning and the tension between whites and blacks was high The film opens to a scene in which blacks and whites are mobbing each other with only a small line of policemen standing in their way This chaos is all pictured before unity through football is introduced to the town Through the introduction of football to the newly integrated school many whites and blacks are able to unite in order to achieve a common goal By analyzing the actions of the community that take place in the beginning of the season the middle of the season and the end of the season it is obvious that there is a relationship between the decrease in racial tension and an increase in team spirit and pride **The Fall of the Angels** Christoph Auffarth,Loren T. Stuckenbruck,2004 Fall of the Angels focuses on a biblical tradition whose significance has been recognised elaborated and explored in literature and art outside the Bible Its extensive influence on religion and culture during the last two millenia is reflected in the wide variety of interpretations of this tradition among communities as they came to terms with religious identity in the face of opposition **Jet** ,2000-10-02 The weekly source of African American political and entertainment news Remember the Titans , Denzel Washington stars in this stirring and uplifting film Based on a real life drama Remember the Titans is a rousing celebration of how an American high school football team brought together a town torn apart by racism resentment friction and mistrust Cert PG **White Masculinity in the Recent South** Trent Watts,2008-05 From antebellum readers avidly consuming stories featuring white southern men as benevolent patriarchs hell raising frontiersmen and callous plantation owners to postCivil War southern writers seeking to advance a model of southern manhood and male authority as honorable dignified and admirable the idea of a distinctly southern masculinity has reflected the broad regional differences between North and South In WHITE MASCULINITY IN THE RECENT SOUTH thirteen scholars of history literature film and environmental studies examine modern white masculinity including such stereotypes as the *Southerners on Film* Andrew B. Leiter,2011-08-31 The representation of Southerners on film has been a topic of enduring interest and debate among scholars of both film and Southern studies These 15 essays examine the problem of Southern identity in film since the civil rights era Fresh insights are provided on such familiar topics as the redneck image transitions to modernity and the prevalence of the Southern gothic Other essays reflect the reinvigorated and expanding field of new Southern studies and topics include the transnational South the intersection of ethnicity and environment and the cultural significance of Southern identity outside the South *Sports Cinema 100 Movies* Randy Williams,2006-10 This in depth companion guide celebrates movies centered on sports oriented stories characters events or backdrops complete with more than 200 black and white movie stills The Strange World of Human Sacrifice Jan

N. Bremmer, 2007 *The Strange World of Human Sacrifice* is the first modern collection of studies on one of the most gruesome and intriguing aspects of religion. The volume starts with a brief introduction which is followed by studies of Aztec human sacrifice and the literary motif of human sacrifice in medieval Irish literature. Turning to ancient Greece three cases of human sacrifice are analysed: a ritual example, a mythical case, and one in which myth and ritual are interrelated. The early Christians were the victims of accusations of human sacrifice but in turn imputed the crime to heterodox Christians just as the Jews imputed the crime to their neighbours. The ancient Egyptians rarely seem to have practised human sacrifice but buried the pharaoh's servants with him in order to serve him in the afterlife albeit only for a brief period at the very beginning of pharaonic civilization. In ancient India we can follow the traditions of human sacrifice from the earliest texts up to modern times where especially in eastern India goddesses such as Kali were long worshipped with human victims. In Japanese tales human sacrifice often takes the form of self sacrifice and there may well be a line from these early sacrifices to modern kamikaze. The last study throws a surprising light on human sacrifice in China. The volume is concluded with a detailed index.

The Crisis, 2000-11 *The Crisis* founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history, politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years *The Crisis* has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and in many instances set the economic, political and social agenda for our nation and its multi ethnic citizens.

Remember This Titan: The Bill Yoast Story Steve Sullivan, 2007-08-13 Bill Yoast is the real life hero of *Remember the Titans*, the hit movie that chronicled the struggles of black and white high school football athletes to create a championship season in 1972. Virginia A World War II veteran Yoast helped to mold the lives of hundreds of men and women through his inspirational coaching style. Yoast offers his personal recollections from that now immortalized season as well as the coaching philosophy he developed in over 30 years of his career.

Screening the Sixties Oliver Gruner, 2016-09-17 This book provides a detailed and engaging account of how Hollywood cinema has represented and remembered the Sixties. From late 1970s hippie musicals such as *Hair* and *The Rose* through to recent civil rights portrayals *The Help* and *Lee Daniels The Butler* Oliver Gruner explores the ways in which films have engaged with broad debates on America's recent past. Drawing on extensive archival research he traces production history and script development showing how a group of politically engaged filmmakers sought to offer resonant contributions to public memory. Situating Hollywood within a wider series of debates taking place in the US public sphere *Screening the Sixties* offers a rigorous and innovative study of cinema's engagement with this most contested of epochs.
