Canter,2023-07-13 Harold was born with the ability to connect to the ancient life energy lost by humans because of their selfish materialistic behaviors He grows up supported by gnomes sent by Mother Earth to help humans reconnect to life energy and stop their destructive actions that are killing the earth So he starts growing vegetables that people say give them peace and harmony after consuming them But are these vegetables magical Harold surrounds himself with his gardens seldom emerging until his wife is taken from him by the Guardians and an evil force tries to kill him Suddenly he starts to care about the future of the earth and works to help people reconnect and care about their futures The Guardians come to earth to help humans understand the consequences of their actions reconnect with the life energy and heal the earth But most humans resist The earth is dying and time is running out for humans Will they care enough to heal the earth or will life continue without them **Type of Beauty** Patricia O'Reilly,2012-08-20 A Type of Beauty is the dramatised account of the

life of Kathleen Newton 1854 1882 whose love affair with French artist Jacques Tissot scandalised Victorian society A sweeping story set in London Agra Bombay and Paris it brings to life the sights scents and emotional landscape of the Victorian era When Kate Kelly beautiful and feisty travels to India to marry a man she has never seen she considers her life is

over But little does she know it is just beginning She ends up back in London with an unconsummated marriage a pending divorce and is pregnant by a man she despises Despite the awfulness of her situation she never loses hope of finding happiness which she does while holidaying in Paris with her sister When she meets the sensual French artist Jacques Tissot it is love at first sight for both of them But complications test their love for each other until destiny steps in A Type of Beauty was awarded Historical Novel Society's Editor's Choice Praise for A Type of Beauty In this one of the great romances of the Victorian era Patricia O'Reilly has brought to life a past that is at once vivid and utterly credible A joy to read Christine Dwyer Hickey Patricia O'Reilly has woven a truly intriguing story I was fascinated by this life of an unconventional woman who lived exactly as she wanted to despite society's disapproval Lucinda Hawksley An engaging and illuminating exploration of the intersection of these Irish English Indian and French worlds in the intriguing tragic and very modern relationship of Jacques Tissot and Kathleen Newton Carlo Gebler A beguiling tale and an imaginative melange of historical characters with a sharp insight into women's lives Kate's story is most compelling and this an altogether fine literary accomplishment by Patricia O'Reilly Mary Kenny

Against the Spirit of System John Harley Warner, 2003-11-12 In this wide ranging exploration of American medical culture John Harley Warner offers the first in depth study of a powerful intellectual and social influence the radical empiricism of the Paris Clinical School After the French Revolution Paris emerged as the most vibrant center of Western medicine bringing fundamental changes in understanding disease and attitudes toward the human body as an object of scientific knowledge Between the 1810s and the 1860s hundreds of Americans studied in Parisian hospitals and dissection rooms and then applied their new knowledge to advance their careers at home and reform American medicine By reconstructing their experiences and interpretations by comparing American with English depictions of French medicine and by showing how American memories of Paris shaped the later reception of German ideals of scientific medicine Warner reveals that the French impulse was a key ingredient in creating the modern medicine American doctors and patients live with today Impressed by the opportunity to learn through direct hands on physical examination and dissection many American students in Paris began to decry the elaborate theoretical schemes they held responsible for the degraded state of American medicine These reformers launched an empiricist crusade against the spirit of system which promised social economic and intellectual uplift for their profession Using private diaries family letters and student notebooks and exploring regionalism gender and class Warner draws readers into the world of medical Americans while investigating tensions between the physician's identity as scientist and as healer

French life in town and country Hannah Lynch, 2023-07-09 In French Life in Town and Country Hannah Lynch delivers an engaging exploration of the dualities present within French society at the turn of the 20th century Utilizing an immersive narrative style that blends observation with personal anecdotes Lynch captures the essence of both urban and rural life in France With vivid descriptions that illuminate the contrasts between the bustling energy of towns and the serene rhythms of the countryside she artfully weaves a tapestry of social

commentary and cultural insight presenting a nuanced portrayal of a nation in transition Her work stands out in the literary context of the era as it provides a rare female perspective on the intricate fabric of French life juxtaposing tradition against the burgeoning modernity of her time Hannah Lynch an Irish writer deeply engaged with European culture utilizes her own experiences living in France to inform her narrative Her background as a traveler and observer adds depth to her analysis as she skillfully navigates topics such as class distinctions the role of women and the tensions of modernization Lynch s perspectives reflect not only her literary prowess but also her broader experiences including her studies in Paris and interactions with the vibrant expatriate community This book is a must read for anyone interested in the complexities of French culture social history and the role of place in shaping identity Lynch s articulate prose and keen insights offer readers a rich understanding of the collective spirit of France making it an invaluable resource for both casual readers and scholars alike In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read *The History of Medical Education in Britain* ,2020-01-29

Professional education forms a key element in the transmission of medical learning and skills in occupational solidarity and in creating and recreating the very image of the practitioner Yet the history of British medical education has hitherto been surprisingly neglected Building upon papers contributed to two conferences on the history of medical education in the early 1990s this volume presents new research and original synthesis on key aspects of medical instruction theoretical and practical from early medieval times into the present century Academic and practical aspects are equally examined and balanced attention is given to different sites of instruction be it the university or the hospital The crucial role of education in medical qualifications and professional licensing is also examined as is the part it has played in the regulation of the entry of women to the profession Contributors are Juanita Burnby W F Bynum Laurence M Geary Faye Getz Johanna Geyer Kordesch S W F Holloway Stephen Jacyna Peter Murray Jones Helen King Susan C Lawrence Irvine Loudon Margaret Pelling Godelieve Van Heteren and John Harley Warner **French Medical Culture in the Nineteenth Century** ,2020-01-29 The eleven essays in this volume illustrate the richness complexity and diversity of French medical culture in the nineteenth century a period that witnessed the medicalization of French society Medical themes permeated contemporary culture and politics and medical discourse infused many levels of French society from the bastions of science the medical faculties and research institutions to novels the theater and the daily lives of citizens as patients The contributors to this volume all established scholars in the history of medicine present the French medical experience from the point of view of both practitioners and patients and show how medical themes colored popular perceptions and shaped public policies Topics addressed range from popular medicine to elite Parisian medicine the interaction of literary and medical discourse social theater medical research and practice medical specialization and education The essays reflect current trends of medico historical analysis which

emphasize the centrality of class race and gender in understanding concepts of disease and the practice of medicine They show how the medical experience of patients practitioners students and researchers varied according to social class gender and geography and the importance of these factors for the construction of disease *Black 1968* Timothy H.

Parsons,2025-02-25 Initially the 1960s was a time of understandable optimism The civil rights movement and the legislation it inspired suggested an end to institutionalized racism in the United States while in the Global South the emergence of independent states anticipated political liberation and increased prosperity So when racial discrimination entrenched privilege cold war politics and fiscal reality dashed these hopes later in the decade the world experienced a wave of protests Conventional narratives of 1968 focus on student strikes revolutions and coups assassinations and the reactionary backlash that they inspired The chapters of *Black 1968* reveal the imperfectly documented and heretofore unrecognized bonds that led peoples of African descent around the world to articulate new global conceptions of Blackness as a way to mount local challenges to racism segregation colonialism economic exploitation generational authority and cultural chauvinism This book will be of interest to general readers interested in the global 1968 as well as scholars of Blackness and global history
