Renaissance Art A Very Short Introduction:

Renaissance Art: A Very Short Introduction Geraldine A Johnson, 2005-04-21 A concise and readable introduction to Renaissance art publisher description

The Renaissance Jerry Brotton, 2006-04-27 More than ever before the Renaissance stands as one of the defining moments in world history Between 1400 and 1600 European perceptions of society culture politics and even humanity itself emerged in ways that continue to affect not only Europe but the entire world This wide ranging exploration of the Renaissance sees the period as a time of unprecedented intellectual excitement and cultural experimentation and interaction on a global scale alongside a darker side of religion intolerance slavery and massive inequality of wealth and status It guides the reader through the key issues that defined the period from its art architecture and literature to advancements in the fields of science trade and travel In its incisive account of the complexities of the political and religious upheavals of the period the book argues that Europe s reciprocal relationship with its eastern neighbours offers us a timely perspective on the Renaissance that still has much to teach us today

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Art History: A Very Short Introduction Dana Arnold, 2020-01-23 Art history encompasses the study of the history and development of painting sculpture and the other visual arts In this Very Short Introduction Dana Arnold presents an introduction to the issues debates and artefacts that make up art history Beginning with a consideration of what art history is she explains what makes the subject distinctive from other fields of study and also explores the emergence of social histories of art such as Feminist Art History and Queer Art History Using a wide range of images she goes on to explore key aspects of the discipline including how we write present read and look at art and the impact this has on our understanding of art history This second edition includes a new chapter on global art histories considering how the traditional emphasis on periods and styles in art originated in western art and can obscure other critical approaches and artwork from non western cultures Arnold also discusses the relationship between art and history and the ways in which art can tell a different history from the one narrated by texts

Renaissance Art Tom Nichols, 2012-12-01 The fifteenth century saw the evolution of a distinct and powerfully influential European artistic culture But what does the familiar phrase Renaissance Art actually refer to Through engaging discussion of timeless works by artists such as Jan van Eyck Leonardo da Vinci and Michelangelo and supported by illustrations including colour plates Tom Nichols offers a masterpiece of his own as he explores the truly original and diverse

character of the art of the Renaissance **The Very Short Introductions Blog Book** Oxford University Press,2014-09-01
 In this free Very Short Introductions Blog Book we've gathered 30 of our VSI authors' very best blog posts on topics including history, politics, science, and more. We hope you enjoy this glimpse into the passion, insight, and great writing that characterizes these authors and the Very Short Introductions series [A History of Western Society, Combined Volume](#) John P. McKay, Bennett D. Hill, John Buckler, Clare Haru Crowston, Merry E. Wiesner-Hanks, Joe Perry, 2011-01-31
 Now from Bedford St. Martin's: *A History of Western Society* is one of the most successful textbooks available because it captures students' interest in the everyday life of the past and ties social history to the broad sweep of politics and culture. The tenth edition has been thoroughly revised to strengthen the text's readability, heighten its attention to daily life, and incorporate the insights of new scholarship, including an enhanced treatment of European exploration and a thoroughly revised post-1945 section. With a dynamic new design, new special features, and a completely revised and robust companion reader, this major revision makes the past memorable and accessible for a new generation of students and instructors *A History of Western Society, Volume 1* John P. McKay, Bennett D. Hill, John Buckler, Clare Haru Crowston, Merry E. Wiesner-Hanks, Joe Perry, 2011-01-31
 Now from Bedford St. Martin's: *A History of Western Society* is one of the most successful textbooks available because it captures students' interest in the everyday life of the past and ties social history to the broad sweep of politics and culture. The tenth edition has been thoroughly revised to strengthen the text's readability, heighten its attention to daily life, and incorporate the insights of new scholarship, including an enhanced treatment of European exploration and a thoroughly revised post-1945 section. With a dynamic new design, new special features, and a completely revised and robust companion reader, this major revision makes the past memorable and accessible for a new generation of students and instructors *The Crusades: A Very Short Introduction* Christopher Tyerman, 2005-10-13
 This Very Short Introduction, originally published as *Fighting in Christendom*, presents a clear and lively discussion of the Crusades and the debates and the controversies that surround them. Bringing together issues of colonialism, cultural exchange, and economic exploitation, Tyerman challenges our assumptions about the Crusades and encourages us to re-evaluate the relationship between past and present. **BOOK JACKET**

The American Presidency: A Very Short Introduction Charles O. Jones, 2007-08-10
 The expansion of executive powers amid the war on terrorism has brought the presidency to the center of heated public debate. Now, in *The American Presidency*, Charles O. Jones provides invaluable background to the current controversy in a compact, reliable guide to the office of the chief executive. This marvelously concise survey is packed with information about the presidency, some of it quite surprising. We learn, for example, that the Founders adopted the word "president" over "governor" and other alternatives because it suggested a light hand, as in one who presides rather than rules. Indeed, the Constitutional Convention first agreed to a weak chief executive elected by congress for one seven-year term, later calling for independent election and separation of powers. Jones sheds much light on how assertive leaders such as Andrew Jackson, Theodore

Roosevelt and FDR enhanced the power of the presidency and illuminating how such factors as philosophy Reagan's anti Communist conservatism the legacy of previous presidencies Jimmy Carter following Watergate relations with Congress and the impact of outside events have all influenced presidential authority He also explores the rise of federal power and the dramatic expansion of federal agencies showing how the president takes a direct hand in this vast bureaucracy and he examines the political process of selecting presidents from the days of deadlocked conventions to the rise of the primary after World War II In 200 years he writes the presidency had changed from that of a person Washington followed by Adams then Jefferson to a presidential enterprise with a cast of thousands Jones explains how this remarkable expansion has occurred and where it may lead in the future About the Series Combining authority with wit accessibility and style Very Short Introductions offer an introduction to some of life's most interesting topics Written by experts for the newcomer they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics from philosophy to Freud quantum theory to Islam

An Introduction to the Making of Western Art Susan L. Green, 2024-03-29 This book is the first introduction to Western art that not only considers how choice of materials can impact form but also how objects in different media can alter in appearance over time and the role of conservators in the preservation of our cultural heritage The first four chapters cover wall and easel paintings sculpture drawings and prints from the late Middle Ages to the present day They examine with numerous examples how these works have been produced how they might have been transformed and how efforts regarding their preservation can sometimes be misleading or result in controversy The final two chapters look at how photography new techniques and modern materials prompted innovative ways of creating art in the twentieth century and how the rapid expansion of technology in the twenty first century has led to a revolution in how artworks are constructed and seen generating specific challenges for collectors curators and conservators alike This book is primarily directed at undergraduates interested in art history museum studies and conservation but will also be of interest to a more general non specialist audience

Goethe: A Very Short Introduction Ritchie Robertson, 2016-01-28 In 1878 the Victorian critic Matthew Arnold wrote Goethe is the greatest poet of modern times because having a very considerable gift for poetry he was at the same time in the width depth and richness of his criticism of life by far our greatest modern man In this Very Short Introduction Ritchie Robertson covers the life and work of Johann Wolfgang von Goethe 1749 1832 scientist administrator artist art critic and supreme literary writer in a vast variety of genres Looking at Goethe's poetry novels and drama pieces as well as his travel writing autobiography and essays on art and aesthetics Robertson analyses some of the key themes in his works love nature religion and tragedy Dispelling the misconception of Goethe as a sedate Victorian sage Robertson shows how much of his art was rooted in turbulent personal conflicts and draws on recent research to present a complete portrait of the scientific work and political activity which accompanied Goethe's writings ABOUT THE SERIES The Very Short Introductions series from Oxford University Press

The Elements: A Very Short Introduction Philip Ball,2004-04-08 This Very Short Introduction is an exciting and non traditional approach to understanding the terminology properties and classification of chemical elements It traces the history and cultural impact of the elements on humankind from ancient times through today Packed with anecdotes The Elements is a highly engaging and entertaining exploration of the fundamental question what is the world made from

Kafka: A Very Short Introduction Ritchie Robertson,2004-10-28 Franz Kafka is one of the most intriguing writers of the 20th century In this text the author provides an up to date introduction to Kafka beginning with an examination of his life and then discussing some of the major themes that emerge in Kafka s work

Spinoza: A Very Short Introduction Roger Scruton,2002-05-30 Benedict de Spinoza 1632 77 was at once the father of the Enlightenment and the last sad guardian of the medieval world In his brilliant synthesis of geometrical method religious sentiment and secular science he attempted to reconcile the conflicting moral and intellectual demands of his epoch and to present a vision of humanity as simultaneously bound by necessity and eternally free In this book Roger Scruton presents a clear and systematic analysis of Spinoza s thought and shows its relevance to today s intellectual preoccupations

Democracy: A Very Short Introduction Bernard Crick,2002-10-10 No political concept is more used and misused than that of democracy Nearly every regime today claims to be democratic but not all democracies allow free politics and free politics existed long before democratic franchises This book is a short account of the history of the doctrine and practice of democracy from ancient Greece and Rome through the American French and Russian revolutions and of the usages and practices associated with it in the modern world It argues that democracy is a necessary but not a sufficient condition for good government and that ideas of the rule of law and of human rights should in some situations limit democratic claims
