Twentieth-century Philippine Political Thinkers Jorge V. Tigno, 2018 *An Anarchy of Families* Alfred W. McCoy, 2009 Winner of the Philippine National Book Award this pioneering volume reveals how the power of the country s family based oligarchy both derives from and contributes to a weak Philippine state From provincial warlords to modern managers prominent Filipino leaders have fused family politics and business to compromise public institutions and amass private wealth a historic pattern that persists to the present day Edited by Alfred W McCoy *An Anarchy of Families* explores the pervasive influence of the modern dynasties that have led the Philippines during the past century Exemplified by the Osme as and Lopezes elite Filipino families have formed a powerful oligarchy controlling capital dominating national politics and often owning the media Beyond Manila strong men such as Ramon Durano Ali Dimaporo and Justiniano Montano have used guns goons and gold to accumulate wealth and power in far flung islands and provinces In a new preface for this revised edition the editor shows how this pattern of oligarchic control has continued into the twenty first century despite dramatic socio economic change that has supplanted the classic three g s of Philippine politics with the contemporary four c s continuity Chinese criminality and celebrity *Motherless Tongues* Vicente L. Rafael, 2016-04-01 In *Motherless Tongues* Vicente L Rafael examines the vexed relationship between language and history gleaned from the workings of translation in the Philippines the United States and beyond Moving across a range of colonial and postcolonial settings he demonstrates translation s agency in the making and understanding of events These include nationalist efforts to vernacularize politics U S projects to weaponize languages in wartime and autobiographical attempts by area studies scholars to translate the otherness of their lives amid the Cold War In all cases translation is at war with itself generating divergent effects It deploys as well as distorts American English in counterinsurgency and colonial education for example just as it re articulates European notions of sovereignty among Filipino revolutionaries in the nineteenth century and spurs the circulation of text messages in a civilian driven coup in the twenty first Along the way Rafael delineates the untranslatable that inheres in every

act of translation asking about the politics and ethics of uneven linguistic and semiotic exchanges Mapping those moments where translation and historical imagination give rise to one another Motherless Tongues shows how translation in unleashing the insurgency of language simultaneously sustains and subverts regimes of knowledge and relations of power
