Parker Lamb,2012-07-05 Lively well written and informative It will be of great interest to fans of railroads in the deep South and their motive power and operations Railfan Railroad This generously illustrated narrative follows the evolution of dozens of separate railroads in the Meridian Mississippi area from the

destruction of the town's rail facilities in the 1850s through the current era of large scale consolidation. Presently there are only seven mega size rail systems in the United States three of which serve Meridian making it an important junction on one of the nation's four major transcontinental routes. The recent creation of a nationally prominent high speed freight line between Meridian and Shreveport the Meridian Speedway has allowed the Union Pacific Kansas City Southern and Norfolk Southern railroads to offer the shortest rail route across the continent for Asia US Europe transportation. This volume is an excellent presentation in addition to being a railroad history story that ends on a positive upbeat note. Michigan Railfan An excellent contribution to the history of railroads in the South Southern railroading in general has been a chronically neglected subject. Herbert H Harwood Jr author of *The Lake Shore Electric Railway Story Chronicles Meridian's intriguing 155 year history as a center of railroad activity* The Meridian Star **The Northeastern Reporter** ,1900 Includes the decisions of the Supreme Courts of Massachusetts Ohio Indiana and Illinois and Court of Appeals of New York May July 1891 Mar Apr 1936 Appellate Court of Indiana Dec 1926 Feb 1927 Mar Apr 1936 Courts of Appeals of Ohio The Comet Connection George Watt,2015-01-13 In November 1943 George Watt Flying Fortress gunner parachuted out of his burning bomber and landed in a village in Nazi occupied Belgium. The villagers risked their lives to hide him in the field sneaking him past the German patrols and bringing him safely to Brussels where he connected with the Comet Line the rescue arm of the Belgian resistance. While hiding in safe houses in Brussels Watt had a ringside view of bold acts of defiance by Belgian patriots against the German occupation. From Brussels he traveled by rail past Gestapo control to Bordeaux rode a bicycle through southern France and was led by Basque guides along ancient smugglers trails over the Pyrenees into Spain. Six years earlier Watt had climbed those same Pyrenees to join the Abraham Lincoln Brigade in the Spanish Civil War against General Franco. Watt's experience in that prelude to World War II adds insight and drama to the story of his escape from Fortress Luropa his fears of capture heightened by his having been a Lincoln Brigader as well as a Jew. Forty years after the war Watt returned to Belgium to find that the story of George Watt had become a legend in the villages of Zele and Flamme passed on to second and third generations. And in Brussels he heard with grief of the tragic fates of several of the underground comrades who had helped. Whether writing about the war in the skies or the war within the war the resistance movement or recalling the earlier fighting in Spain Watt's style is uncompromising and direct. The writing is tilted with suspense and humor illumined by love and appreciation for its participants. This gripping story of compassion and commitment can be enjoyed for its high adventure alone. For the young and for students of history it is also a valuable contribution to understanding the two great antifascist struggles of our century *Automobile Dealer and Repairer* ,1919 *Look Me in the Eye* John Elder Robison,2008-09-09 NEW YORK TIMES BESTSELLER As sweet and funny and sad and true and heartfelt a memoir as one could find from the foreword by Augusten Burroughs. Ever since he was young John Robison longed to connect with other people but by the time he was a teenager his odd habits an inclination to blurt out non sequiturs avoid eye

contact dismantle radios and dig five foot holes and stick his younger brother Augusten Burroughs in them had earned him the label social deviant It was not until he was forty that he was diagnosed with a form of autism called Asperger s syndrome That understanding transformed the way he saw himself and the world A born storyteller Robison has written a moving darkly funny memoir about a life that has taken him from developing exploding guitars for KISS to building a family of his own It s a strange sly indelible account sometimes alien yet always deeply human
