Full Bloom Hunter Drohojowska-Philp, 2011-10-03 The definitive life of O Keeffe Hilton Kramer Los Angeles Times Georgia O Keeffe 1887 1986 was one of the most successful American artists of the twentieth century her arresting paintings of enormous intimately rendered flowers desert landscapes and stark white cow skulls are seminal works of modern art But behind O Keeffe s bold work and celebrity was a woman misunderstood by even her most ardent admirers This large finely balanced biography offers an astonishingly honest portrayal of a life shrouded in myth

A Boy from Digboi - A Memoir Debasish Ghosh, 2022-07-19 When the idea of penning down my memories of a life varied across many facets first struck the author it was then little more than ticking off an item in a wish list Gradually this changed to be a more substantial effort to a journal of life a legacy of sorts to people who have made a difference to his life for better or worse When we think of human interactions and relationships covering bonds of love friendship hatred and indifference we soon realize that they are far more complex than the simple and deterministic laws of physics and chemistry What we know can only be understood through a multi dimensional function of time persona and many other unknown factors Over the last six decades the author has seen relationships change colour and shape form and strength not once but many times Does that make us chameleons in a sense No it is just that the human mind and heart resemble kaleidoscopes that keep generating different images even if exactly the same stimulus is given but at different points of time *Image in*

Encyclopedia of Life Writing Margaretta Jolly, 2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important autobiographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms

Reality and Dreams James F Cunningham, 2016-12 Poetry of life s best moments and wonderful memories of places I have been Even a few dreams I thought were worth sharing about life and Nature s true beauty Hoping to maybe even add a little magic to the readers day

Women Philosophers in the Long Nineteenth Century Dalia Nassar, Kristin Gjesdal, 2021 The long nineteenth century the period beginning with the French Revolution and ending with World War I was a transformative period for women philosophers in German speaking countries and contexts The period spans romanticism and idealism socialism Nietzscheanism and phenomenology philosophical movements we most often associate with Hegel Schopenhauer Kierkegaard Nietzsche and Marx but rarely with women Yet women philosophers not only contributed to these movements but also spearheaded debates about their social and political implications While today their works are less well known than those of their male contemporaries many of these women philosophers were widely read and influential in their own time Their contributions shed important new light on nineteenth century philosophy and philosophy more generally revealing the extent to which various movements which we consider distinct were joined and demonstrating the degree to which philosophy can transform lives and be transformed by lived experiences and practices In the nineteenth century women philosophers explored a wide range of philosophical topics and styles Working within and in dialogue with popular philosophical movements women philosophers helped shape philosophy s agenda and provided unique approaches to existential political aesthetic and epistemological questions Though largely deprived formal education and academic positions women thinkers developed a way of philosophizing that was accessible intuitive and activist in spirit The

present volume makes available to English language readers in many cases for the first time the works of nine women philosophers with the hope of stimulating further interest in and scholarship on their works The volume includes a comprehensive introduction to women philosophers in the Nineteenth Century and introduces each philosopher and her position The translations are furnished with explanatory footnotes The volume is designed to be accessible to students as well as scholars

In the Company of Rilke Stephanie Dowrick, 2011-11-10 Connecting to your inner life through the transformative poetry of Rainer Maria Rilke In the Company of Rilke is a rare book about a rare poet Rainer Maria Rilke was a giant of twentieth century writing who remains a visionary voice for our own time captivating readers not only with his brilliance but also his fearlessness about the deepest things Speaking through his own contradictions and ambivalences he gives readers a profound understanding of the complex beauty of human existence Here questions matter more than answers Here a poet can speak directly to God while also doubting God Astonishingly this is the first major study of Rilke from a spiritual perspective even though the greatest of Rilke's gifts was to show how inevitably life centers upon a profound mystery to which we can freely open ourselves Drawing on her deep understanding of the gifts of Rilke's writings as well as her own personal spiritual seeking Stephanie Dowrick offers an intimate and accessible appreciation of this most exceptional poet and his transcendent work

Daniel Mendelsohn's Memoir-Writing Sophie Vallas, 2021-11-16 This volume of eight essays written by French scholars analyzes Daniel Mendelsohn's first three volumes of nonfiction The Elusive Embrace 1999 The Lost 2006 and An Odyssey 2017 and includes an illustrated interview 2019 in which Mendelsohn tackles various aspects of his work as a literary and cultural critic as a professor of classical literature as a translator and as a memoirist The essay discussing The Elusive Embrace 1999 argues that in addition to offering a subtle reflection on sexual identity and genres Mendelsohn's first volume already broadens his topic and patiently weaves links between ancient and present times feeding his meditation with his knowledge of Greek culture and myths a natural movement of back and forth which would become his signature The Lost 2006 his much acclaimed investigation on six members of his family who died during the period known as the Holocaust by bullets is analyzed as a close up on the disappearance of a whole world the unspeakability of which Mendelsohn addressed through intertwining several languages linguistic echoes and biblical references Finally Mendelsohn's recent An Odyssey 2017 is studied as a brilliant musing on teaching Homer's masterpiece while building up a memoir on his declining father sitting among his students and allowing Homer's universal questions and lessons to enlighten a father and son's last journey

Damning Memories Stephen A. Vriesema, 2016-06-16 This is a book that will take you on a trip a trip that will consume the reader and force them to keep turning the pages Within the first ten pages the reader will be taken back in time They will travel into the mind of an elderly man A man named John Jacobs whose past has been buried for many years trapped inside of his own mind John has a disease called Dementia Through his disease terrible memories surface about his troubled past but in the midst of his memories he has to survive the present In his current life he lives with his son

Darren and daughter in law Sharon John has to not only survive the effects of his disease but also survive his memories Whenever he remembers something from his past the reader journeys to a place few would dare to go The haunting memories of his evil mother Roberta both entices the reader and delivers a realm of shocking entertainment Each time John ventures back into the past the reader learns more information about his forgotten childhood As the book travels onward new mysteries and dilemmas come into play Darren and Sharon find themselves battling many troubles of their own which have been unfairly cast upon them A relentless detective becomes involved in their lives His suspicious demeanor and troubling questions causes Darren and Sharon to learn more from their ailing father The answers they need to find are both disturbing and threatening By the books end it is a race to uncover John s hidden memories to save his family from a destructive future This story has so much more to it and is captivating from beginning to end The characters are real and believable growing and changing by the book s end Much of the story is played out in superb dialogue making the pages turn fast Dramatic and descriptive scenes help bring this mysterious story alive Pick it up today and be delighted by the many plot twists and turns

Photography, Memory, and Refugee Identity Lynda Mannik,2013-04-20 On 13 December 1948 a small ship carrying 347 Estonian refugees fleeing Soviet rule arrived at Pier 21 in Halifax In *Photography Memory and Refugee Identity* anthropologist Lynda Mannik analyzes the refugee experience through the photographic record of those who made that harrowing voyage across the Atlantic more than sixty years ago Drawing on a collection of photographs taken during the voyage and at the Pier 21 detention centre Mannik asks surviving passengers to describe their migration their reception in Canada and their feelings about the terms refugee and boat person She explores to what extent the photos reflect the passengers experiences as they remember them and how those experiences compare with representations of refugees in news media in government rhetoric and at the Pier 21 Museum in Halifax Ultimately Mannik demonstrates that the photographs in the SS Walnut collection bear witness to the refugee experience even as the meanings attached to them have changed over time and in shifting contexts
