to keep her feckless husband on his toes while ensuring the perfect management not just of her own household but also of that of her married daughters and sons Since mothers in law have always been misunderstood and no one has ever taken up their side of the argument properly Jane is determined to set the record straight and plead the cause of the most maligned race on the face of the earth

Living in Death's Shadow Emily K. Abel, 2017-02-28 Challenging assumptions about caregiving for those dying of chronic illness What is it like to live with and love someone whose death while delayed is nevertheless foretold In *Living in Death's Shadow* Emily K Abel an expert on the history of death and dying examines memoirs written between 1965 and 2014 by family members of people who died from chronic disease In earlier eras death generally occurred quickly from acute illnesses but as chronic disease became the major cause of mortality many people continued to live with terminal diagnoses for months and even years Illuminating the excruciatingly painful experience of coping with a family member's extended fatal illness Abel analyzes the political personal cultural and medical dimensions of these struggles The book focuses on three significant developments that transformed the experiences of those dying and their intimates the passage of Medicare and Medicaid the growing use of high tech treatments at the end of life and the rise of a movement to humanize the care of dying people It questions the exalted value placed on acceptance of mortality as well as the notion that it is always better to die at home than in an institution Ultimately *Living in Death's Shadow* emphasizes the need to shift attention from the drama of death to the entire course of a serious chronic disease The chapters follow a common narrative of life threatening disease learning the diagnosis deciding whether to enroll in a clinical trial acknowledging or struggling against the limits of medicine receiving care at home and in a hospital or nursing home and obtaining palliative and hospice care *Living in Death's Shadow* is essential reading for everyone seeking to understand what it means to live with someone suffering from a chronic fatal condition including cancer AIDS Alzheimer's and heart disease
