Looking At Iran:

Iran Looking East Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran's Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005-2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran's Look East 2020 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU

Congress. Senate. Committee on Governmental Affairs. Subcommittee on International Security, Proliferation, and Federal Services,2001 **Iran and China** Shirzad Azad,2017-02-09 Because of their historical roles and politico economic significance in contemporary international politics Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world Crucial interactions touching upon any aspect of Tehran Beijing ties from diplomatic and military links to economic and cultural connections have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments sensational claims and impetuous conclusions But a detached probe into critical developments involving Iran and China however elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear cut commitments nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well conceived objectives in long run In the same way the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership **Through the Looking Glass** Anu Sharma,2020 *A Social History of Iranian Cinema, Volume 4* Hamid Naficy,2011 In the fourth and final volume of A History of Iranian Cinema Hamid Naficy looks at the extraordinary efflorescence in Iranian film and other visual media since the Islamic Revolution **Iran's Foreign Policy in the Post-Soviet Era** Shireen T. Hunter,2010-05-20 A comprehensive exploration of postrevolution Iranian foreign policy analyzes the country s relations with key nations and regions and the impact of both Iran s domestic situation and the developing global system Iran s Foreign Policy in the Post Soviet Era Resisting the New International Order provides the first truly comprehensive in depth survey of Iranian foreign policy issue by issue and country by country since the Islamic Revolution To help readers understand both the what and the why of Iran s role in the world and formulate useful responses to that role the author provides a detailed analysis of Iranian foreign policy in all its dimensions The first part of the book places Iranian actions particularly its relations with the United States and other key players within the context of the emerging international system while also showing how domestic developments impact foreign policy The second part surveys Iranian relations with specific actors notably the United States and Russia and with key regions including Europe Central Asia the Arab world Latin America and Africa Providing an antidote to existing preconceptions this incisive analysis lays an analytically sound basis for shaping policies toward Iran policies with potentially high payoff in terms of regional security and stability **Iran** Patricia L. Jahanbegloo,2011-12-30 In this timely informative edited volume major Iranian scholars and civic actors address some of the

most pressing questions about Iranian civil society and the process of democratization in Iran. They describe the role of Iranian civil society in the process of transition to democracy in Iran and offer insight about the enduring legacy of previous social and political movements starting with the Constitutional Revolution of 1906 in the struggle for democracy in Iran. Each contributor looks at different aspects of Iranian civil society to address the complex nature of the political order in Iran and the possibilities for secularization and democratization of the Iranian government. Various contributors analyze the impact of religion on prevailing democratic thought, discussing reformist religious movements and thinkers and the demands of religious minorities. Others provide insight into the democratic implications of recent Iranian women's rights movements, call for secularism within government, and the pressure placed on the existing theocracy by the working class. The contributors address these and related issues in all their richness and complexity and offer a set of discussions that is both accessible and illuminating for the reader.

Russians in Iran Rudi Matthee, Elena Andreeva, 2018-01-25 *Russians in Iran* seeks to challenge the traditional narrative regarding Russian involvement in Iran and to show that whilst Russia's historical involvement in Iran is longstanding, it is nonetheless much misunderstood. Russia's influence in Iran between 1800 and the middle of the twentieth century is not simply a story of inexorable intrusion and domination; rather, it is a complex and interactive process of mostly indirect control and constructive engagement. Drawing on fresh archival material, the contributors provide a window into the power and influence wielded in Iran not just by the Russian government through its traditional representatives but by Russian nationals operating in Iran in a variety of capacities, including individuals, bankers, and entrepreneurs. *Russians in Iran* reveals the multifaceted role that Russians have played in Iranian history and provides an original and important contribution to the history and international relations of Iran, Russia, and the Middle East.

Imprisoned in Iran Dan Baumann, 2001 *God's love is stronger than fear*. This book chronicles Dan Bauman's experience in Iran in 1997 when he was wrongfully accused of espionage and thrown into the most infamous high security prison in Iran. Imprisonment in Iran, the threat of execution, and God's hand moving in the lives of the guards make this a thrilling addition to the International Adventures series.

The New Wave Cinema in Iran Parviz Jahed, 2022-06-02 *The New Wave Cinema in Iran* is a historical and analytical study of the Iranian New Wave Cinema. Mowj-e No as an artistic and intellectual movement that came to its best early productions between 1958 and 1978. As the movement has a long history, Parviz Jahed focuses on the development and the early progression of the movement in the 1960s and explores its emergence and development in the context of the cultural and social conditions of Iran during this period. Jahed first defines the term New Wave in Iran's film culture in order to identify the root elements that gave traction to this movement. He analyses the degree to which different elements and factors have contributed to the formation of this cinema, accounting for the different approaches of Iranian intellectual filmmakers towards modernity and a modern form of cinema in Iran. The book finishes by studying the works of three intellectual figures and influential filmmakers of the 1960s: Ebrahim Golestan, Farrokh Ghaffari, and Feraydoon Rahnama, who are arguably

considered the forerunners of the New Wave Cinema in Iran Iran's Quiet Revolution Ali Mirsepassi, 2019-08-29 A new perspective on Iranian politics and culture in the 1960s 1970s documenting the Westoxification discourses adopted by the Pahlavi State
