Holy Living: Confession Paul W. Chilcote, 2020-02-18 While physical training has some value, training in holy living is useful for everything. It has promise for this life now and the life to come. 1 Timothy 4:8 Christians crave a deeper, more intimate relationship with God. Spiritual disciplines are activities and practices that guide you in your daily walk through life, bringing you closer to Christ. They also help you to make a difference in our world. Practicing these spiritual disciplines opens you to God's transforming love and help you experience Holy Living. Confession may be good for the soul, as the saying goes, but most people give little thought to its practice at least on a daily basis. Like prayer, a person's needs tend to trigger a confessional response. As a result, we often have a limited understanding of the true nature of the practice. Confession is so much more than a call to apologize; though that is an integral part, Confession is fundamentally relational, providing the opportunity to experience a much fuller relationship with God. This book provides opportunities both to examine and to practice the many forms that confession takes. It begins by looking at our confession of faith, not sins, and what we affirm about the nature and purposes of God. From there, it moves to exploration and practices of individual confession, mutual confession, and worship, which provides one of the most significant contexts for the people of God to confess their sin before God and one another. This is one of a series of eight books. Each book in this series introduces a spiritual practice, suggests ways of living the practice daily, and provides opportunities to grow personally and in a faith community with others who engage with the practice. Each book consists of an introduction and four chapters and includes questions for personal reflection and group discussion. Other disciplines studied: Celebration, Discernment, Neighboring, Simplicity, Study, and Worship.

Repentance in Christian Theology Mark J. Boda, Gordon T. Smith, 2006 This volume is a major resource for the interpretation, theology, and practice of communal and individual penitence. It gives teachers, preachers, and serious students of theology an exhaustive source of information and inspiration for renewing the initial call of Jesus to Repent and believe in the Gospel. Mark 1:15

Cross-Examined: Catholic Responses to the World's Questions Fr. Carter Griffin, 2021-08-16 While social norms and political movements are rapidly changing the truth of the Catholic faith stands firm In **Cross Examined Catholic Responses to the World's Questions** readers are equipped to address even the most sensitive topics from the existence of God to the existence of hell from women's ordination to Marian devotion from assisted suicide to transgenderism In **Cross Examined** Fr Carter Griffin begins each discussion not with Catholic teaching but rather with its most common objections Articulating these objections serves several purposes First it helps Catholics to respect those who do not share their beliefs by identifying intelligent grounds for disagreement Pointing out objections also helps believers respond more persuasively in discussions with non Catholic friends Perhaps most importantly knowing the common objects instills confidence that the Church is committed to the truth and unafraid to engage with those who dispute her teaching After identifying principal objections each discussion continues with a brief summary of relevant Catholic teaching and then responds to each objection in turn In our shrill age that seems ever less capable of rational discourse the method used in **Cross Examined** can offer a way to remain faithful to our beliefs while acknowledging respecting and responding to alternative points of view

Morrow, 2016-11-04

Confession reached its peak attendance in the early 1950s but by the end of the Second Vatican Council the popularity of the sacrament plummeted While this decline is often noted by historians theologians priests and laity alike all eager to provide possible explanations little attention has been paid to another dramatic shift Coincident with the decreasing popularity of the sacrament of penance in the United States were changes to non sacramental penitential practices including Lenten fasting Ember Days and the year round Friday meat abstinence American Catholics sometimes

derisively called Fisheaters had assiduously observed Friday abstinence regardless of ethnicity or geographic location

Reasons to Believe Scott Hahn, 2007-05-08 This book unravels mysteries corrects misunderstandings and offers thoughtful straightforward responses to common objections about the Catholic faith Bestselling author Scott Hahn a convert to Catholicism has experienced the doubts that so often drive discussions about God and the Church In the years before his conversion he was first a nonbeliever and then an anti Catholic clergyman In REASONS TO BELIEVE he explains the how and why of the Catholic faith drawing from Scripture his own struggles and those of other converts as well as from everyday life and even natural science Hahn shows that reason and revelation nature and the supernatural are not opposed to one another rather they offer complementary evidence that God exists But He doesn't merely exist He is someone and He has a personality a personal style that is discernible and knowable Hahn leads readers to see that God created the universe with a purpose and a form a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope through a telescope or through our contact lenses At the heart of the book is Hahn's examination of the ten keys to the kingdom the characteristics of the Church clearly evident in the Scriptures As the story of creation discloses the world is a house that has a Father a palace where the king is really present God created the cosmos to be a kingdom and that kingdom is the universal Church fully revealed by Jesus Christ
