Lord Byron's Strength Romantic Writing And Commercial Society:

Lord Byron's Strength Jerome Christensen, 1993 This text examines Byron's lordship his singularity as a literary success and as one of the great British aristocratic poets Drawing on contemporary literary political and social theory this study of Byron also re-examines the romanticism of Coleridge Wordsworth Scott Hazlitt and Shelley *Byron's Romantic Celebrity* T. Mole, 2007-07-31 This book offers a new history and theory of modern celebrity It argues that celebrity is a cultural apparatus that emerged in response to the Romantic industrialization of print and culture It investigates the often strained interactions of artistic endeavour and commercial enterprise and the place of celebrity culture in history of the self

Romantic Writing and the Empire of Signs Karen Fang, 2010-02-02 Nineteenth century periodicals frequently compared themselves to the imperial powers then dissecting the globe and this interest in imperialism can be seen in the exotic motifs that surfaced in works by such late Romantic authors as John Keats Charles Lamb James Hogg Letitia Landon and Lord Byron Karen Fang explores the collaboration of these authors with periodical magazines to show how an interdependent relationship between these visual themes and rhetorical style enabled these authors to model their writing on the imperial project Fang argues that in the decades after Waterloo late Romantic authors used imperial culture to capitalize on the contemporary explosion of periodical magazines This proliferation of post Napoleonic writing often referencing exotic locales both revises longstanding notions about literary orientalism and reveals a remarkable synthesis of Romantic idealism with contemporary cultural materialism that heretofore has not been explored Indeed in interlocking case studies that span the reach of British conquest ranging from Greece China and Egypt to Italy and Tahiti Fang challenges a major convention of periodical publication While periodicals are usually thought to be defined by time this account of the geographic attention exerted by late Romantic authors shows them to be equally concerned with space With its exploration of magazines and imperialism as a context for Romantic writing culture and aesthetics this book will appeal not only to scholars of book history and reading cultures but also to those of nineteenth century British writing and history *Byron, Poetics and History* Jane Stabler, 2002-12-05 Jane Stabler offers the first full scale examination of Byron's poetic form in relation to historical debates of his time Responding to recent studies of publishing and audiences in the Romantic period Stabler argues that Byron's poetics developed in response to contemporary cultural history and his reception by the English reading public Drawing on extensive new archive research into Byron's correspondence and reading Stabler traces the complexity of the intertextual dialogues that run through his work For example Stabler analyses Don Juan alongside Galignani's Messenger Byron's principal source of news about British politics while in Italy and refers to hitherto unpublished letters between Byron's publishers and his friends to reveal a powerful impulse among his contemporaries to direct his controversial poetic style to their own conflicting political ends This fascinating study will be of interest to Byronists and more broadly to scholars of Romanticism in general Manly Leaders in Nineteenth-Century British Literature Daniela Garofalo, 2009-01-01 From the

1790s to the 1840s the fear that Britain had become too effeminate to protect itself against the anarchic forces unleashed by the French Revolution produced in many British writers of the period a desire to portray strong leaders who could control the democratic and commercial forces of modernization While it is commonplace in Romantic studies to emphasize that Romantic writers are interested in the solitary genius or hero who separates himself from the community to pursue his own creative visions Daniela Garofalo argues instead that Romantic and early Victorian writers are interested in charismatic males military heroes tyrants kings and captains of industry who organize modern political and economic communities sometimes by example and sometimes by direct engagement Reading works by William Godwin William Wordsworth Jane Austen Lord Byron William Hazlitt Thomas Carlyle and Charlotte Bront Garofalo shows how these leaders endowed with an inherent virility rather than simply inherited rank legitimize hierarchy anew for an age suffering from a crisis of authority

Romanticism and Celebrity Culture, 1750-1850 Tom Mole, 2009-05-14 An interdisciplinary collection of essays exploring how our modern idea of celebrity was created in the 18th and 19th centuries [Palgrave Advances in Byron Studies](#) J. Oliver, 2015-12-04 Scott Byron and the Poetics of Cultural Encounter is an innovative study of Scott's and Byron's poetical engagement with borders actual and metaphorical and the people living on and around them The author discusses Scott's edited collection of Border Ballads Minstrelsy of the Scottish Border and his narrative poetry and Byron's Childe Harold's Pilgrimage cantos 1 and 2 his Eastern Tales and his late utopian South Sea poem The Island This fascinating study provides a detailed exegesis of the importance of borders to these leading poets and the public

during the early years of the Nineteenth Century with an emphasis on reciprocal literary influences and on attitudes towards cultural instability
