Margot Asquith An Autobiography Part Two:

Party Politics: Volume 2 Ivor Jennings, 2010-02-25 An historical analysis of the nature growth and activity of organised political parties in England from the Civil War to the general election of 1959 *The Bookman*, 1923 **Margot Asquith's Great War Diary 1914-1916** Michael Brock, Eleanor Brock, 2014-06-26 Margot Asquith was the wife of Herbert Henry Asquith the Liberal Prime Minister who led Britain into war in August 1914 Asquith's early war leadership drew praise from all quarters but in December 1916 he was forced from office in a palace coup and replaced by Lloyd George whose career he had done so much to promote Margot had both the literary gifts and the vantage point to create in her diary of these years a compelling record of her husband's fall from grace An intellectual socialite with the airs if not the lineage of an aristocrat Margot was both a spectator and a participant in the events she describes and in public affairs could be an ally or an embarrassment sometimes both Her diary vividly evokes the wartime milieu as experienced in 10 Downing Street and describes the great political battles that lay behind the warfare on the Western Front in which Asquith would himself lose his eldest son The writing teems with character sketches including Lloyd George a natural adventurer who may make or mar himself any day Churchill Winston's vanity is septic and Kitchener a man brutal by nature and by pose Never previously published this candid witty and worldly diary gives us a unique insider's view of the centre of power and an introduction by Michael Brock in addition to explanatory footnotes and appendices written with his wife Eleanor provide the context and background information we need to appreciate them to the full **The History of the University of Oxford: pt.2.**

Nineteenth-century Oxford, 1984 Margot Asquith, an Autobiography Margot Asquith, 2018-07-31 **Margot Asquith, an Autobiography** Margot Asquith, 1920 **Churchill as Home Secretary** Charles Stephenson, 2023-02-22 There can be few statesmen whose lives and careers have received as much investigation and literary attention as Winston Churchill Relatively little however has appeared which deals specifically or holistically with his first senior ministerial role that of Secretary of State for the Home Office This may be due to the fact that of the three Great Offices of State which he was to occupy over the course of his long political life his tenure as Home Secretary was the briefest The Liberal Government of which he was a senior figure had been elected in 1906 to put in place social and political reform Though Churchill was at the forefront of these matters his responsibility for domestic affairs led to him facing other major challenges departmentally this was a time of substantial commotion on the social front with widespread industrial and civil strife Even given that Home Secretaries never do have an easy time his period in office was thus marked by a huge degree of political and social turbulence The terms Tonyandy and Peter the Painter perhaps spring most readily to mind Rather less known is his involvement in one of the burning issues of the time female suffrage and his portrayal as the prisoners friend in terms of penal reform Aged 33 on appointment and the youngest Home Secretary since 1830 he became empowered to wield the considerable executive authority inherent in the role of one of His Majesty's Principal Secretaries of State and he certainly

did not shrink from doing so There were of course commensurate responsibilities and how he shouldered them is worth examination

The Liberal Mind 1914-29 Michael Bentley, 2007-07-12 This study is an exercise in the history of political perception and opinion It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves By concentrating on what Liberal politicians said to one another and to their audience public and private a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914 The coming of the First World War was a critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal mind was the greatest single obstacle in the way of a Liberal revival

When Winter Comes To Main Street Grant Overton, 1922 **The Classical World**, 1928 The Classical Weekly, 1928 **Public Opinion**, 1920 **Young Titan** Michael Shelden, 2013-03-12 An account of the World War II prime minister's early career covers his contributions to building a modern navy his experimentations with radical social reforms and his lesser known romantic pursuits

The Writer's Digest, 1921 **Portrait of a Muse** Gailey Andrew, 2020-10-27 The first biography of Frances Graham the muse of leading Pre Raphaelite painter Edward Burne Jones for the last 25 years of his life In a discreet subtle human way her life is a study in power artistic social political familial local and all the more fascinating for being played out from a perennial position of weakness The Portrait of a Muse is the tale of a remarkable woman living in an age on the cusp of modernity 75 illustrations

British Books, 1920 The Last Lion: Volume 1 William Manchester, 2012-11-06 The first volume in William Manchester's masterful magnum opus account of Winston Churchill's life The Last Lion Visions of Glory follows the first fifty eight years of Churchill's life the years that mold him into the man who will become one of the most influential politicians of the twentieth century In this the first volume Manchester follows Churchill from his birth to 1932 when he began to warn against the re militarization of Germany Born of an American mother and the gifted but unstable son of a duke his childhood was one of wretched neglect He sought glory on the battlefields of Cuba Sudan India South Africa and the trenches of France In Parliament he was the prime force behind the creation of Iraq and Jordan laid the groundwork for the birth of Israel and negotiated the independence of the Irish Free State Yet as Chancellor of the Exchequer he plunged England into economic crisis and his fruitless attempt to suppress Gandhi's quest for Indian independence brought political chaos to Britain Throughout Churchill learned the lessons that would prepare him for the storm to come and as the 1930's began he readied himself for the coming battle against Nazism an evil the world had never before seen

The King is Dead, Long Live the King! Martin Williams, 2023-04-13 A Country Life Best Book of the Year 2023 The Times Book of the Week I could read Martin Williams all day He is a staggeringly communicative historian this book throws shafts of light on recent history almost repeating itself giving vivid glimpses into monarchy and the way things were and are Compulsory reading Dame Joanna Lumley A social historian and gifted storyteller Williams is by turns moved and amused as he reflects on the poignancy and

rituals of a nation united pretty much in grief The Times adroitly written told by Williams so skilfully and with such silken prose that it s a pleasure to spend the time inside his head The Oldie delightful details to rekindle this vanished epoch Country Life Vivid panoramic skilfully written this gripping book is an insight into a time and an age Kate Williams Martin Williams has written a fascinating and absorbing account of the Edwardian era the demise and funeral of the King and the iconic Black Ascot that followed it He has brought a lost age grippingly to light Hugo Vickers witty informative and immensely readable captures the spirit of the times Miranda Seymour A tour de force Dr Kate Strasdin We tend to think that Cecil Beaton single handedly invented the Edwardian Age Martin Williams shows us succinctly and elegantly that perhaps it was the King himself Nicky Haslam moves with unflagging wit and style A fresh perspective on a brilliant life and a lost era beautifully evoked it is impossible not to be swept away by this gem of a book Pure pleasure Robin Muir a must have a wonderful and thought provoking read The Historian a book about a changed and changing world trying to cope with even more change beautifully written and timely The Catholic Herald resonates powerfully with our own recent experience of collective mourning Williams describes the king s gradual demise in evocative detail Air Mail Unforgettable as it was the public response to the death of Queen Elizabeth II in September 2022 was not without precedent When her great grandfather King Edward VII glamorous cosmopolitan and extraordinarily popular died in May 1910 the political social and cultural anxieties of a nation in turmoil were temporarily set aside during a summer of intense and ritualised mourning In The King is Dead Long Live the King Martin Williams charts a period of tension and transition as one era slipped away and another took shape Witnessed by a diverse but interconnected cast of characters crowned heads and Cabinet ministers debutantes and suffragettes artists and murderers here is the swansong of Edwardian Britain Set against a backdrop of bereavement and parliamentary crisis overshadowed by the gathering clouds of war we see a people caught between past and future tradition and modernity as they unite to bid farewell to a much loved monarch who had personified his age From Buckingham Palace to Bloomsbury and from the lying in state in Westminster Hall to a now legendary Royal Ascot enveloped in black this is a vivid evocation of a world on the brink of seismic upheaval The Publishers' Circular and Booksellers' Record ,1925 **Party Politics** Sir Ivor Jennings,1961
